# Easily find what you need using this catalog

No matter where you are in the product-selection process.

## Using this catalog

**Click on a listing** in the table of contents to jump directly to that section.

**Click on a product image** to learn more about the product or make a purchase.

### I am looking for a specific product.

Each **product category** is broken into subcategories so you can quickly find what you're looking for.

Or flip to the **index** to find product names listed alphabetically.

### I'm still deciding on the best product to fit my needs.

Helpful **product-selection guides** appear at the beginning of most sections.

They will help you narrow down your choice based on your project specifications and goals.

### The product I'm looking for isn't here.

**The Contractor & Facility Maintenance Catalog** has a wide variety of popular items, but is **not** an exhaustive list of all available products.

Please contact your store or Rep for help locating your specific product.

Visit [sherwin-williams.com/painting-contractors](https://www.sherwin-williams.com/painting-contractors) and sign in to your PRO+ account for your contractor pricing.

Contact your local Rep or store for assistance.

**SHERWIN-WILLIAMS®**

# *The Brand Trusted by PROs*

**Through coatings engineered to exceed expectations and personalized service that's second to none, Sherwin-Williams has become a brand widely trusted by PROs across the globe.**

## **Service that supports your success**

We are proud to have built a team that's passionate about going above and beyond for your business. When you work with Sherwin-Williams, you can count on working with industry experts who are friendly, knowledgeable and ready to tackle your toughest challenges — on every project, every step of the way.

## **Technology that sets your business apart**

Our product development is always rooted in real need. From painters out on the job to business owners around the world, solving the problems of real people guides our innovation efforts. That's why we carry the latest coating innovations and the broadest offering of tools and supplies that deliver professional results and save time and money.

# Quality applicators equal exceptional results.

---

Make sure your hard work pays off. Use our brush and roller guides to select the applicator you need for the results you want.

# Choosing the Right Brush for the Job.

## Match the bristle type to your finish

### Water-based

#### SYNTHETIC

Synthetic filaments are durable and easier to clean for a long-lasting brush.

### Oil-based

#### NATURAL BRISTLE OR SOFTER SYNTHETIC

Bristle is naturally absorbent and provides a smooth finish in oil-based paints.

## Synthetic Filament

Synthetic materials are designed to hold their shape with today's popular latex paints. Many painters prefer a stiffer brush for heavy-bodied water-based paints. Softer brushes are preferred for thinner coatings and oil-based paints.

- **Nylon:** 100% nylon brushes offer extreme durability, even when used on rough or abrasive surfaces.
- **Nylon/Polyester:** These brushes are durable, easy to clean and work well with all types of latex paints.
- **Polyester:** Best for latex paints, they hold their shape and stiffness to apply paint smoothly and evenly.
- **Chinex:** Extremely durable and very easy to clean, even with low VOC coatings.

## Natural Bristle

Made with animal hairs, these brushes are used for applying oil-based paints, varnishes, shellac, polyurethane and other oil-based finishes.

- **Black China:** Strong, coarse bristles that are perfect for oil-based paints and epoxies.
- **White China:** Soft, thin bristles that are great for stain, varnishes, polyurethanes and all clear coatings.
- **Ox Hair/Ox Hair Blend:** Ox hair is extremely fine and soft, creating an exceptional tool for fine finish work.

## Brush & Roller Guide

Check out our Brush & Roller Guide online for more information on choosing the right brush.

[View Here](#)

# Anatomy of a high-quality brush.

A high-quality brush holds more paint and applies more evenly — resulting in a better-looking job with less effort.

## Metal Ferrule

that is nailed (not machine stamped) into a solid wood handle for longevity.

## Flagged Tips

pick up more coating and release smoothly.

## High-Quality Tapered Filaments

of varying lengths provide the ultimate flow of paint to the tip of the brush — for a perfect finish and great productivity.

## Bend Recovery

that allows bristles to spring back, not crimp, when bent at the base.

## Purdy® XL® Series

### TYNEX® NYLON/OREL® POLYESTER BLEND BRUSHES

- Helps restore brush to its original shape
- Keeps excess paint from building up

Sales No. 483-3695

# Choosing the Right Roller for the Job.

A higher-quality roller and cover will pay off in the final look and ease of application.

Knitted

Choose the fabric type based on your stipple preferences and production needs:

## Knitted

When production matters most, choose knitted. Knit fabric holds more paint and covers more area, leaving some stipple.

## Woven

When smooth finish matters most, choose woven. Woven fabric prevents lint while providing an exceptional finish with less stipple.

Woven

# Anatomy of a roller cover.

Choosing a high-quality roller cover results in less spatter, even release and lint-free finish.

### Solid Core

Made of solvent resistant polypropylene, will maintain its shape through many uses.

### Bonded Fibers

Will stay attached to the core instead of ending up on the wall.

Shed resistance is listed on most woven roller cover labels.

## Match the nap to your surface

### Very Smooth

for cabinets, metal doors and plaster

### Smooth

for drywall, walls and ceilings

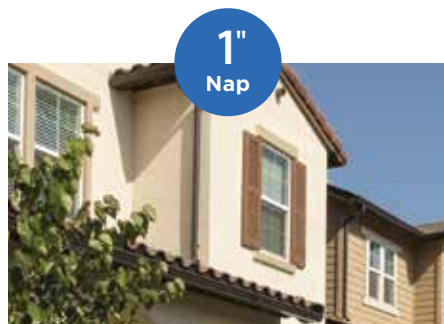

### Semi-Smooth

for drywall, textured walls, decks and concrete

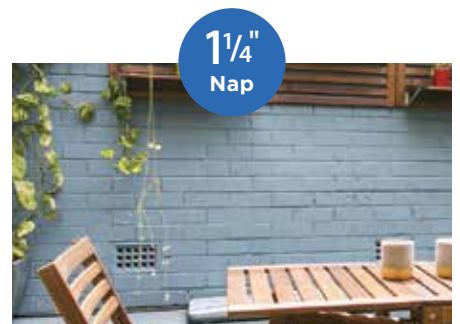

### Semi-Rough

for rough wood, stucco, decks and acoustic tile

### Rough

for textured ceilings and stucco finishes

### Very Rough

for concrete block, brick and fences

## Marathon® Series Knitted High Density Nylon/Polyester Roller Cover

Cubierta de rodillo tejida de nailon/poliéster de alta densidad serie Marathon®

# Tape & Masking

*Cinta y productos para enmascarar*

**Pg 39** Choosing the Right Tape and Masking Products

**Pg 40** Tape

**Pg 43** Masking Film

**Pg 44** Masking Paper

**SHERWIN-WILLIAMS.**

# High-quality masking products reveal the best results.

Whether you need sharp lines and clean removal or super strong adhesion, we offer tape and masking products for easier work and improved results.

# Choosing the Right Tape and Masking Products

Sharp paint lines. Clean removal. Flexibility. Durability. Multiple surfaces. Delicate surfaces. There's a lot that goes into picking a professional painter's tape.

## Types of tape and where to use them

### Multi-Surface Painter's Tapes

When you are looking for a versatile tape that offers extended clean removal, multi-surface painter's tape is your go-to. Depending on your project needs, look for upgraded features like edge treatment for the sharpest lines or tear-free for easy removal.

ScotchBlue™ Original Multi-Surface Painter's Tape (2090)	P. 40
FrogTape® Multi-Surface Painter's Tape	P. 40

### Surface-Specific Painter's Tapes

Sometimes, your project involves challenging or less-than-ideal surface conditions. There are a number of specialty tapes that will help you get the job done.

#### For delicate surfaces...

FrogTape® Delicate Surface Painter's Tape	P. 41
Scotch® Delicate Surface Painter's Tape (2080)	P. 41

#### For rough surfaces...

Scotch® Rough Surface Painter's Tape (2060)	P. 41
---	-------

### Masking Tapes

For general use on non-damageable surfaces, masking tapes are a cost-effective choice. Uses include masking baseboards during spraying and seaming protective floorcoverings.

Scotch® Contractor Grade Masking Tape (2020)	P. 41
Scotch® Heavy Duty Masking Tape (2020+)	P. 41

Tape / Cinta

# Sandpaper & Abrasives

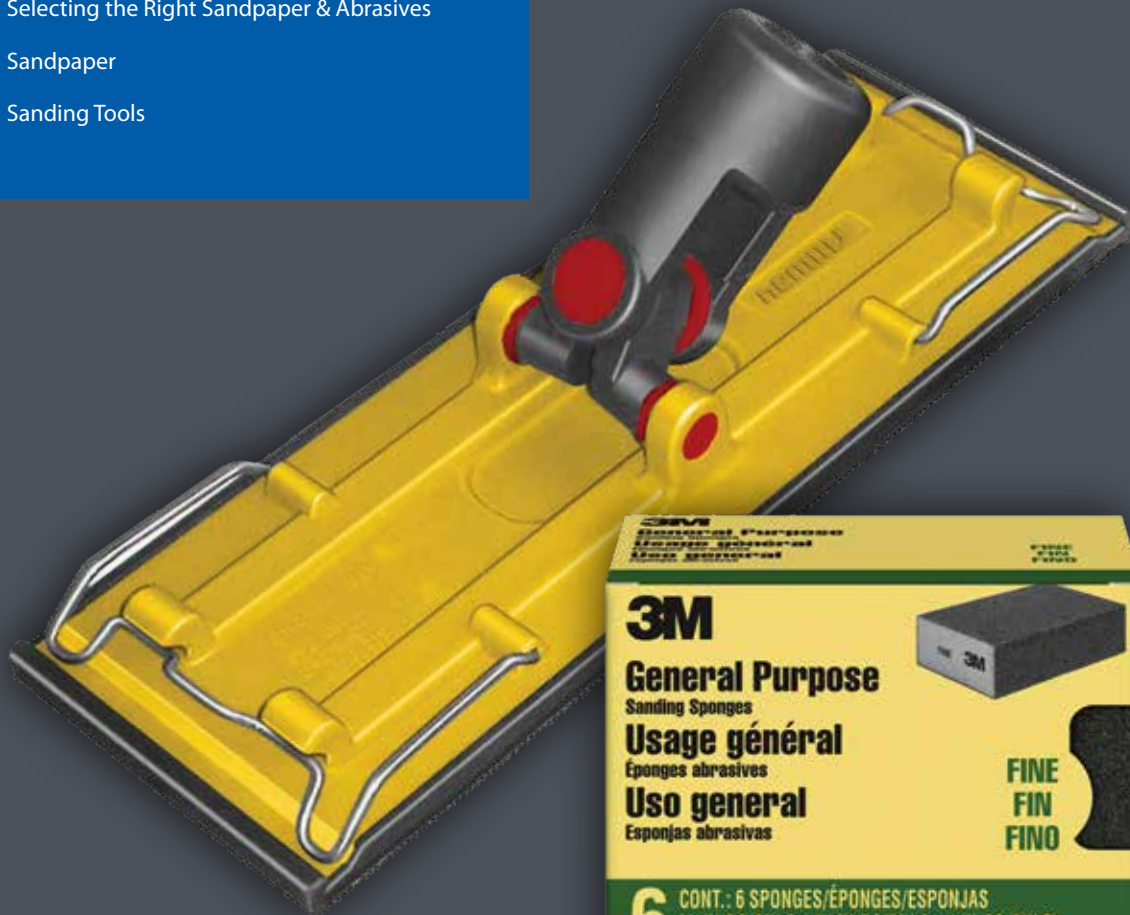

*Papel de lija y abrasivos*

**Pg 55** Selecting the Right Sandpaper & Abrasives

**Pg 57** Sandpaper

**Pg 59** Sanding Tools

**SHERWIN-WILLIAMS.**

# The right supplies make every project smoother.

With a wide selection of grits, materials and types of abrasives, there's an ideal option for all of your project needs.

# Selecting the Right Sandpaper & Abrasives

Using the best abrasive for the project you are completing is easier when you narrow down your preferred product type, the surface being sanded and the goal of sanding.

## Determine your surface:

### Drywall

Using fine grit on unpainted or primed drywall makes seams invisible once painted. The goal is a soft, low-scratch finish, with as little sanding as possible.

### Wood

The quality of bare wood has greatly improved over the years, so it is possible to start with higher grits (150 or 180) for smoothing.

### Previously Painted Surfaces

A proper refinishing job on windows, doors or handrails begins with removing the paint, so start with a very coarse grit (60 or 80).

