

LOXON[®]

EXTERIOR CONCRETE & MASONRY SOLUTIONS

FROM SURFACE CONDITIONERS TO PRIMERS TO FINISHES AND CLEAR WATER REPELLANTS, LOXON PROVIDES PERFORMANCE AND PRODUCTIVITY.

THE PROFESSIONAL'S CHOICE FOR A HIGH-PERFORMANCE COATING SYSTEM ON EXTERIOR ABOVE-GRADE MASONRY SURFACES.

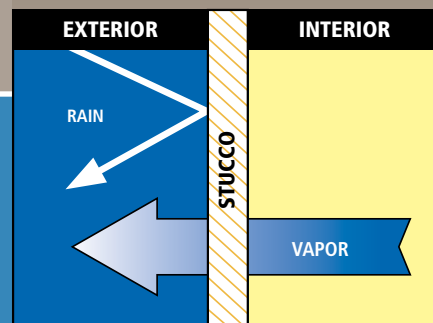

LOXON offers a full line of exterior concrete and masonry solutions, including Exterior Masonry Conditioner, Block Surfer, Acrylic Primer, High Build Coatings and Water Repellants. LOXON's elastic formula helps bridge hairline cracking and can be applied on hot (green or fresh) concrete, stucco and block surfaces with a pH of up to 13 — with no resulting efflorescence problems. LOXON maintains its integrity and the beauty of its original appearance, color and sheen despite hot, humid and damp conditions. In addition, LOXON's unique system allows the coating to resist wind-driven rain, providing a protective shield against moisture and resisting mildew. Count on LOXON to produce a beautiful and lasting finish every time.

IDEAL FOR:

- High-rise condos
- Commercial buildings
- Hospitality and healthcare facilities
- Institutional facilities
- Multi-family units
- Single-family homes

LOXON KEY BENEFITS

- Specially formulated to protect masonry and concrete — perfect for new construction and repaints
- Resists high alkalinity, efflorescence, chalking and fading
- Withstands extreme sun, rain, heat, humidity and salt air
- Elastic to help bridge hairline cracks
- Highly mildew resistant, with a breathable paint film
- Provides an attractive, durable color and sheen

The LOXON system allows the coating to resist wind-driven rain. It also allows the masonry structure to release moisture vapors without interfering with the adhesion and the performance of the coating.

PROVEN PERFORMANCE, TECHNICAL SUPPORT AND LOCAL SERVICE.

With over 3300 stores and 1400 sales representatives across North America, Sherwin-Williams is uniquely positioned to help you on the job from start to finish.
