RUSTIC REFINED

ROMANTIC TIMELESS NATURAL

Ever wanted to live in a Tuscan villa or a ranch set in the heart of the Arizona desert? Create that feeling by choosing a down-to-earth palette inspired by sunbaked adobe, Italian stucco and sandstone. Choose brighter tones for optimistic appeal or add romance by combining warm tones of umber, copper and earthen clay.

COORDINATE

YOUR COLOR TRANSITIONS

Great design reflects your personality and taste. But sometimes you want a sense of tranquility and other times, more drama. Using the tips listed below, the coordinating colors in this palette allow you to change the mood and feel but still achieve a unified look. Go bold, strike a balance or be subtle. That's the beauty of using a perfectly chosen palette throughout your home.

"The sky is the soul of all scenery. It makes the earth lovely at sunrise and splendid at sunset. In the one it breathes over the earth a crystal-like ether, in the other a liquid gold."

Thomas Cole (painter, born 1801)

BOLD

If a life without drama leaves you wanting, seek no further. This look makes a striking statement instantly. By combining bolder shades with their more neutral counterparts, you can effortlessly create a space high on impact.

Colors we used:*

Anjou Pear
Brandywine
Homestead Brown

DON'T BE AFRAID TO USE DARK COLORS
Dark rooms and walls enhance all the other colors in the space. You'll be surprised with the results. You can achieve the same effect by adding dark or bold accessories around the room.

BALANCED

A balanced look is inviting. It accommodates different moods and tastes. Start with a couple of neutral shades that will serve as your base. Pepper with bolder accent colors for a lively surge of intensity. Once you've nailed down what works in one room, maintain the balance throughout.

Colors we used:*

Cascade Green
Independent Gold
Smokey Topaz

REINVENT YOUR FURNITURE
Try painting furniture to tie a color scheme together from room to room, or paint the inside of a bookcase, armoire, or buffet a dark color. Make sure the surface is paintable and follow proper surface prep techniques before tackling such a project.

SUBTLE

Do you view your home—or certain rooms within it—as your sanctuary? Tranquility is right at hand when you stick to shades that are similar in tone and saturation. Apply to walls, trim and ceilings for a soothing yet sophisticated look, inviting a sense of relaxation.

Colors we used:*

White Raisin
Outerbanks
Copen Blue

RETHINK WHITE CEILINGS
Most of us tend to paint the ceiling white. Believe it or not, painting your ceiling a shade or two lighter or the same color as your walls makes the space feel more expansive. Try it out.
