

ULTRACRETE™

TEXTURE COATING

IDEAL FOR ENHANCING TILT-UP SURFACES WITH
A DURABLE, ATTRACTIVE TEXTURED FINISH.

SPRAY-ON FORMULA HIDES MINOR SURFACE IMPERFECTIONS AND IRREGULARITIES.

UltraCrete is the efficient, economical one-coat solution to enhancing properties and reducing maintenance. UltraCrete is available in both waterbased and solventborne formulations to meet the variety of application and regulatory needs. Designed for easy spray application, UltraCrete improves the look of tilt-up buildings with a uniform exterior appearance and long-lasting curb appeal.

Tintable to a wide range of colors, you'll get the color you need quickly and cut scheduling problems. Plus, UltraCrete's good color retention means fewer repaints. That's UltraCrete – ideal for many commercial or institutional masonry structures.

ULTRACRETE TEXTURE COATING KEY BENEFITS

<ul style="list-style-type: none"> Provides an attractive, economical textured finish with a uniform exterior appearance and long-lasting curb appeal. 	<ul style="list-style-type: none"> Ideal for warehouses and distribution centers or any situation with tilt-up construction, CMU or precast panels.
<ul style="list-style-type: none"> Available in both waterbased and solventborne formulations for added application and regulatory flexibility. 	<ul style="list-style-type: none"> Existing textured surfaces can be matched with UltraCrete Texture Coating, making it an efficient solution for building owners.
<ul style="list-style-type: none"> Choose from fine, medium or extra coarse textures in our waterbased finish. The solventborne formula is available in a smooth, fine and medium finish. 	<ul style="list-style-type: none"> Available in a broad range of colors.