## Define your goal:

### Finish

**Sponges:** 120 Fine, 180 X-Fine, 220 X-Fine

**Sheets:** 180 Fine, 220 Fine, 320 X-Fine, 400 X-Fine

**Discs:** 220 Fine

### Smooth

**Sponges:** 80 Medium

**Sheets:** 100 Medium, 120 Medium, 150 Medium

**Discs:** 100 Medium, 120 Medium

### Remove

**Sponges:** 36 X-Coarse, 60 Coarse of airborne particles

**Sheets:** 60 Coarse, 80 Coarse

**Discs:** 60 Coarse, 80 Coarse

## Choose a product type:

### Sponges

Sponges are about comfort and contour. They were designed to fit comfortably in the hand and conform to a substrate's curves and contours for details that a sheet doesn't sand easily.

### Sheets

Sheets are an efficient option for large surfaces, heavy removal or flattening. Especially when used with a hard-backed hand tool, sheets have a much more aggressive result than a similar-grit sponge.

### Discs

Discs used with a power tool are a fast and efficient sanding method, especially if the job requires heavy removal on large surfaces.

## What specialty abrasives might be a better fit for your business?

Today's abrasives are designed to be universal in their use and generally work great on all substrates. However, there are specialty products you might want to consider for certain project needs, for example:

### All Purpose

- For use on paint, wood and metal
- Tough and durable synthetic abrasive
- Resin coating increases the life and cut of the sandpaper

### Pro Grade/Premium

- NO-SLIP GRIP™ backing increases efficiency
- Premium mineral grits last longer than traditional materials
- Suitable for wet sanding and dry sanding, will not discolor
- Conforms to your surface for easier sanding
- Available in a range of grits for a smooth finish

### Screens

- Have holes that allow the drywall dust to dissipate and not build up
- Less aggressive sanding than other types of abrasives
- Come mostly in pre-cut sheets made to fit on the head of a sanding pole

## Sandpaper / Papel de lija

- Pg 66** Joint Compounds
- Pg 67** Tools

**SHERWIN-WILLIAMS.**

# Create perfection.

Whether repairing damaged substrates or finishing new walls, we have the products that help you eliminate imperfections.

# Understanding Patching and Repair Products and Compounds

## Spackling:

A general term for a paste used as a filler for cracks in a surface before painting, typically including a water-based or solvent resin and mineral fillers.

**Uses:** Filling and smoothing cracks, nail holes and joints in drywall and plaster. Ideal for smaller but deeper defects.

## Painter's Putty:

A repair adhesive that produces a nice, smooth finish meant to be painted.

**Uses:** Fill in any small holes, nail holes, gaps and cracks on surfaces you are intending on painting. Can also be used in place of staples, magnets, thumbtacks and tapes.

## Shrink-free Spackling:

A spackling product with a high amount of resin and fillers to fill a shallow surface imperfection without a second application.

**Uses:** Filling imperfections typically less than 1/4" in depth. Ideal for smaller jobs where quick turnaround is important.

## Fillers:

A heavy-duty material used for interior and exterior repairs on wood, metal, plastic, composites and masonry. Often 2-component for a more durable finish, and can be sanded and painted or stained.

**Uses:** Ideal for high touch and high visibility substrates.

## Patching Compound:

A filler for larger voids and displays similar hardness, sandability, and paintability of the surrounding surface.

**Uses:** Smoothing larger cracks, holes and splits in drywall, plaster, wood, wallboard, brick, concrete and stucco.

## Texture Repair Sprays:

An aerosol product designed to match the original texture when sprayed.

**Uses:** Seamless touchup and repair of existing wall and ceiling texture.

**Sheetrock® Easy Sand™ 5 Minute Joint Compound***Compuesto para juntas de 5 minutos Sheetrock® Easy Sand™*

- Sanding ease similar to a ready-mixed, all-purpose joint compound
- Same great performance in a smaller, convenient 3 lb. bag
- For interior gypsum panels and exterior gypsum ceiling boards

Size	Sales No.
3 Lb.	6508-93746

## Tools / Herramientas

**FibaTape® Self-Adhesive Glass Mesh Joint Tape**

Cinta autoadhesiva para juntas de malla de vidrio FibaTape®

- Quick and easy joint taping
- Strong reinforcement, eliminates pre-plastering
- May be used with any type of joint compound

Size	Sales No.
1-7/8" x 300'	153-4767

**FibaTape® Perfect Finish™ Ultra Thin Drywall Tape**

Cinta para paneles de yeso ultradelgada FibaTape® Perfect Finish™

- Over 30% thinner than standard paper drywall tape and regular fiberglass mesh tape — without compromising strength
- Saves time by eliminating the need for pre-bedding coat
- Ideal for butt-end joints

Size	Sales No.
1-7/8" x 300'	138-0849

**FibaTape® Self-Adhesive Perforated Aluminum Wall & Ceiling Repair Patch**

Parche autoadhesivo para reparación de pared y techo de aluminio perforado FibaTape®

- Metal reinforced strength
- Unique perforated design for tough repairs
- Contains 3 self-adhesive patches for multiple repairs

Size	Sales No.
1 – 6" x 6"; 2 – 4" x 4"	120-6473

**Sheetrock® Joint Tape**

Cinta para juntas Sheetrock®

- Superior center creasing for trouble-free corner finishing
- High-strength to resist tearing, stretching and wrinkling
- Processed for superior bond

Size	Sales No.
250'	155-7875

**Strait-Flex® Original Flexible Corner Bead**

Esquinera flexible original Strait-Flex®

- High-performance drywall corner bead
- Finishes inside and outside 90° and off-angle corners

Size	Sales No.
50'	6511-43612

**500' Drywall Tape Reel**

Carrete de cinta de 500' para paneles de yeso

- Holds 250' and 500' rolls of drywall tape
- Frees hands for taping
- 100% all steel construction

Sales No. 936-9976

**Adjustable Stilts**

Zancos ajustables

- Adjustable height from 24" to 40"
- Lightweight yet rated for 225 lbs.

Type	Size	Sales No.
Magnesium	24" – 40"	111-9692
Aluminum	24" – 40"	1005-46647

**Folding Aluminum Bench**

Banco de aluminio plegable

- Maximum load is 400 lbs.
- High-strength aluminum alloy construction
- Legs adjust to various heights

Size	Sales No.
9-1/2" x 48"	289-6652

No Link Available

**Original Stipple Brush**

Brocha original para punteado

- Pre-cut and pre-formed stipple brush filled with horse hair/poly bristles set in a poly block

Size	Sales No.
8"	162-6415

### Paint Mixer

*Mezclador de pintura*

- Steel mixer for drywall mud or paint
- Designed to create a uniform mixture

Size	Length	Sales No.
2"	15-3/4"	160-6615
4"	22"	160-6623

### Magic Trowel®

*Magic Trowel®*

- Use to erase trowel lines, finish drywall, skimcoat walls and knock down textures

Size	Sales No.
18"	459-5583

### Corner Roller and Applicator

*Rodillo y aplicador para esquinas*

- Universal threaded handle fits any standard threaded extension handle
- Beveled roller head presses hard into the corner and creases the tape well
- Uses TP07030 replacement cover

Sales No. 6510-98873

### Stainless Steel Mudpan

*Bandeja para mezcla de acero inoxidable*

- Professional quality; watertight construction
- Tapered ends and sides
- Heavy-gauge stainless steel with HELI-ARC welded corners

Size	Sales No.
12"	177-3258

### Quick Mud Mixer 24" Drywall Mud Mixer

*Mezclador rápido de mortero de 24" para paneles de yeso*

- All steel construction
- Properly designed blades fold and mix materials quickly

Size	Sales No.
24"	160-4644

### Taping Knives

*Espátulas*

- Aluminum blade mounting
- Professional quality, blue spring steel blades
- Yellow foam molded handle with textured finish

Size	Sales No.
10"	160-4701
12"	160-4735

### Plastic Mudpan - 12"

*Bandeja plástica para mezcla de 12"*

- Textured side to prevent slippage
- Contoured bottom fits naturally in the hand
- Two steel blades on edge of pan

Size	Sales No.
12"	563-1536

### Spray-Pro® Hopper Gun

*Pistola con tolva Spray-Pro®*

- On-gun air pressure/flow control for fine air control
- Spray tips of 3/16", 1/4" and 5/16" for unlimited patterns of wall and ceiling texture
- One-piece aluminum die cast body sprays most gravity-fed materials

Sales No. 125-0679

No Link Available

### "Tuff-Lock" Pro Pole Sander

*Lijadora Pro Pole Tuff-Lock*

- Snap sandpaper in place with new "Tuff-Lock" system; no more fumbling with wing nuts
- Swivel system allows for even pressure during directional transitions
- 38% lighter to reduce user fatigue

Sales No. 141-1628

### Universal Pole Sander

*Lijadora de poste universal*

- Use with drywall sanding sheets or sandpaper
- Stainless steel retaining clips hold the abrasives in place
- Acme threaded for extension pole

Sales No. 457-0446

# Caulk & Sealants

*Masilla y selladores*

- Pg 73** Choosing the Right Caulks & Sealants
- Pg 75** All-Purpose Caulks & Sealants
- Pg 78** Specialty Caulks & Sealants
- Pg 78** High-Performance Commercial Sealants
- Pg 81** Caulk Guns

# Protection and performance for every job.

Choose from our selection of caulks and sealants engineered to adhere, protect, waterproof and weatherproof.

# Choosing the Right Caulks & Sealants

Caulks and sealants provide vital defense against drafts, water, small animals/insects and noise. Some products are even rated to protect against fire, smoke and toxic gas. The information below will help you choose the caulk or sealant that provides the best performance and protection for your needs.

## What is the difference between caulks and sealants?

### Caulk

Generally speaking, caulk is a material with minimal flexibility designed to bridge gaps and provide a clean and void-free finish; it will meet or fall below ASTM C-834 (examples: baseboards, vents, closet trim).

### Sealant

A sealant is a flexible material that better accommodates movement in substrates as a result of temperature, moisture or settling; sealants will meet or exceed ASTM C-920 (examples: doors, windows, crown molding).

#### It's not one size fits all.

#### Pro Tip

There is a lot more to consider than just interior/exterior when choosing between a caulk and a sealant. Sun and water exposure, temperature swings, substrates used and paintability should be considered on a project-by-project basis.

## Important sealant properties

**Modulus:** The ability of a sealant to absorb extension.

**Low-modulus products offer a lot of flexibility, stretching easily for a dynamic joint.**

**Example:** Loxon™ H1 Low Modulus Hybrid Sealant

**Adhesion:** The ability of a product to adhere to a surface.

**Cohesion:** The ability of a product to adhere to itself (not split/tear apart during expansion).

# Caulk & Sealant Technology

Understanding components will help you choose the right product for your project.

## Acrylic Latex

Acrylic latex sealants are easy to apply, paintable, lower cost, low odor and cleanable with water.

**Application temp:** 40°F to 90°F      **Service temp:** -30°F to 180°F

### Product examples:

SherMax™ Urethanized Premium Elastomeric Sealant	<b>P. 75</b>
MaxFlex™ Acrylic Urethane Elastomeric Sealant	<b>P. 75</b>
Finish Max™ Siliconized Acrylic Elastomeric Sealant	<b>P. 75</b>
Power House® Siliconized Acrylic Latex Sealant	<b>P. 75</b>
1050QD Siliconized Acrylic Latex Caulk	<b>P. 75</b>
950A Siliconized Acrylic Latex Caulk	<b>P. 76</b>
850A Multi-Purpose Acrylic Latex Caulk	<b>P. 76</b>
3006 All Purpose Adhesive Caulk	<b>P. 76</b>
Bolt® QuickDry Siliconized Acrylic Latex Caulk	<b>P. 76</b>
White Lightning® Pristine™ Premium Acrylic Sealant	<b>P. 77</b>

## Polyurethanes

Polyurethanes provide excellent adhesion to dissimilar surfaces and a wide variety of other surfaces. They have excellent extension/tensile strength and weather/chemical/abrasion resistance.

One-component polyurethane can seal joints up to 1.5".  
Two-component sealants can handle 3" wide joints.

**Application temp:** 40°F to 90°F      **Service temp:** -40°F to 180°F

### Product examples:

Loxon™ One Component Polyurethane Sealant, S1 Smooth/TX Texture	<b>P. 78</b>
Loxon™ NS2 Two Component Non Sag Polyurethane Sealant	<b>P. 79</b>
Loxon™ SL2 Two Component Self Leveling Polyurethane Sealant	<b>P. 79</b>

## Hybrids

Hybrid formulas have superior extension/contraction capability, excellent adhesion to glass and metal, excellent UV resistance and color retention, very little shrinkage, and are paintable and nongassing (will not bubble).

