about the benefits of Scuff Tuff™ Interior Waterbased Enamel. ►

When tested for mar and scratch resistance, Scuff Tuff™ outperforms a leading national competitor.

Scuff Tuff™ Interior Waterbased Enamel

VS

Leading National Competitor

Scuff Tuff™ Interior Waterbased Enamel
delivers a super-durable, scuff-resistant finish
without compromising on appearance.

Provide Advanced Protection for Busy Spaces

With excellent scuff, mar and scratch resistance, this paint stands up to the wear and tear of high-traffic facilities.

Help Customers Save on Maintenance Costs

Even in heavy-use areas that require a lot of cleaning, Scuff Tuff™ maintains its smooth look and feel thanks to outstanding durability, washability and burnish resistance.

Get Excellent Coverage in Fewer Coats

Outstanding hide, outstanding adhesion and smooth application make it easy to get complete coverage and a high-quality finish.

Meet Performance and VOC Standards

Scuff Tuff™ is designed to meet MPI® standards and meets the most stringent VOC regulations with <50 g/L VOCs.

Industry-leading innovation from a name you can trust. Many hours of field testing, years of research and decades of experience go into developing coatings that are better for your business. Sherwin-Williams has been committed to quality for more than 150 years and has a complete line of extraordinary paints and stains, plus rich, beautiful colors to set your work apart.
