stunning exteriors

**Latitude™ with ClimateFlex Technology™** combines premium performance features with best-in-class, weather-adaptive technology for results that are ideal, even when the weather isn't.

**Best-in-class early moisture resistance**

**Resistant to early dirt pickup**

**Smooth application even in extreme temperatures**

Open your smartphone camera and scan over the code to learn more about the benefits of Latitude™ with ClimateFlex Technology™ Exterior Acrylic Latex. ▶

**Latitude™ with ClimateFlex Technology™ Exterior Acrylic Latex** — Deliver stunning results while keeping projects on track all season long thanks to high-quality performance and weather-adaptive features.

#### Deliver Stunning Results

Durable finish protects against peeling, cracking and dirt pickup in extreme climates — to keep the finish looking fresh.

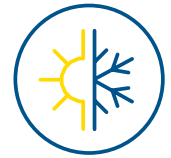

#### Get a Premium Finish in Fewer Coats

Outstanding hide, coverage and block resistance make it easy to achieve a nearly flawless finish.

#### Avoid Weather Delays

Develops early moisture resistance in as little as 30 minutes — so you can paint with confidence even when rain or heavy dew is forecasted.

#### Extend the Painting Season

Applies smoothly even when air, surface and material temperatures are as low as 35°F or as high as 120°F.

**Industry-leading innovation from a name you can trust.** Many hours of field testing, years of research and decades of experience go into developing coatings that are better for your business. Sherwin-Williams has been committed to quality for more than 150 years and has a complete line of extraordinary paints and stains, plus rich, beautiful colors to set your work apart.