**Application temp:** White 0°F to 140°F; Crystal Clear 20°F to 120°F

**Service temp:** White -75°F to 350°F; Crystal Clear -75°F to 250°F

### Product example:

White Lightning® Optima™ Premium Hybrid Sealant	<b>P. 77</b>
Loxon™ H1 Low Modulus Hybrid Sealant	<b>P. 79</b>

## Styrene Butadiene Rubber (SBR)

SBRs are used in exterior applications and can be applied to wet/oily surfaces. They offer outstanding performance in temperature extremes. Clear SBR has a crystal clear appearance for seamless repair.

**Application temp:** 0°F to 140°F      **Service temp:** -40°F to 180°F

### Product example:

White Lightning® Storm Blaster® All Season Sealant	<b>P. 76</b>
--	--------------

All-Purpose Caulks & Sealants / Masillas y selladores multiuso

**SherMax™ Urethanized Premium Elastomeric Sealant**

*Sellador elastomérico uretanizado de primera calidad Sher-Max®*

- Interior/exterior — use on doors, windows, wood trim, siding, crown molding
- Excellent performance in joints where extreme movement is expected
- ASTM C-920, Class 35, lifetime warranty

Size	Color	Sales No.
10.1 Fl. Oz.	White	133-5223
10.1 Fl. Oz.	Clear	163-2017

**MaxFlex™ Acrylic Urethane Elastomeric Sealant**

*Sellador elastomérico de uretano acrílico MaxFlex™*

- Interior/exterior — best for windows, doors, siding, kitchen and bath
- Excellent flexibility, no cracking
- ASTM C920, Class 25, 60-year warranty

Size	Color	Sales No.
10.1 Fl. Oz.	White	101-0586

**Finish Max™ Siliconized Acrylic Elastomeric Sealant**

*Sellador elastomérico acrílico siliconado Finish Max™*

- Interior/exterior — best for windows, doors and trim
- Paintable formula with excellent flexibility
- Meets or exceeds ASTM C-920, Class 12.5, TT-S 00230, 60-year warranty

Size	Color	Sales No.
10 Fl. Oz.	White	6510-22717

**Power House® Tint Base**

*Base de tinte Power House®*

- Custom tintable to a wide range of colors
- Interior/exterior elastomeric formula
- Meets/exceeds ASTM C-920, Class 12.5; ASTM C-834, 60-year warranty

Size	Color	Sales No.
1 Gal.	Tint Base	6502-07764
5 Gal.	Tint Base	6501-69568

**Power House® Siliconized Acrylic Latex Sealant**

*Sellador de látex acrílico siliconado Power House®*

- Siliconized for good adhesion
- Interior/exterior elastomeric formula
- Meets/exceeds ASTM C-920, Class 12.5; ASTM C-834, 60-year warranty

Size	Color	Sales No.
10.1 Fl. Oz.	White	178-1699
10.1 Fl. Oz.	Pebblestone Clay	6500-93560
10.1 Fl. Oz.	Light Gray	6500-26966

10.1 Fl. Oz.	Gray	132-6826
10.1 Fl. Oz.	Dover White	132-6834
10.1 Fl. Oz.	Shell White	6502-74533

**1050QD Siliconized Acrylic Latex Caulk**

*Masilla de látex acrílico siliconado 1050QD*

- Good flexibility, crack resistance, water/weather resistance
- Water cleanup; paintable in 20 minutes
- Meets/exceeds ASTM C-834, 55-year warranty

Size	Color	Sales No.
10.1 Fl. Oz.	White	6508-65041

### 950A Siliconized Acrylic Latex Caulk

*Sellador de látex acrílico siliconado 950A*

- Interior/exterior — use on wood, metal, masonry, glass, ceramic, plaster and many plastics
- Paintable
- Meets/exceeds: ASTM C-834, 55-year warranty

Size	Color	Sales No.
10.1 Fl. Oz.	White	151-8323
10.1 Fl. Oz.	Clear	151-8331

### 850A Multi-Purpose Acrylic Latex Caulk

*Masilla de látex acrílico multiusos 850A*

- Interior/exterior — use on wood, metal, masonry, glass, ceramic, plaster and many plastics
- Paintable
- Meets ASTM C-834, 45-year warranty

Size	Color	Sales No.
10.1 Fl. Oz.	White	151-8273

### 3006 All Purpose Adhesive Caulk

*Masilla adhesiva multiusos 3006*

- Smooth, professional application
- Excellent adhesion to most surfaces
- Exceeds ASTM C-834, 40-year warranty

Size	Color	Sales No.
10 Fl. Oz.	White	156-6017
10 Fl. Oz.	Clear	161-9600

### Magnum XL® Siliconized Acrylic Latex Adhesive Caulk

*Sellador adhesivo de látex acrílico siliconado con masilla Magnum XL®*

- Best for windows, doors and trim
- Good flexibility, crack resistance, water/ weather resistance
- 55-year warranty

Size	Color	Sales No.
10.1 Fl. Oz.	White	144-7143

### White Lightning® Storm Blaster® All Season Sealant

*Sellador para todas la temporadas Storm Blaster® de White Lightning®*

- Ideal for exterior use in weather extremes
- Can be applied to cold or wet, oily surfaces and still retain its excellent adhesion
- For use on: glass, wood, metal, paint, concrete, asphalt, brick, tile, fiberglass and most plastics

Size	Color	Sales No.
10 Oz.	Clear	163-2041
10 Oz.	White	163-6141
5 Oz.	Crystal Clear	6510-37319

### Bolt® QuickDry Siliconized Acrylic Latex Caulk

*Masilla de látex acrílico siliconado de secado rápido Bolt®*

- Paintable in 30 minutes
- Maximum durability and yellowing prevention
- Meets ASTM C-920, Class 12.5 and ASTM C-834, 40-year warranty

Size	Color	Sales No.
10 Fl. Oz.	White	151-9107

**White Lightning® Optima™ Premium Hybrid Sealant**

*Sellador híbrido premium Optima™ White Lightning®*

- Exceptional adhesion and flexibility
- Excellent weather and UV resistance with extreme temperature application
- Available in White and Crystal Clear (White ASTM C-920, Class 50; Crystal Clear ASTM C-920, Class 25)

Size	Color	Sales No.
9 Oz.	White	6511-69351
9 Oz.	Crystal Clear	6511-68445

**White Lightning® Speed Grip® Latex Construction Adhesive**

*Adhesivo de látex para construcción White Lightning® Speed Grip®*

- Multi-purpose interior construction adhesive
- Instant grab with a high-strength bond
- Paintable

Size	Sales No.
9 Oz.	6504-94503

**White Lightning® Pristine™ Premium Acrylic Sealant**

*Sellador acrílico de primera calidad Pristine™ White Lightning®*

- Stay-clean formula that resists dirt and stains
- Offers excellent mold and mildew resistance upon curing
- Prevents flashing when painted after 1 hour
- ASTM C-920, Class 25

Size	Sales No.
10 Oz.	6511-49320

**Miracle Bond® Repair Epoxy**

*Epoxi para reparación Miracle Bond®*

- Fix and fill broken concrete, rotted wood, stone, brick, loose railings and more
- Use as a filler or high-strength adhesive
- Perfect for numerous property repairs

Size	Sales No.
8.6 Oz.	1001-67303

**Crackbond® Joint & Crack Filler**

*Relleno de juntas y grietas Crackbond®*

- Rapid curing, self-leveling formula allows for heavy traffic in just 90 minutes
- 85% elongation allows for 10-15% expansion and contraction of concrete around filled joint
- Polyurea formula provides long-lasting repairs

Size	Sales No.
8.6 Oz.	575-8974

### Specialty Caulks & Sealants / Masillas y selladores especiales

#### Stop Gap!™ Triple Expanding Sealant

Sellador de expansión triple Stop Gap!™

- Interior/exterior — fills and insulates gaps and cracks
- Bonds to most surfaces
- Water resistant

Size	Sales No.
12 Fl. Oz.	163-2447

#### Megalastic Super Elastic Siliconized Acrylic Sealant

Sellador acrílico siliconado súper elástico Megalastic

- Premium adhesion to most common building materials
- Premium stretchability; will not crack or crumble
- Lifetime warranty

Size	Color	Sales No.
10.1 Fl. Oz.	White	953-0817

### High-Performance Commercial Sealants / Selladores comerciales de alto rendimiento

### Loxon™ SL2 Two Component Self Leveling Polyurethane Sealant

Sellador de poliuretano autonivelante de dos componentes Loxon™ SL2

- Self-leveling and pourable; cures within 2–5 hours
- Resilient to light foot and vehicle traffic
- Meets/exceeds ASTM C-920, Class 25

Size	Color	Sales No.
1.5 Gal.	Limestone	6508-62303
1.5 Gal.	Tint Base	6508-59234

## Prep is the key to a successful project.

### Step 1

#### Remove all existing caulk and sealant.

Leaving a failing sealant will often result in having to redo the project.

### Step 2

#### Remove all loose material, dirt, wax, grease, mold and mildew with a 4:1 mix of water to bleach.

If frost is present, remove it with isopropyl alcohol.

### Step 3

#### Make sure the surface is clean and dry.

##### Two rag technique:

Pour cleaner onto white rag and wipe surface in one direction, then dry surface with the second before cleaner dries.

**NOTE:** For product-specific instructions, refer to the respective caulk/sealant Product Data Sheet on [paintdocs.com](https://www.paintdocs.com) or scan the QR code on the packaging of Loxon™ sealants and White Lightning® caulks/sealants.

**Caulk Guns / Pistolas para calafateo**

**Dripless® ErgoTech Caulk Gun ETS 5000**

*Pistola para calafateo ErgoTech Dripless® ETS 5000*

- 18:1 ratio for viscous products
- Industrial-grade, rugged composite construction
- For quart-size cartridges

Sales No. 581-5923

**Dripless® ErgoTech Caulk Gun ETS 3000**

*Pistola para calafateo ErgoTech Dripless® ETS 3000*

- 18:1 ratio for viscous products
- Industrial-grade, rugged composite construction

Sales No. 164-4665

**Dripless® ErgoTech Caulk Gun ETS 2000**

*Pistola para calafateo ErgoTech Dripless® ETS 2000*

- Rugged composite construction
- Engineered ergonomic grip reduces stress in hand and arm

Sales No. 163-7636

**Dripless® Bulk Load Caulk Gun**

*Pistola para calafateo de carga a granel Dripless®*

- Patented ErgoTech handle reduces hand/arm fatigue
- Exclusive “Drip, No Drip” switch
- Heavy-duty 18:1 thrust ratio. Can be used with the thickest of sealants

Style	Size	Sales No.
ETS 6500	15 Fl. Oz.	6501-35510
ETS 7500	30 Fl. Oz.	6501-35528

**Dripless® CR200 Cradle Ratchet Rod Gun**

*Pistola de varilla de trinquete de cuna CR200 Dripless®*

- High-quality commercial-grade construction
- Handles more viscous, stiff materials
- Spout cutter and punch

Sales No. 155-1969

No Link Available

**No Drip Smooth Rod Contractor Caulk Gun 10 Oz.**

*Pistola para calafateo de 10 oz para contratista con varilla lisa y sin goteo*

- 6:1 thrust ratio
- Back lever easy release of plunger holding in the cartridge
- Product guns out easily
- Puncture pin, tip cutter and ladder hook

Sales No. 6512-48213

**Sausage Pack Caulk Gun ETS 6000**

*Pistola para calafateo tipo salchicha ETS 6000*

- Lightweight aluminum barrel is chrome coated for corrosion resistance
- Plunger cap can be removed and adapted to fit a standard 10 oz. caulk tube
- Accommodates both 10 oz. and 20 oz. sausage packs

Sales No. 136-9578

**Pro Tip**

**Caulking guns**

Choose a caulking gun with a high thrust ratio (12:1, 14:1, 18:1, etc.). This allows for easy dispensing.

Protection and cleaning protocols are more important than ever. Sherwin-Williams carries a wide variety of products and equipment to help you keep up with regulations, expand your offerings and exceed expectations.

