CREATE A WRITEABLE, ERASABLE SURFACE WITH DRY ERASE COATING!

Introducing Dry Erase Coating from Sherwin-Williams — the latest innovation in dry erase technology! Dry Erase Coating’s clear gloss finish allows you to turn any wall into a dry erase board without sacrificing the wall’s original color. Unlike traditional white dry erase coatings, Dry Erase Coating is crystal clear and won’t change the room’s aesthetics. Our ground-breaking technology makes heavy, clunky physical whiteboards a thing of the past. With professional application, Dry Erase Coating provides a long-lasting, durable clear finish for years of great performance.

And with Dry Erase Coating, there is no ghosting, shadowing, or difficulty removing marks made by dry erase markers — just wipe with a dry erase eraser or soft cloth for effortless removal!

DRY ERASE COATING CAN BE USED ANYWHERE!

CONFERENCE ROOMS
Get that creative brainstorm going and encourage group participation with the ability to sketch a vision right on the wall.

SCHOOLS
Dry Erase Coating provides easy cleanup compared to traditional chalkboards and whiteboards, and the writing space is limited only by the size of the wall.

PLAYROOMS
Let imagination run free with a dry erase space for creative expression.

DRY ERASE COATING HAS THE CLEAR ADVANTAGE.

Once applied, Dry Erase Coating dries to a smooth, clear gloss surface that is non-yellowing and ideal for use in any commercial, educational or residential space.

PRODUCT CERTIFIED FOR LOW CHEMICAL EMISSIONS
UL.COM/GG
UL 2818

Dry Erase Coating is a great choice compared to traditional white dry erase boards and markers.

Transparent coating allows you to keep the color you really want, providing maximum versatility and functionality that works with the established aesthetics of the room.

Simple to paint over — just lightly sand the wall, apply quality primer, and apply your new topcoat to the surface.

Two-component system is designed for professional application only, applying with brush or roller and cleaning up easily with water.

Provides excellent durability and won’t crack, peel, fade or lose its finish over time.

Dry Erase Coating is great for use in schools, offices, homes and more.

Dries to the touch in 4–6 hours and cures in just 7 days for use with any standard dry erase marker.

UL 2818

Comes in a variety of settings, including schools, offices and homes.

Transforms virtually any interior substrate of any color into a great dry erase surface.

With no ghosting or shadowing, Dry Erase Coating is a great choice compared to traditional white dry erase boards and markers.
