Successful Painting Jobs Start Here.
Super Bonding Performance
Promotes Adhesion to
Hard-to-Paint Surfaces

Create a Super Strong Bond
to some of the
Most Difficult Surfaces
For substrates that require a greater degree of adhesion than our standard primers can offer, Extreme Bond Interior/Exterior Primer is up to the challenge. A high quality, waterborne, acrylic primer designed for coating hard, glossy surfaces with minimal surface preparation. It can be tinted and is compatible with a full range of topcoats.

Key Benefits:

- Promotes adhesion on hard-to-paint surfaces
- Tightly bonds to many glossy surfaces
- Assures uniform appearance of topcoats
- One-coat application
- Fast dry
- Universal, will accept high performance coatings such as epoxies and urethanes
- Assures adhesion of the topcoat to hard-to-stick surfaces
- Sanding may not be necessary for most clean, paintable surfaces
- Has achieved GREENGUARD® GOLD Certification

Use on Interior and Exterior:

- PVC Piping
- Plastics
- Glass
- Wall Laminate
- Glossy Surfaces
- Aluminum
- Kitchen Cabinets
- Fiberglass
- Varnished Woodwork
- Ceramic Wall Tile
- Previously Painted Surfaces
- Glazed Block
- Aged Fluoropolymer Coatings
- Glossy Surfaces
- Aluminum
- Kitchen Cabinets
- Fiberglass

Note: When priming larger exterior pre-finished metal surfaces where maximum adhesion is needed, use DTM Bonding Primer.