# Choosing the Right Respirator for the Job

The two types of respirator designs work to filter different kinds of contaminants:

## Match the Filter Type to Your Job

### Air Contaminants

Dust, smoke and airborne diseases

### Chemical and Gas Contaminants

Fumes and vapors from paint

## Filter Colors

### Black Filters

protect from organic vapors like solvents in paint and gasoline

### Blue Filters

protect against carbon monoxide

### Orange Filters

protect against fumes, dust and aerosol mists

### Yellow Filters

protect against gases and vapors

## National Institute for Occupational Safety & Health (NIOSH) Ratings

NIOSH, a division of the Centers for Disease Control (CDC), rates respirator gas mask filters:

# R

### R Rating:

filter is oil resistant

**R95:** Designed to filter at least 95% of airborne particles

# N

### N Rating:

filter is NOT oil resistant

**N95:** Filters at least 95% of airborne particles

**N99:** Filters at least 99% of airborne particles

**N100:** Filters at least 99.7% of airborne particles

# P

### P Rating:

filter is oil proof

**P95:** Filters at least 95% of airborne particles

**P99:** Filters at least 99% of airborne particles

**P100:** Filters at least 99.7% of airborne particles

KNOW WHICH FILTER IS RIGHT FOR YOUR NEEDS:

GOOD FOR USE WITH AIR CONTAMINANTS

GOOD FOR USE WITH CHEMICALS

## Respirators / Respiradores

### 3M™ Aura™ Particulate Respirator 9205+

Respirador de partículas Aura™ 9205+ 3M™

- NIOSH approved for at least 95% filtration efficiency against certain nonoil-based particles
- Fits a wide range of face shapes and sizes
- For grinding, sanding, sweeping, bagging and other dusty or arid operations

Quantity	Sales No.
10-Pk.	6512-46001

### 3M™ Respirator with Cool Flow™ Valve Paint Prep 8511

Respirador con válvula Cool Flow™ para preparación de pintura 3M™ 8511

- Special valve reduces heat buildup
- Adjustable M-noseclip for secure fit and less pressure

Quantity	Sales No.
2-Pk.	6508-65082
5-Pk.	167-1098
10-Pk.	165-0746

### 3M™ Full Face Respirator Paint Project 68P71

Respirador de cara completa para proyectos de pintura 68P71 3M™

- Comfortable face and eye protection
- Personalized fit

Size	Sales No.
Medium	475-1491

### 3M™ Performance Filter P95 Particulate

Filtro de alto rendimiento para partículas P95 de 3M™

- Filters 95% of solids, liquids and oils
- Use for paint spraying and spray adhesives

Quantity	Sales No.
6-Pk.	124-9739

### 3M™ Performance Disposable Paint Prep Respirator

Respirador para preparación de pintura desechable 3M™ Performance

- Advanced filter media for easier breathing
- Adjustable noseclip for custom, secure seal

Quantity	Sales No.
10-Pk.	165-0381
20-Pk.	6510-48639

### 3M™ Respirator with Cool Flow™ Valve Paint Protection-Advanced Comfort

Respirador con válvula Cool Flow™ para protección contra pintura y comodidad avanzada 3M™

- Reduce heat buildup with the Cool Flow™ Valve

Size	Sales No.
Medium	6509-36545

### 3M™ Cool Flow™ Valve Respirator

Respirador de válvula Cool Flow™ 3M™

- Cool Flow™ Valve helps reduce heat buildup inside the respirator

Size	Sales No.
Medium	937-9686
Large	937-9678

### 3M™ Performance Respirator Paint Project 6211

Respirador de alto rendimiento para proyectos de pintura 6211 3M™

- Excellent comfort from thermoplastic face seal
- Reusable
- NIOSH-approved OV/P95 rating

Size	Sales No.
Medium	154-6068

### 3M™ Performance Cartridge Organic Vapor

Cartucho de alto rendimiento con vapor orgánico 3M™

- Easy-to-attach design
- Recommended for use with varnishes/stains and certain solvent-based cleaners
- NIOSH-approved for use against certain organic vapors

Quantity	Sales No.
2 Pairs	573-4298

### 3M™ Performance Replacement Kit for Paint Project Respirator

Kit de reemplazo para respirador de alto rendimiento para proyectos de pintura 3M™

- Approved for use with 3M™ 6000, 6500 and 7500 series facepieces
- Use with varnishes/stains, certain solvent-based cleaners, latex, oil-based, automotive and spray paints
- NIOSH-approved OV/P95

Sales No. 165-0407

## Eyewear / Gafas

### 3M™ SECUREFIT™ 400 Eye Protection

Protección para los ojos 3M™ SECUREFIT™ 400

- Self-adjusting pressure diffusion for secure, comfortable fit
- Impact-resistant lenses
- Block 99.9% of UV rays

Color	Sales No.
Clear	1016-17561
Mirror	1016-17819

### Diamondback® Safety Eyewear

Gafas de seguridad Diamondback®

- High-impact polycarbonate lens
- Anti-fog and anti-scratch lens
- 99.9% UV protection
- ANSI Z87.1+

Color	Sales No.
Clear	239-6976
Gray	119-7201

### E-Z Clean Goggle™

Gafas de E-Z Clean Goggle™

- Easy to clean safety goggles
- Ultra-lightweight with wide vision
- Scratch, impact and UV resistant

Sales No. 6511-46144

### Advanz Safety Goggles

Gafas protectoras Advanz

- Clear vision with goggle film advance
- Fits over half-mask respirators
- Anti-fog lens
- Contains 30 frame advances

Sales No. 155-4021

## Accessories / Accesorios

▲ TRIMACO

**Heavy Duty Body Barrier™  
Coveralls***Overoles de trabajo pesado Body Barrier™*

- Excellent protection from nonhazardous aerosols, liquids and dry particles
- Durable, tear-resistant fabric

	Gloves	P. 104
<b>Keep things clean</b>	Wipes	P. 105

## Sanitizing Supplies and Equipment / Desinfección de suministros y equipos

### Graco SaniSpray HP™ 65

*Rociador SaniSpray HP™ 65 Graco*

- For mid-sized disinfecting jobs
- 1.5 gallon hopper delivers extended spray time
- Self-contained system for grab and go

Sales No. 1021-38930

### Graco SaniSpray HP™ 20 – Cordless

*Rociador SaniSpray HP™ 20 Graco – sin cable*

- Portability to finish small jobs fast
- Sprays in any direction, even upside down
- Full range control for complete coverage on specific objects or fine spray within an area

Sales No. 1021-38922

### Graco SaniSpray HP™ 130

*Rociador SaniSpray HP™ 130 Graco*

- 2-gun productivity for large disinfecting jobs
- Can spray from any container
- Extended reach to spray anywhere

Sales No. 1021-38948

No Link Available

### Graco SaniSpray HP™ 20 Electrostatic Cordless

*Rociador electrostático inalámbrico de SaniSpray HP™ 20 Graco*

- 2 units in one — use in Electrostatic Mode or Airless Mode
- Consistent disinfectant coverage — finish small jobs fast
- Delivers 30% higher electrostatic charge for superior wrapping
- 42 oz. FlexLiner material bag system

Sales No. 229-8759

No Link Available

### Shockwave RTU

*Limpiador Shockwave RTU*

- EPA registered with efficacy against a broad spectrum of germs including viruses, bacteria and mold
- HOSPITAL-GRADE: This cleaning and sanitizing solution is effective against the industry's broadest range of bacteria, viruses and molds in just 10 minutes
- Ready-to-use cleaner, disinfectant, sanitizer and deodorizer for porous and nonporous surfaces
- Compatible with a wide variety of spray equipment for convenient application

Sales No. 6511-78543

### Mi-T-M PW/Mister HC – Dual Purpose

*Lavadora a presión/rociador de nebulización HC Mi-T-M – de doble propósito*

- Commercial-grade pressure washer mister system
- 1400 max PSI as a pressure washer and 350 PSI as a mister
- Comes with 75 ft. hose, lance/gun and mister gun

Sales No. 1021-39078

### Spray Nine® Multi-Purpose Cleaner/Disinfectant

*Limpiador/desinfectante multusos Spray Nine®*

- Spot clean and disinfect – inside and out
- Excellent pre-painting cleaner
- Safe for use inside and out on walls, ceilings and floors. Ideal for oil-based paint surfaces, plaster and enamel
- Kills bacteria and viruses in 45 seconds

Size	Sales No.
32 Oz.	453-8773

# Choosing the Right Cleaner for the Job

## Pro Tip

### The right product can have a big impact

Consider **dilution control vs. ready-to-use chemicals**.

**Ready-to-use** may seem more cost effective until you consider the quantity you may need in stock on a regular basis.

**Multi-purpose** products can minimize confusion and help get the job done right the first time.

## To select a cleaning agent, use TACT

# T

### Time:

How long will the cleaner take to work. Must it sit on the surface for an extended period, or can it be scrubbed immediately?

# A

### Action:

What action do you need your cleaning solution to perform? Loosen dirt and grime? Degrease and disinfect?

# C

### Chemical concentration:

How strong is the cleaning agent? You want something strong enough to get the job done, but not so strong that it eats away the surface material as well as the dirt.

# T

### Temperature:

Are there special temperature requirements for your cleaning solution? Will it require extremely hot water or any other unexpected temperature variations?

Ask your rep or store about the **Effects of Cleaning Products on Sherwin-Williams Coatings** flyer for detailed information on choosing the right cleaner.

## Cleaners / Limpiadores

simple green

**Simple Green® Industrial Cleaner & Degreaser***Limpiador y desengrasante industrial Simple Green®*

- Good for use on oil-based paints
- Recognized by the U.S. EPA's Safer Choice Program
- Concentrated for cost-effective usage

# Understanding Solvents

## Paint Thinner vs. Mineral Spirits

### Paint thinners

are solvents like acetone, naphtha or turpentine that remove or dilute paint. These solvents tend to be an economical choice, but have strong fumes and must be disposed of properly.

### Mineral spirits

are a specific type of paint thinner that are more heavily refined. This option is less toxic and has less odor, but can be more expensive.

### Both

can be used to thin oil-based paints and varnishes and to clean paintbrushes.

**NOTE:** Not all products are available in all areas; see your local Sherwin-Williams store for availability.

## Solvents / Disolventes

### Paint Thinner

*Diluyente de pintura*

- Good to thin oil-based paints, varnishes and enamels
- Improves brushing quality
- Effective cleaner and degreaser for painting tools

Container	Size	Brand	Sales No.
Metal	1 Qt.	Startex	160-0170
Metal	1 Gal.	Startex	160-0162
Metal	2-1/2 Gal.	Startex	160-0139

5 Gal.	Pkg. Services	406-0604

### Xylene

*Xileno*

- Good to thin paints, enamels, varnishes and alkyd resins
- Similar to Toluol, but slower evaporation rate

Size	Brand	Sales No.
1 Qt.	Startex	160-0717
1 Qt.	Pkg. Services	118-3557

### Xylene - R2K4

*Xileno - R2K4*

- Medium strength solvent with slow-drying characteristics
- For thinning specified paints, varnishes and enamels
- General cleaning and degreasing solvent

Size	Sales No.
1 Gal.	154-8684
5 Gal.	154-2398
55 Gal. Drums	154-2380

### (Methyl Ethyl Ketone) MEK - R6K10

*Metilelacetona MEK - R6K10*

- Good to thin lacquers, nitrocellulose, acrylic, butyrate, vinyl and epoxy resin
- Colorless, high strength slow-drying solvent

Size	Sales No.
1 Gal.	154-8734
5 Gal.	154-2414
55 Gal. Drums	154-2406

## Acetone

### Acetona

- Good to thin varnishes and enamels
- Superior-quality solvent for resins, epoxies, vinyls, lacquers and adhesives
- Effective cleanup solvent for fiberglass projects
- Excellent heavy-duty degreasing agent

Size	Brand	Sales No.
1 Qt.	Startex	160-0691
1 Qt.	Pkg. Services	124-2197

## Muriatic Acid

### Ácido muriático

- Good for cleaning brick and metal
- Etches concrete, cleans brick and metal

Size	Brand	Sales No.
1 Gal.	Startex	160-0287
1 Gal.	Pkg. Services	981-6315

## Japan Drier

### Secador de Japón

- Good for use with oil-based paints, enamels and varnishes

# Choosing the Right Paint Remover

There are three things to keep in mind when choosing a paint remover. Check your labels carefully to ensure you have the right remover for the job.

## Step 1

### Know your coatings:

#### What are you trying to lift?

**Example:**

If you need to lift an extremely durable finish, choose SuperStrip®. It's formulated to soften tough finishes.

