PROSHOT[®] FineFinish with ProSpray Technology

The **NEW** ProShot Fine Finish cordless sprayer is designed specifically for small fine finish projects. This sprayer features a ProControl™ Pressure Control System that allows you to optimize pressure setting for spraying a full range of fine finish materials – from stains to lacquers to enamels. Innovative design features make this a unique sprayer that is fully compatible with solvent-based materials including “hot” solvents.

ProControl System

Allows for independent adjustment of pressure and flow rate to optimize spraying for each tip, material and application resulting in unmatched results.

Pressure Control Knob

Allows user to optimize pressure setting.

- ▶ Reduce pressure for smaller tips and lighter weight materials
- ▶ Increase pressure for larger tips and heavier materials

Hi/Lo Switch

Allows user to change the motor speed, changing flow rate.

- ▶ **I = “Lo” Setting** – Reduces the motor speed for lower flow – ideal for detailed work
- ▶ **II = “Hi” Setting** – Increases the motor speed for higher flow – ideal for high production spraying

24 oz [.70 L] Multi-Spray Cup with Flexible Suction Tube

- ▶ Quickly and easily adjust the angle of the suction tube for multi-directional spraying – no need to change suction tubes
- ▶ Disposable cup liners for fast and easy clean-up
- ▶ Includes a cover for paint storage or quick “shake” clean-up
- ▶ Same thread as current handheld cups – allowing for use of current 32 and 48 oz cup sizes for larger fine finish projects

Cordless Sprayer Storage Case

- ▶ Extra room for tips, rags, filters and paint supplies
- ▶ Convenient carrying from job-to-job
- ▶ Durable all-in-one storage case protects all components inside

Lightweight, Compact Design

- ▶ 25% lighter than ProShot
- ▶ Smaller, compact design is ideal for fine finish applications
- ▶ Allows user to spray tight areas with ease
