

PERFORMANCE SERIES FAST-DRY SANDING SEALER

A SMOOTH SURFACE FOR TOPCOATING IN LESS TIME

CREATES A HIGH-BUILD SURFACE FOR FAST SANDING AND A SMOOTHER FINISH

For an extremely smooth finish that builds to partially fill the grain, apply a coat of Minwax® Performance Series Fast-Dry Sanding Sealer between the stain and the varnish. Just 1 hour after application, it sands quickly and easily to

a fine powder, delivering excellent results with minimal time and effort. This sanding sealer builds even faster than two coats of varnish and is more forgiving of application inconsistencies — even if it drips or sags, it quickly sands out.

MINWAX PERFORMANCE SERIES FAST-DRY SANDING SEALER BENEFITS

<ul style="list-style-type: none"> • Quick dry allowing for sealing and varnishing in just one day 	<ul style="list-style-type: none"> • Penetrates and helps seal bare wood for a smoother finish
<ul style="list-style-type: none"> • Helps seal wood grain 	<ul style="list-style-type: none"> • Topcoat in 2 hours with most clear solvent-based alkyd varnishes
<ul style="list-style-type: none"> • Sands fast, easy and effectively in 1 hour 	<ul style="list-style-type: none"> • Optimized to work with oil-based varnishes