## Step 2

### Know your surface:

#### What substrate are you lifting from?

**Example:**

If you need a versatile stripper to use on a variety of surfaces, choose Smart Strip™. It will remove paint from wood, brick, metal, concrete, stone, plaster, and most fiberglass and plastics without damage.

## Step 3

### Know your environment:

#### Does the usage area have specific requirements?

**Example:**

If you need lower odor for indoor use, choose Smart Strip™ Pro. It's formulated without methylene chloride to reduce odor.

# Simple. Sturdy. Safe.

With our selection of high-quality ladders and climbing equipment, no project is out of reach.

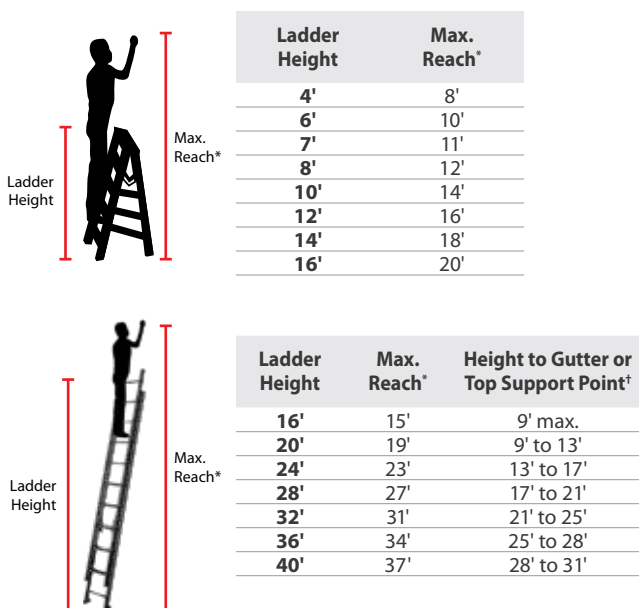

# Choosing a Ladder

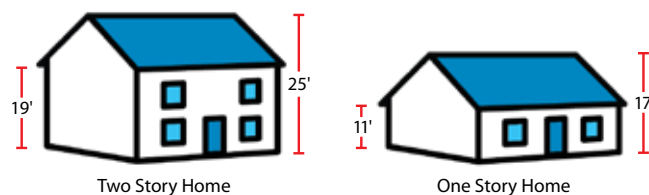

Werner has simplified the ladder selection process. This new system links product, packaging and merchandising, making ladder selection as easy as 1, 2, 3.

## Step 1: Select Height

To ensure you choose the ladder best suited to your needs, follow the Werner height safety chart as shown below:

## Average Home Heights

## Support Points†

## Step 2: Select Performance

Combined Weight of User and Materials.

Approximate Material Weights			
Bundle of shingles	70 Lbs.	3 x 4 window	80 Lbs.
5 gallons of roof coating	70 Lbs.	Garage door opener	40 Lbs.
5 gallons of paint	60 Lbs.	Basketball hoop	60 Lbs.
Tool box with tools	35 Lbs.	Sheet of plywood	80 Lbs.
Portable sprayer	20 Lbs.	(3) 4 x 4s	80 Lbs.
Ceiling fan	30 Lbs.		

## Step 3: Select Type

### FIBERGLASS

- **Strength** – 7-layer construction
- **Safety** – For use around electricity
- **Durability** – Corrosion resistant
- Non-conductive side rails

### ALUMINUM

- Lightweight
- Not for use around electricity
- Corrosion resistant

\*Assumes a 5'6" person with a vertical 12" reach.

†Support points for extension ladders reflect section overlap, ladder angle, and 3' extension above roof line.

### GLIDESAFE Fiberglass Extension Ladder

## Wallpaper Adhesive Products / Productos adhesivos para papel tapiz

### PRO-880 ULTRA® Clear Strippable Wallpaper Adhesive

*Adhesivo removible transparente para papel tapiz ULTRA® PRO-880*

- Recommended for installing most types and weights of wallcoverings
- Maximum wet tack and extended open time
- Recommended for both roller and pasting machine applications
- Covers approximately 330 sq. ft./gal.

Size	Sales No.
1 Gal.	154-5086
5 Gal.	154-5078

### Premium Grade Heavy Duty Clear Strippable Adhesive – 234

*Adhesivo removible transparente de alta resistencia con calidad superior – 234*

- Recommended for lightweight to heavyweight vinyl and foil wallcovering
- Superior wet tack and slip
- Ideal for pasting machines
- Covers approximately 280 sq. ft./gal.

Size	Sales No.
5 Gal.	6512-55424

### PRO-838 Heavy Duty Clear Adhesive

*Adhesivo transparente de alta resistencia PRO-838*

- Economical commercial grade adhesive
- For medium to heavyweight wallcoverings
- Excellent adhesion
- Covers approximately 280 sq. ft./gal.

Size	Sales No.
1 Gal.	153-3900
5 Gal.	153-3892

### PRO-870 Clear Strippable Adhesive

*Adhesivo transparente removible PRO-870*

- Contractor strength
- For use with commercial weight wallcoverings
- Recommended for both roller and pasting machine use
- Covers approximately 280 sq. ft./gal.

Size	Sales No.
5 Gal.	154-1895

### Machinable Heavy Duty Clear Adhesive – 780

*Adhesivo transparente mecanizable de alta resistencia – 780*

- Recommended for light to heavyweight wallcoverings
- Good tack and slip
- Great for pasting machines
- Covers approximately 240 sq. ft./gal.

Size	Sales No.
5 Gal.	6512-55622

## Clay Adhesives / Adhesivos de arcilla

**PRO-774 Heavy Duty Clay Strippable***Arcilla removible de alta resistencia PRO-774*

- For medium to heavyweight wallcoverings
- Commercial grade adhesive and is strippable with fabric-backed vinyl over bare drywall
- Recommended for pasting machine use
- Covers approximately 200 sq. ft./gal.

Size	Sales No.
5 Gal.	151-4488

**PRO-732 Extra Strength Clay Adhesive***Adhesivo para arcilla extra resistente PRO-732*

- For installations requiring low moisture
- For medium to heavyweight wallcoverings
- Spreads easily with a roller
- Covers approximately 200 sq. ft./gal.

Size	Sales No.
5 Gal.	153-7307

**Non-Strippable Heavy-Duty Clay Adhesive – 111***Adhesivo removible para arcilla de alta resistencia – 111*

- Provides strong wet tack
- Prevents seam spreading and curling
- Cures to strong final bond, ideal for heavy wallcoverings
- Covers approximately 280 sq. ft./gal.

Size	Sales No.
5 Gal.	6512-55671

## Specialty Adhesives / Adhesivos especiales

**PRO-555 Extreme Tack for Sealed Surfaces***Excelente adherencia para superficies selladas PRO-555*

- Allows installation of new wallcoverings over surfaces where added adhesion is required
- Not strippable
- Recommended application with a roller or brush, do not dilute
- Covers approximately 160 sq. ft./gal.

Size	Sales No.
1 Gal.	153-7380
5 Gal.	153-7489

**Wallcovering Seam Repair***Reparación de uniones de revestimiento de paredes*

- All-purpose touch-up adhesive
- Convenient 3 oz. tube

Size	Sales No.
3 Oz.	113-2273

## Primers / Imprimadores

### PRO-999 RX-35™ Problem Solving Primer for Porous Surfaces

*Primer para resolución de problemas de superficies porosas PRO-999 RX-35™*

- Ideal for drywall, skim coats, spackling, popcorn ceilings, contractors flat paint and mud joints
- Dries clear, with a slight residual tack, enhancing adhesion of wallpaper
- Water-based, use in place of oil-based primer/sealers
- Coverage between 350-400 sq. ft./gal.

Size	Sales No.
1 Gal.	917-5381
5 Gal.	918-0720

### PRO-935 R-35® Adhesion Promoting Primer

*Primer para promover la adhesión PRO-935 R-35®*

- Dries clear with a heavy residual tack
- Ideal for non-porous surface such as tile, formica and glass
- Coverage between 350-450 sq. ft./gal.

Size	Sales No.
1 Gal.	153-7422
5 Gal.	153-5988

### PRO-977 Ultra Prime

*Primer ultra PRO-977*

- Promotes strippability and is particularly excellent for priming bare drywall
- Enhances slip for easier pattern matching
- Tintable with up to 4 ounces of colorant per gallon
- Coverage between 400-450 sq. ft./gal.

Size	Sales No.
1 Gal.	125-2469
5 Gal.	154-5482

### PRO-909 Vinyl Prep®

*Vinyl Prep® PRO-909*

- Economical acrylic primer for general purpose applications
- Eliminates sizing
- Dries clear
- Coverage between 400-450 sq. ft./gal.

Size	Sales No.
5 Gal.	153-9394

## Removers / Removedores

**PRO-458 Wallpaper & Paste Remover**

*Removedor de papel tapiz y pegamento PRO-458*

- Removes wallcovering faster
- Clinging gel eliminates mess
- Competes with Zinsser® DIF® Wallpaper Remover

Size	Sales No.
32 Oz.	6509-35620

**PRO-466 Concentrate Wallpaper & Paste Remover**

*Removedor de papel tapiz y pegamento concentrado PRO-466*

- Removes wallcovering faster
- One-gallon concentrate makes 12 gallons of remover
- Competes with Zinsser® DIF® Wallpaper Remover

Size	Sales No.
32 Oz.	6509-35554
1 Gal.	6509-35539

## Tools / Herramientas

**Pasting Machine***Máquina para pegar*

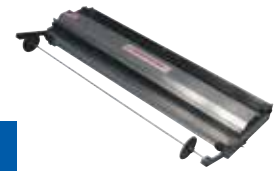

- Stainless steel tank with two removable and three fixed rollers
- Manual, gear-driven; for materials up to 62" wide
- Chromed adjustable height rolling stand with 4" industrial casters, legs fold under for easy transport

Size	Sales No.
62"	158-0414

**Booking Table***Mesa para plegar*

- Two heavy-duty chrome plated steel brackets
- Supports two 66" x 11" basswood boards
- Pasting machine sold separately

Size	Sales No.
62"	405-5216

**Pasting Machine***Máquina para pegar*

- Qwikpaster, 30" tabletop pasting machine holds 1-1/2 gallons of paste
- Stainless steel tank
- For use with clear adhesives and pre-posted activator only

Size	Sales No.
30"	158-0422

**Wallpaper Perforating Tool***Herramienta para perforar papel tapiz*

- Four scoring wheels — fast perforation of wallcovering
- Comfortable rubber handle — stops slippage
- Will not damage drywall surfaces

Sales No. 162-0640

**48 Oz. Wallpaper Sprayer***Rociador de papel tapiz de 48 onzas*

- Great for use in removing and applying wallpaper
- Adjustable nozzle for fine mists to coarse streams

Sales No. 126-2997

No Link Available

**Adjustable 4" Wall Stripper Tool with 5 Blades***Herramienta para pelar paredes ajustable de 4" con 5 cuchillas*

- Adjustable, locking head for either right- or left-handed use.

