# GLOBAL SPICE

BOLD WORLDLY UNIQUE

This palette is indulgent, exotic and versatile. Rich, saturated jewel tones offer a lush, romantic vibe that is balanced by earthy, warm neutrals. So whether you dream of spice markets in the Orient, handwoven textiles of Latin America, or rocky Mediterranean coastlines, you've got a world of color at your fingertips.

## COORDINATE YOUR COLOR TRANSITIONS

Great design reflects your personality and taste. But sometimes you want a sense of tranquility and other times, more drama. Using the tips listed below, the coordinating colors in this palette allow you to change the mood and feel but still achieve a unified look. Go bold, strike a balance or be subtle. That's the beauty of using a perfectly chosen palette throughout your home.

### BOLD

If a life without drama leaves you wanting, seek no further. This look makes a striking statement instantly. By combining bolder shades with their more neutral counterparts, you can effortlessly create a space high on impact.

Colors we used:\*

Peppery  
Framboise  
Cloudburst

#### DON'T BE AFRAID TO USE DARK COLORS

Dark rooms and walls enhance all the other colors in the space. You'll be surprised with the results. You can achieve the same effect by adding dark or bold accessories around the room.

### BALANCED

A balanced look is inviting. It accommodates different moods and tastes. Start with a couple of neutral shades that will serve as your base. Pepper with bolder accent colors for a lively surge of intensity. Once you've nailed down what works in one room, maintain the balance throughout.

Colors we used:\*

Cavern Clay  
Stonebriar  
Stunning Shade

#### REINVENT YOUR FURNITURE

Try painting furniture to tie a color scheme together from room to room, or paint the inside of a bookcase, armoire, or buffet a dark color. Make sure the surface is paintable and follow proper surface prep techniques before tackling such a project.

### SUBTLE

\*All trim Natural Choice

Do you view your home—or certain rooms within it—as your sanctuary? Tranquility is right at hand when you stick to shades that are similar in tone and saturation. Apply to walls, trim and ceilings for a soothing yet sophisticated look, inviting a sense of relaxation.

Colors we used:\*

Garden Sage  
Whole Wheat  
Loggia

#### RETHINK WHITE CEILINGS

Most of us tend to paint the ceiling white. Believe it or not, painting your ceiling a shade or two lighter or the same color as your walls makes the space feel more expansive. Try it out.
