Plus with more than 3,900 stores and 2,200 sales representatives across North America, personal service and expert advice is always available near you. Find out more about Sherwin-Williams Traffic Marking Paint at your nearest Sherwin-Williams store, or to have a sales representative contact you, call 800-524-5979.

For Traffic Marking Solutions, just ask.
SHERWIN-WILLIAMS IS YOUR DIRECT LINE TO TRAFFIC MARKING SOLUTIONS

When it comes to traffic marking, Sherwin-Williams is your complete source. Whether you need line striping equipment and supplies, or are looking for high-quality paints, Sherwin-Williams can help. Whether you’re striping the parking areas of a shopping center, recreation facility, office park or apartment community, you can count on Sherwin-Williams to provide the traffic marking solution for any project.

**ACCOMMODATED USES**
- Car parks
- Crosswalks
- Limited Marcia/Permit
- Commercial/Construction
- Photo Maintenance

*Do not use paint on large areas subject to pedestrian traffic which could become slippery when wet, such as ramps, floors and stairs.

**SOLVENT-BASED PAINTS**

Sherwin-Williams offers a wide range of durable, high-quality traffic marking paints. Whether you need fast-drying paints or require longer drying times, Sherwin-Williams has the quality line you need for any project. Sherwin-Williams’ fast-drying properties, the solvent-based marking paint, boasts excellent chemical and dirt resistance. Available in convenient one-gallon and five-gallon containers, it has exceptional adhesion to concrete and asphalt surfaces. Pro-Park is the perfect solution for marking high-traffic areas where safety demands highly visible lines such as in warehouses and factories. Sherwin-Williams’ line of products can be used on a broader range of ambient conditions. This waterborne product line is ideal for high-traffic areas and night striping applications.

**PRO-PARK® WATERBORNE PAINTS**

Hotline provides a very fast-drying formulation to cure more consistently over a broader range of ambient conditions. This waterborne product line is ideal for high-traffic areas and night striping applications.

**HOTLINE® WATERBORNE PAINTS**

Waterborne paints are quick-drying formulations, can cure even in extremely hot or cooler conditions, and offer an economical solution for emergencies or striping projects. Lightweight, they can be used on dry, dusty, and hot surfaces, preventing gradual wear and blackening. Sherliners Striping paints are available in a variety of products. Sherwin-Williams Solvent-Based Acrylic Traffic Marking Paints offers a fast dry time, easy application, and great uses include parking lots, road surfaces, school grounds, property management jobs and construction sites. Use this fast-drying product to lessen downtime on job sites.

**SHEROIN® STRIPING PAINT**

Sherwin-Williams’ line of products can be used on a broader range of ambient conditions. This waterborne product line is ideal for high-traffic areas and night striping applications.

**AVAILABLE COLORS**

- White
- Red
- Black

**Product Features:**
- Long-lasting, durable, crisp lines
- One coat coverage
- Fast dry formula

**SHEROIN® STRIPING MACHINE**

- 50’ wheels
- Excellent maneuverability on uneven surfaces
- Compact, easy storage
- Holds two cases of product

In addition to the products listed, there are additional solvent-based selections available. Please ask your sales representative or local store for more information.