Size	Sales No.
4"	969-4621

Interior Primers / *Primers para interiores*

**Premium Wall & Wood Interior Latex Primer**

*Primer de látex de primera calidad para paredes y madera*

- Assures professional results on wood trim, doors and walls
- Provides the smoothest finish on decorative surfaces like crown molding and window and door casings

Size	Color	Sales No.
1 Qt.	White	6501-32749
1 Gal.	White	6501-32764
5 Gal.	White	6501-32772

**Drywall Primer Interior Latex Primer**

*Primer para paneles de yeso*

- A great choice for basic priming at an affordable price
- Well-suited for priming under flat topcoats
- Performs on drywall, wood and plywood

Size	Color	Sales No.
1 Gal.	White	6504-14030
5 Gal.	White	6504-14048

**Multi-Purpose Water-Based Acrylic-Alkyd Primer**

*Primer alquídico-acrílico a base de agua multiusos*

- Seals and blocks stains — especially water-based stains
- Dries quickly and ensures a uniform finish
- Can be used as a spot primer for exterior use

Size	Color	Sales No.
1 Qt.	White	6504-08529
1 Gal.	White	6504-08537
5 Gal.	White	6504-08545

**White Pigmented Shellac Primer**

*Primer de laca con pigmento blanco*

- Provides excellent adhesion to many interior surfaces like previously painted surfaces, wood, paneling, cured plaster and ceiling tiles
- Blocks odors and stains like smoke, pet stains, tannins and wood knots
- Can be used as a spot primer for exterior use

Size	Color	Sales No.
1 Qt.	White	6510-49611
1 Gal.	White	6510-49629
5 Gal.	White	6510-49637

**White Synthetic Shellac Interior Stain Blocking Primer**

*Primer blanco de laca sintética para bloquear manchas en interiores*

- Ideal for fire restoration
- Extremely effective in blocking resistant odors and stains like smoke damage, water stains, tannins and wood knots
- Can be used as a spot primer for exterior use

Size	Color	Sales No.
1 Qt.	White	6505-15554
1 Gal.	White	6505-15539
5 Gal.	White	6505-15547

**Moisture Vapor Barrier Primer/Finish**

*Primer/acabado que sirve como barrera contra vapores y humedad*

- Dependable moisture vapor barrier with a permeability rating of <1 WVP Perms (U.S.)
- Waterborne formula is user-friendly, delivering easy cleanup with soap and water
- Helps reduce the loss of moisture through walls and ceilings

Size	Color	Sales No.
5 Gal.	White	6510-38184

### Drywall Conditioner Interior Latex Primer

*Primer de látex con acondicionador para paneles de yeso interior*

- A special-purpose repair primer ideal for repaint work
- Seals and conditions drywall that has been severely scraped, scratched, punctured or gouged
- Acts as a clear sizing for use under wallcoverings to promote strippability
- Clear formula creates a sound base for drywall patching and eliminates bubbling

Size	Color	Sales No.
1 Gal.	Clear	6508-73433
5 Gal.	Clear	6508-89488

### High Build Interior Latex Primer

*Primer de látex de gran espesor para interiores*

- Covers a wide range of irregularities found in new construction interiors
- Ideal for minor drywall damage — filling scratches, sanding grooves, nicks and pinholes
- Improves topcoat performance and produces a uniform, ready-to-finish wall surface

Size	Color	Sales No.
5 Gal.	White	6501-32632

### ProBlock® Interior Oil-Based Primer

*Primer interior a base de aceite ProBlock®*

- Complies with national VOC regulations and OTC and LADCO
- Blocks stains and offers an economical price point
- May not be compliant in VOC-restricted areas

Size	Color	Sales No.
1 Gal.	White	6501-33382
5 Gal.	White	6501-33390

### Easy Sand Interior Oil-Based Primer

*Primer interior a base de aceite Easy Sand*

- Sands easily to a smooth surface — saving time and yielding a professional finish
- Quick dry time allows for recoat in one hour — ensuring fast production with great gloss retention

Size	Color	Sales No.
1 Gal.	White	6501-33317
5 Gal.	White	6501-33325

### ProMar® 200 Zero VOC Interior Latex Primer

*Primer de látex interior con cero VOC ProMar® 200*

- A premium commercial wall primer
- Great for interior use on walls and ceilings
- Provides excellent hide and can be used under latex, alkyd and epoxies

Size	Color	Sales No.
1 Gal.	White	6502-59187
5 Gal.	White	6502-59195

### ProMar® 400 Zero VOC Wall Interior Latex Primer

*Primer de látex para pared interior con cero VOC ProMar® 400*

- A commercial primer that provides an excellent value
- Good for priming and sealing drywall
- Can be used under flats and enamels

Size	Color	Sales No.
1 Gal.	White	6503-64052
5 Gal.	White	6503-64086

### PVA Interior Latex Drywall Primer & Sealer

*Primer y sellador interior de PVA con látex para paneles de yeso*

- Perfect for priming new residential bare drywall
- Sands easily to a smooth surface — saving time and yielding a professional finish
- Quick dry time allows for recoat in as little as one hour

Size	Color	Sales No.
1 Gal.	White	6511-63248
5 Gal.	White	6511-63255

### ProBlock® Interior Oil-Based Primer/Sealer

*Primer/sellador interior a base de aceite ProBlock®*

- Assures uniform appearance of topcoats
- Seals out: water-sensitive stains, dried water stains, smoke stains, grease, ink and pencil stains
- Quick drying
- May not be compliant in VOC-restricted areas

Size	Color	Sales No.
12 Oz.	Gray	6509-93058
12 Oz.	White	141-1669

### White Pigmented Shellac Primer

*Primer de laca con pigmento blanco*

- Permanently hides stains and odors from soot, smoke and water

Size	Color	Sales No.
12 Oz.	White	134-4027

### ProBlock® Overhead Multi-Purpose Oil-Based Vertical Primer

*Primer vertical a base de aceite multusos para uso aéreo ProBlock®*

- Overhead spray tip allows easy access in hard-to-reach spots such as ceilings and eaves
- Maximum stain blocking and sealing
- Premium long-term hide

Size	Color	Sales No.
12 Oz.	White	6509-96135

### White Synthetic Shellac Interior Stain Blocking Primer

*Primer blanco de laca sintética para bloquear manchas en interiores*

- Ideal for fire restoration
- Extremely effective in blocking resistant odors and stains like smoke damage, water stains, tannins and wood knots
- Can be used as a spot primer for exterior use

Size	Color	Sales No.
12 Oz.	White	6508-63053

### Bonding Primer

*Primer adhesivo*

- Provides premium adhesion for hard-to-paint surfaces
- Ensures adhesion of topcoat for a flawless finish

Size	Color	Sales No.
12 Oz.	White	6508-51223

Interior/Exterior Primers / *Primers para interiores y exteriores*

**PrimerRx® Peel Bonding Interior/Exterior Primer**

*Primer adhesivo contra peladuras para interior/exterior PrimerRx®*

- Dependable bonding to marginally prepared, alligatored or peeling surfaces
- Smoother finish compared to applying a traditional primer
- Saves time with less sanding and scraping of old paint

Size	Color	Sales No.
1 Gal.	Clear	6504-38112
5 Gal.	Clear	6504-38120

**Multi-Purpose Latex Interior/Exterior Primer**

*Primer de látex multiusos para interior/exterior*

- Excellent stain-blocking and hiding
- Good adhesion and bonding
- Can be used as a pre-wallcovering primer to promote easy removal

Size	Color	Sales No.
12 Oz. Aerosol	White	6502-72867
1 Qt.	White	6503-57080
1 Gal.	White	6503-57098

**Quick Dry Stain Blocking Interior/Exterior Latex Primer**

*Primer de látex de secado rápido para bloquear manchas para interior/exterior*

- Multi-purpose commercial primer formulated for general interior and exterior use
- Dries in just one hour, so rooms can be topcoated soon after priming
- Meets stringent VOC regulations

Size	Color	Sales No.
1 Gal.	White	6504-35134
5 Gal.	White	6504-35142

**Loxon® Water Blocking Interior/Exterior Latex Primer/Finish**

*Primer/acabado de látex con bloqueo de agua para interior/exterior Loxon®*

- Stops moisture seepage — seals bare, interior masonry walls from moisture penetration
- Anti-microbial agents resist the growth of mold and mildew on the paint surface
- Odor Eliminating Technology\* helps reduce odor from damp interior environments

Size	Color	Sales No.
1 Gal.	White	6510-33136
5 Gal.	White	6510-33151

**Loxon® Concrete & Masonry Interior/Exterior Primer/Sealer**

*Primer/sellador para concreto y mampostería de interior/exterior Loxon®*

- Seals and adheres to concrete, plaster, brick, stucco, fiber cement siding and Exterior Insulating & Finish System (EIFS)
- Masks pinholes and surface imperfections while preventing peeling caused by alkali salt damage
- Saves time and money typically lost while waiting for complete curing of concrete surfaces

Size	Color	Sales No.
1 Gal.	White	6510-32724
5 Gal.	White	6510-32732

**Extreme Block® Interior/Exterior Stain Blocking Alkyd Primer**

*Primer alquídico con bloqueador de manchas para interior/exterior Extreme Block®*

- Powerful stain-blocking formula keeps stains from bleeding through, reducing the need for repaints
- Dependable adhesion to multiple substrates including wood, drywall, masonry and properly prepared metal

Size	Color	Sales No.
1 Qt.	White	6510-44851
1 Gal.	White	6510-29696
5 Gal.	White	6510-29720

\*The length of time odors and formaldehyde are actively reduced depends on the concentration, the frequency of exposure and the amount of painted surface area.

### Extreme Bond® Interior/Exterior Primer

Primer para interior/exterior Extreme Bond®

- One-coat application
- Fast drying
- Next-generation scratch resistance

Size	Color	Sales No.
1 Qt.	White	6511-14118
1 Gal.	White	6511-14134
5 Gal.	White	6511-14142

### White Pigmented Shellac Interior/Exterior Primer

Primer de laca con pigmento blanco

- Can be used as a spot primer for exterior applications
- Also effective for spot priming knots and severe tannin stains on bare wood

Size	Color	Sales No.
1 Qt.	White	6510-49611
1 Gal.	White	6510-49629
5 Gal.	White	6510-49637

### Fast Drying Interior/Exterior Primer

Primer de secado rápido para interior/exterior

- Faster production and recoats in one hour
- Alkyd formula blocks stains
- Ideal for cold-weather priming — even in temperatures down to 40°F

Size	Color	Sales No.
1 Gal.	White	6501-33366
5 Gal.	White	6501-33374

### PrepRite® ProBlock® Interior/Exterior Latex Primer/Sealer

Primer/sellador de látex para interior/exterior PrepRite® ProBlock®

- Assures adhesion of the topcoat to slick, glossy surfaces
- Use as a wallcovering primer
- Dries fast and seals out solvent-sensitive stains

Size	Color	Sales No.
1 Gal.	White	6504-30481
5 Gal.	White	6504-30499

Exterior Primers / *Primers para exteriores*

**A-100® Exterior Fast Dry Stain Blocking Alkyd Wood Primer**

*Primer alquídico para madera de exterior con secado rápido y bloqueo de manchas A-100®*

- Dries quickly
- Penetrates and seals bare wood for great adhesion
- Blocks stains from water, wood tannins and knots

Size	Color	Sales No.
1 Gal.	White	6504-23379
5 Gal.	White	6508-59895
1 Gal.	Deep Base	6504-23387

**Exterior Oil-Based Wood Primer**

*Primer a base de aceite para madera de exterior*

- Dries slowly to penetrate into the wood surface for maximum adhesion
- Blocks severe wood tannin stains common in bleeding woods like red cedar and redwood
- This coating contains agents which inhibit the growth of mildew on the surface of this coating film

Size	Color	Sales No.
1 Qt.	White	6501-33408
1 Gal.	White	6501-33416
5 Gal.	White	6501-33424

**Exterior Latex Wood Primer**

*Primer de látex para madera de exterior*

- Adheres tightly to previously painted surfaces and bare wood — including fir and other softwoods
- Also adheres well to plywood, aluminum, galvanized metal and pre-primed metals
- This coating contains agents which inhibit the growth of mildew on the surface of this coating film

Size	Color	Sales No.
1 Qt.	White	6511-48421
1 Gal.	White	6511-48439
5 Gal.	White	6511-48447

# Choosing the Right Paint for the Job

Choosing the right paint starts with asking the right questions. These five questions will help you pick a paint that delivers the best balance of performance, appearance and lasting value.

## 1. Where will the coating be applied?

### Commercial or light industrial

Choose a high-performance coating for higher durability.

### Residential

Choose from a comprehensive selection of latex coatings to suit any area of the home.

## 2. What is the material?

Although multi-surface coatings are generally compatible with a wide variety of substrates, many applications benefit from a specially formulated coating. For example:

### Interior basement walls

Look for products to help keep moisture from penetrating into the walls.

### Exterior masonry, brick and concrete

These substrates can be porous, so a primer or filler may be needed to fill pores prior to finishing.

### New or untreated wood

Requires a product with excellent stain blocking properties so tannin bleed is eliminated and knotholes are concealed.

### 3. What is the surface condition?

#### Fresh drywall

Generally requires a primer and compatible topcoat.

#### Previously painted surfaces

Can take a paint and primer in one, saving you time and money.

#### Textured or imperfect surfaces

A high build formula can hide surface imperfections, minimize surface prep and reduce the number of coats needed for great results.

### 4. Are there any challenges or special requirements?

Paints and coatings offer many advanced technologies that can help you achieve your project goals. Reference the “Define your goal. Find your paint.” chart for paints that offer a wide variety of solutions to these and other challenges.

**Are construction schedules getting delayed due to adverse weather?**

**Do you have environmental compliance needs?**

### 5. How can you get the best value?

The quality of paint you choose will significantly impact the value over time.

