

# Small Wall®

## Features & Benefits

### WHY Small Wall®

#### Best Color Accuracy

- 10X the color accuracy of manufacturers digital paint chips
- 2X the color accuracy of foam board & poster board

#### Take The Fear & Guesswork Out Of Sampling Color

- Re-positionable adhesive back
- Preview color on every wall with out the mess
- View color in different lighting & in the context of other colors

#### Save Time & Money

- No need to prime over & sand down your walls
- No flashing

#### Small Wall® Is GREEN

- Just like a wall, Small Wall® can be painted on multiple times
- Don't discard into the environment — paint it over again