	Lower-quality paint	Higher-quality paint
<b>Up-front cost savings</b>	✓	
<b>Customer satisfaction and referrals</b>		✓
<b>Reduced labor costs from better application</b>		✓
<b>Reduced labor costs from fewer repaints</b>		✓
<b>Reduced per-year costs from longer-lasting finish</b>		✓

# Define Your Goal. Find Your Paint.

# Understanding Exterior Wood Stains and Clear Coats

Proper products and prep lead to results you can build your reputation on. Read through our step-by-step guide for staining wood or go right to our Problem Solver to tackle your toughest problems.

## Step 1

### Select the right equipment

#### Brushing

is the preferred method of application.

#### Rollers

work well on rough sawn surfaces.

#### Garden Sprayers

are an efficient means of application. Back brush after spraying to eliminate pools and puddles.

#### Airless Sprayers

are the preferred method for large jobs.

## Step 2

### Clean/remove

#### Remove stains and old coatings:

- SuperDeck® Deck Wash **P. 179**
- SuperDeck® Stain and Sealer Remover **P. 179**
- SuperDeck® Revive™ Cleaner **P. 179**

## Step 3

### Dry

#### Allow the wood ample time to dry or choose a product formulated for damp wood:

- SuperDeck® Waterborne Semi-Transparent and Semi-Solid Stains **P. 177**
- SuperDeck® Waterborne Solid Color Stain **P. 177**

**Step 4**

## Test the substrate for acceptance

Stain must penetrate the wood in order for the coating to adhere. Test the absorbency of the wood by pouring water over a few areas. If it absorbs within 10 minutes, the wood is ready to accept stain.

**Step 5**

## Stain/seal

Whether you seal or stain first depends on the porosity and grain of the wood. Most of the time, the stain will go first.

**Choose a stain that will bring out the natural beauty of wood:**

WoodScapes® Exterior Acrylic Solid Color Stain **P. 176**

SuperDeck® Waterborne Semi-Transparent Stain **P. 177**

**Choose a sealer that offers long-term protection:**

Minwax® Helmsman® Spar Urethane **P. 176**

### Wood Stain Problem Solver

Problem	Cause	Solution
<b>The product will not penetrate the wood</b>	Overapplication or existing sealer/water repellent	SuperDeck® Stain and Sealer Remover <b>P. 179</b>
<b>Mill glaze</b>	High saw temperatures and the lumber is cut	SuperDeck® Revive™ Cleaner <b>P. 179</b> 220 Grit Sandpaper <b>P. 57</b>
<b>Mold/mildew</b>	Moisture	SuperDeck® Deck Wash <b>P. 179</b>
<b>Sticky, tacky, metallic sheen</b>	Overapplication	SuperDeck® Stain and Sealer Remover and/or SuperDeck® Deck Wash <b>P. 179</b>
<b>Peeling/delamination</b>	Prior sealer was not removed	SuperDeck® Stain and Sealer Remover <b>P. 179</b>
	Overapplication	<b>FOLLOWED BY</b> SuperDeck® Revive™ Cleaner <b>P. 179</b>
	Mill glaze was not removed	
<b>Tannin bleed</b>	Mold/mildew	SuperDeck® Revive™ Cleaner <b>P. 179</b> Paint Thinner <b>P. 99</b>

# Choosing the Right Interior Wood Stain

Boost the warmth and character of wood. The right Sherwin-Williams interior wood staining products will help make your project simple and successful.

## Oil- or Water-based?

Stains are available in two formats: water- or oil-based. Use the guidelines below to help decide whether an oil-based or water-based stain is right for your next project:

### Oil-based Stains

- Give you a longer working time, enabling you to **stain floors, cabinets, paneling and doors** without the worry of dried lap marks.
- Do not raise the grain, **eliminating the need for additional sanding.**

### Water-based Stains

- Are **lower in odor** than oil-based stains.
- **Dry faster**, enabling you to stain and finish in one day.
- Require only **soap and water** for cleanup.
- Come in a wider range of **vibrant stain colors.**

### Types of Interior Wood Stains

#### Wood Stains

Penetrating oil-based wood stains provide beautiful rich color.

P. 182

#### Waterbased Wood Stains

Fast-drying with soap and water cleanup.

P. 182

#### Gel Stains

Unique, non-drip oil-based formula that is ideal for vertical surfaces.

P. 183

#### Polyurethane Stains/Floor Stains

Designed to be super durable.

P. 183

# Minwax® Performance Series Systems

Turn those two- or three-day staining projects into one-day jobs with Minwax®. Choose a high-performance system based on your project and priorities:

## Smoothness and Speed – Builds, fills and highlights grain.

**Ideal for:** trim, fireplace mantels and crown molding

<b>1<sup>ST</sup> COAT:</b> Minwax® Performance Series Tintable Wood Stain	<b>P. 182</b>
<b>2<sup>ND</sup> COAT:</b> Minwax® Performance Series Fast-Dry Sanding Sealer	<b>P. 182</b>
<b>3<sup>RD</sup> COAT:</b> Minwax® Performance Series Fast-Dry Sanding Varnish	<b>P. 182</b>

## Durability and Speed – Simple, durable and easy to apply.

**Ideal for:** trim, windows and doors, crown molding, baseboards, shelving and chair rails.

<b>1<sup>ST</sup> COAT:</b> Minwax® Pre-Stain Wood Conditioner	<b>P. 184</b>
<b>2<sup>ND</sup> COAT:</b> Minwax® Performance Series Tintable Wood Stain	<b>P. 182</b>
<b>3<sup>RD</sup> COAT:</b> Minwax® Performance Series Fast-Dry Sanding Varnish	<b>P. 182</b>
<b>4<sup>TH</sup> COAT:</b> Minwax® Performance Series Fast-Dry Sanding Varnish	<b>P. 182</b>

## Maximum Durability – Tough, hard, abrasion and splash resistant.

**Ideal for:** floors, baseboards, high-traffic areas and heavy-use furniture.

<b>1<sup>ST</sup> COAT:</b> Minwax® Pre-Stain Wood Conditioner	<b>P. 184</b>
<b>2<sup>ND</sup> COAT:</b> Minwax® Performance Series Tintable Wood Stain	<b>P. 182</b>
<b>3<sup>RD</sup> COAT:</b> Minwax® Fast-Drying Polyurethane	<b>P. 183</b>
<b>4<sup>TH</sup> COAT:</b> Minwax® Fast-Drying Polyurethane	<b>P. 183</b>

## Speed and Color Clarity – Fast drying with a durable and rich finish.

**Ideal for:** furniture, cabinets and anywhere extreme color clarity is desired.

<b>1<sup>ST</sup> COAT:</b> Minwax® Performance Series Tintable Wood Stain	<b>P. 182</b>
<b>2<sup>ND</sup> COAT:</b> Minwax® Oil-Modified Polyurethane	<b>P. 183</b>
<b>3<sup>RD</sup> COAT:</b> Minwax® Oil-Modified Polyurethane	<b>P. 183</b>

Interior Wood Stains and Clear Coats / Revestimientos transparentes y tintes para madera de interiores

**Minwax® Performance Series Tintable Wood Stain 250 VOC**

BESTT LIEBRO

**Bleached Tack Cloth***Paño antiestático blanqueado*

- For a super smooth finish
- Removes dust and lint
- Reusable

Size	Sales No.
18" x 36"	180-5829

### Fill Stick Kit

*Kit para relleno en barra*

- Fill scratches, cracks, holes and other minor defects
- Interior use only
- Includes blue scraper blade for cleaning area and removing excess material and 6 fill stick colors: Black, Nutmeg, White, Medium Hickory, Red Brown Mahogany and Extra Dark Walnut

Sales No. 6510-51450

### Bondo® Wood Filler

*Rellenador de madera Bondo®*

- Professional strength wood filler designed for the home
- Chemically bonds with the surface for a permanent solution
- Stainable and paintable

Sales No. 947-9247

### Bondo® Rotted Wood Restorer

*Restaurador de madera podrida Bondo®*

- Stops rot
- Chemically bonds with the surface for a permanent solution
- Provides a solid base for Bondo® Wood Filler

Sales No. 1000-72354

### Minwax® Wood Putty

*Masilla para madera Minwax®*

- A non-hardening, pre-mixed putty
- Color-matched to Minwax Wood Finish stains

Size	Color	Sales No.
3.75 Oz.	Colonial Maple	160-4206

# Choosing the Right High-Performance Coating

The days of “coating compromise” are over. You no longer have to sacrifice aesthetics for performance, or durability for environmental compliance. With the advanced technology of Sherwin-Williams high-performance coatings, you can have it all:

**Long-term durability**

**Attractive finish**

**Environmental compliance**

**Simple application**

The following charts show the systems that meet the needs of your most demanding projects.

## High-Traffic Areas

Schools, commercial hallways and corridors, airport terminals, transit stations, gymnasiums and sports venues, theaters and auditoriums, locker rooms, correctional facilities, and light manufacturing facilities

These areas require systems that provide:

- A hard and tough coating
- High abrasion resistance
- Outstanding stain resistance
- Resistance to commercial cleaning solutions
- A smooth finish

Substrate	Primer	Intermediate	Topcoat
<b>Drywall</b>	ProMar® 200 Zero VOC Primer <b>P. 151</b>	Pro Industrial™ Waterbased Catalyzed Epoxy <b>P. 188</b>	Pro Industrial™ Waterbased Catalyzed Epoxy <b>P. 188</b>
<b>Concrete block</b>	Pro Industrial™ Heavy Duty Block Filler <b>P. 189</b>	Pro Industrial™ Waterbased Catalyzed Epoxy <b>P. 188</b>	Pro Industrial™ Waterbased Catalyzed Epoxy <b>P. 188</b>
<b>Smooth concrete/masonry</b>	Pro Industrial™ Waterbased Catalyzed Epoxy <b>P. 188</b>	None required	Pro Industrial™ Waterbased Catalyzed Epoxy <b>P. 188</b>

## High-Exposure Areas

Commercial kitchens, laboratories, chemical storage areas, shower and wash rooms, manufacturing/processing plants, public restrooms, laundry facilities, animal clinics, and indoor pool areas

### These areas require systems that provide:

- Heavy-duty protection
- Resistance to harsh environments
- A high-performance coating that's resistant to commercial chemicals
- Excellent corrosion resistance
- Resistance to repeated washing and cleaning
- Outstanding moisture resistance

## High-Aesthetic Areas

Lobbies, restaurants and cafeterias, retail stores, healthcare facilities, office buildings, hotels and hospitality, museums, community centers, and other high-visibility areas

### These areas require systems that provide:

- A smooth finish
- Quick dry times
- Outstanding stain resistance

### Pro Industrial™ Heavy Duty Block Filler

*Rellenador de ladrillos Pro Industrial™ de alta resistencia*

- Commercial-strength block filler
- Formulated for precast concrete, concrete block and cinder block
- Ideal surfacer for spalled and deteriorated concrete

Size	Color	Sales No.
5 Gal.	White	6505-15430

### Pro Industrial™ Pre-Catalyzed Waterbased Urethane

*Uretano precatalizado a base de agua Pro Industrial™*

**Gloss**

- Single-component convenience with performance comparable to a 2-part waterbased urethane
- Ideal for water and petrochemical tanks and power plants

Size	Sheen	Color	Sales No.

Specialty Primers / *Primers especiales*

**DTM Bonding Primer**

*Primer adhesiva DTM*

- Waterborne, acrylic emulsion, adhesion-promoting bonding primer
- One part of a complete system for coating prefinished metal siding; hard, glossy surfaces; and previously painted surfaces with minimal surface preparation

Size	Color	Sales No.
1 Gal.	Off White	136-0650
5 Gal.	Off White	136-0668

**DTM Wash Primer**

*Primer de lavado DTM*

- Water-based wash primer free of heavy metals and mineral acids
- To be applied over aluminum and galvanizing, or used as a tie-coat over zinc-rich primers
- Accepts high-performance "hot" solvent topcoats directly

Size	Color	Sales No.
1 Gal.	Yellow-Green	6401-70593
5 Gal.	Yellow-Green	6401-70601

**Kem Bond® HS Universal Alkyd Primer**

*Primer alquídico universal Kem Bond® HS*

- High-film build to protect sand-blasted steel
- Good corrosion and rust protection
- Universal; can be topcoated with epoxies and urethane

Size	Color	Sales No.
1 Gal.	Off White	630-4539
5 Gal.	Off White	6401-67151

Specialty Finishes / *Acabados especiales*

**Metalatex® Semi-Gloss Acrylic Interior/Exterior**

*Acrílico semibrillante de interior/exterior Metalatex®*

- 100% acrylic multi-purpose emulsion coating for light to moderate industrial environments
- Outstanding gloss/color retention
- Outstanding durability

Size	Color	Sales No.
1 Gal.	Extra White/Tint Base	6405-18783
5 Gal.	Extra White/Tint Base	6405-18791

**Galvite® HS Solvent-Based Acrylic**

*Acrílico a base de disolvente Galvite® HS*

- For use in light industrial and commercial environments
- Excellent adhesion to galvanized and aluminum surfaces
- Early moisture resistance

Size	Color	Sales No.
1 Gal.	Off White	630-4547
5 Gal.	Off White	630-4554

**Sher-Clear™ — 1K Acrylic Clear Coat**

*Capa acrílica transparente 1K Sher-Clear™*

**Flat, Semi-Gloss, and High Gloss**

- Single-component, UV-resistant, acrylic clear coat
- Provides color and gloss protection over new and existing waterborne coatings and select solvent-based coatings

Size	Sheen	Color	Sales No.
1 Gal.	High Gloss	Clear	6403-60111
1 Gal.	Semi-Gloss	Clear	6403-65771
1 Gal.	Flat	Clear	6403-65789

### Sher-Cryl™ High-Performance Acrylic

*Acrílico de alto rendimiento Sher-Cryl™*

**Semi-Gloss and Gloss**

- Ambient cured, one-component acrylic coating
- Provides performance comparable to high performance solvent-based systems such as urethanes and epoxies
- Chemical and corrosion resistant

Size	Sheen	Color	Sales No.
1 Gal.	Gloss	Ultra White	6401-74132
5 Gal.	Gloss	Ultra White	6401-74140
1 Gal.	Semi-Gloss	Extra White/Tint Base	6403-47951
5 Gal.	Semi-Gloss	Extra White/Tint Base	6403-47969

### Industrial Enamel <450 g/L VOC

*Esmalte industrial <450 g/L VOC*

- Medium oil/alkyd all-purpose enamel for interior and exterior use
- High gloss/dirt resistant
- Chip and flake resistant

Size	Color	Sales No.
1 Gal.	Pure White	7907-99993
5 Gal.	Pure White	7912-99993

### Industrial Enamel HS <340 g/L VOC

*Esmalte industrial HS <340 g/L VOC*

- High solids, alkyd, gloss topcoat for exterior/interior use
- Easy to apply by brush, roll or spray
- High gloss/dirt resistant

Size	Color	Sales No.
1 Gal.	Pure White	6401-18592
5 Gal.	Pure White	6401-18600

### Direct-to-Metal Alkyd Coating

*Revestimiento alquídico de uso directo en metal*

**Semi-Gloss**

- High-build coating designed for application directly to bare steel
- Rust-inhibitive properties
- Outstanding long-term flexibility
- Corrosion resistance and finish coat protection in one coat

Size	Color	Sales No.
1 Gal.	Pure White	136-0007
5 Gal.	Pure White	136-0015

### Steel-Master™ 9500 Silicone Alkyd

*Alquídicos siliconados Steel-Master™ 9500*

- 30% silicone alkyd protective topcoat dries to a tough, flexible finish
- The ultimate in gloss and color retention
- Maximum protection against weather conditions and mild industrial environments

Size	Color	Sales No.
1 Gal.	Extra White/Tint Base	6405-18957
5 Gal.	Extra White/Tint Base	6405-18965

### Bond Plex™ Waterbased Acrylic Coating

*Capa acrílica a base de agua Bond Plex™*

- Single-component, adhesion-promoting coating
- Formulated for direct application to pre-finished metal siding
- Eliminates need for a primer

Size	Color	Sales No.
1 Gal.	Extra White/Tint Base	6403-47464
5 Gal.	Extra White/Tint Base	6403-47472

### Macropoxy® 646 Fast Cure Epoxy

*Epoxi de curación rápida Macropoxy® 646*

- Designed to protect steel and concrete in industrial exposures
- Ideal for maintenance painting and fabrication shop applications
- Chemical and abrasion resistant

Size	Color	Sales No.
1 Gal.	Mill White	6401-25001
5 Gal.	Mill White	6401-74686

### Macropoxy® 646-100 Fast Cure Epoxy

*Epoxi de curación rápida Macropoxy® 646-100*

- Designed to protect steel and concrete in industrial exposures
- Ideal for maintenance painting and fabrication shop applications
- Chemical and abrasion resistant
- Outstanding application properties

Size	Color	Sales No.
1 Gal.	Mill White	6403-90167
5 Gal.	Mill White	6403-90175

### Acrolon™ 218 HS Acrylic Polyurethane

*Poliuretano acrílico HS Acrolon™ 218*

#### Semi-Gloss and Gloss

- Polyester modified acrylic polyurethane
- Formulated specifically for in-shop and industrial applications
- Fast drying

Size	Sheen	Color	Sales No.
1 Gal.	Gloss	Extra White/Tint Base Pt. A	6405-16357
5 Gal.	Gloss	Extra White/Tint Base Pt. A	6405-16365
1 Gal.	Semi-Gloss	Extra White/Tint Base Pt. A	6403-35584
5 Gal.	Semi-Gloss	Extra White/Tint Base Pt. A	6403-35592

### Silver-Brite® Aluminum Paint

*Pintura de aluminio Silver-Brite®*

- Excellent quality, one package interior/ exterior aluminum paint
- 325-mesh leafing aluminum pigment produces a chrome-like appearance
- Heat resistant up to 400°F

Size	Color	Sales No.
1 Gal.	Aluminum	631-1336
5 Gal.	Aluminum	631-1344

### Silver-Brite® Heavy Duty Rust Resistant Aluminum Paint

*Pintura de aluminio resistente al óxido para uso pesado Silver-Brite®*

- Rust-inhibiting, one-package interior/exterior aluminum paint
- 325-mesh leafing aluminum pigment produces a chrome-like appearance
- Heat resistant up to 400°F

Size	Color	Sales No.
1 Gal.	Rust Resistant Aluminum	630-2509
5 Gal.	Rust Resistant Aluminum	630-2517

Aerosols / Aerosoles

**Krylon® COLORmaxx™**

*Krylon® COLORmaxx™*

- Premium coverage and superior color with excellent adhesion and durability

**Krylon® Contractor Primers**

*Primers para contratista Krylon®*

- No topcoat necessary
- Helps fight rust

Size	Color	Sales No.
17 Oz.	Ruddy Brown Primer	186-9759
16 Oz.	Sandable Gray Primer	141-8813

**Krylon® High Heat**

*Aerosol para temperaturas altas Krylon®*

- Restores, beautifies and protects against rust and corrosion
- Protects up to 600°F
- Dries tack free in 5 minutes

Size	Color	Sales No.
12 Oz.	Black	141-5223
12 Oz.	Aluminum	1018-55716

**Krylon® High Heat Max**

*Aerosol para altas temperaturas con máxima potencia Krylon®*

- Maximum color and rust protection
- Withstands temperatures up to 1200°F intermittently and 600°F continuously

Size	Color	Sales No.
12 Oz.	Black	1018-55757
1 Qt.	Black	1023-15371

### Krylon® Contractor Galvanizing Primer

*Primer galvanizante para contratista Krylon®*

- Can be topcoated with latex or oil
- Galvanizes metal surfaces
- Builds a tight bond with substrate

Size	Color	Sales No.
20 Oz.	Gray	975-7865

### Krylon® OSHA Safety Color Spray Paint

*Pintura en aerosol de color que cumple con las normas de seguridad OSHA Krylon®*

- APWA colors offered for ensured safety on the jobsite and compliance with OSHA
- Mark physical hazards to designate caution for high visibility and safety
- For industrial and residential use for OSHA compliance

Size	Finish/Color	Sales No.
12 Oz.	Safety Blue	590-8900
12 Oz.	Safety Orange	403-9921

**SHERWIN-WILLIAMS**

# Performance never looked this good.

Coatings, sealers and stains help you protect horizontal and vertical concrete surfaces.

# Understanding Concrete & Masonry Coatings

Concrete is everywhere. Whether oceanside condos, suburban warehouses or restaurant floors, maintaining concrete is important to protecting its integrity and keeping it looking good. Understanding the right type of coating for your project requirements is the first step in a job well done.

## Acrylic

Provide protection and improved aesthetics

**Low VOC, easy application and cleanup, fast drying times**

**Try:** Loxon® Self-Cleaning Acrylic Coating

## Elastomeric

Protect against moisture intrusion and wind-driven rain

**Flexible, weather resistant, bridges minor cracks**

**Try:** ConFlex™ SherLastic® Elastomeric Coating

## Silane

Create a water-repellent surface

**Durable and performs well under abrasion and weathering, maximum penetration, requires high pH to catalyze**

**Try:** Loxon® 40% Silane Water Repellent

## Siloxane

Create a water-repellent surface

**Ideal for treating brick, stucco and stone; durable**

**Try:** ConFlex™ 7% Siloxane Water Repellent

## Stains

Improve aesthetics

**Single-component can be used on driveways, patios, walkways and other high-traffic areas**

**Try:** H&C® Concrete Coatings

## Waterproof vs. Water-repellent

### WATERPROOF COATINGS

Waterproof coatings coat the surface, creating a protective layer that cannot be penetrated by water. Coatings and systems are available in a wide variety of colors and sheens.

### WATER-REPELLENT COATINGS

Water-repellent coatings penetrate the pores of the surface, creating a hydrophobic surface that repels water to prevent intrusion. Available in clearcoats or stains.

Waterproof Coatings / Revestimiento impermeable

**Loxon® Self-Cleaning Acrylic Coating**

*Revestimiento acrílico con auto-limpiado Loxon®*

- Minimize maintenance time and deliver a lasting clean
- Formulated to be self-cleaning by shedding dirt upon rain or water contact
- Adheres directly to bare or previously coated concrete

# Understanding Surface Prep & Repair

Whether a horizontal or vertical surface, preparation is the most important step in any successful project. Proper prep helps you restore, protect and enhance concrete and masonry for professional, long-lasting results.

## For long-lasting results

### Prepare

**If the substrate is not absorbent, the stain or sealer will not properly adhere. Open the pores in the concrete with a phosphoric etching solution.**

Tilt Wash™ PRO **P. 205**

CONCRETEREADY™ Phosphoric Etching Solution **P. 216**

#### Pro Tip

To test absorption, spray various sections of the surface to be stained with water. The water should absorb and physically darken the concrete within 10-15 seconds.

### Repair

**Repair deteriorated concrete to ensure a sound, even surface.**

**For low spots and spalls**

CONCRETEREADY™ Single-Component Quick Patch and Repair **P. 216**

**For cracks and joints**

Crackbond Joint & Crack Filler **P. 205**

### Prime

**Even challenging substrates can be successfully topcoated if properly primed.**

**For imperfect substrates**

Loxon® Concrete & Masonry Primer/Sealer **P. 204**

**For new construction and lightly chalking concrete**

Loxon® Acrylic Conditioner **P. 204**

Primers & Surface Conditioners / *Primers y acondicionadores de superficie*

**Loxon® Acrylic Conditioner**

*Acondicionador acrílico Loxon®*

- Creates excellent topcoat adhesion
- Bonds with light chalk and dusting concrete
- Allows same day finishing

Size	Color	Sales No.
1 Gal.	Clear	6510-32765
5 Gal.	Clear	6510-32773
1 Gal.	Guide-Coat White	6510-32781
5 Gal.	Guide-Coat White	6510-32799

**Loxon® Concrete & Masonry Primer/Sealer**

*Primer/sellador para concreto y mampostería Loxon®*

- Masks pinholes and surface imperfections
- Helps prevents peeling
- Apply to masonry and concrete surfaces after only 7 days of cure, saving time and money

Size	Sales No.
1 Gal.	6510-32724
5 Gal.	6510-32732

**Loxon® Acrylic Block Surfer**

*Revestimiento acrílico para ladrillos Loxon®*

- Creates smooth, uniform surfaces
- Topcoat with high performance coatings such as epoxies and urethanes
- Alkali resistant from 8 to 13 pH

Size	Sales No.
5 Gal.	6510-32716

**ConFlex™ Block Filler**

*Rellenador de ladrillos ConFlex™*

- Acrylic, not a vinyl
- Great filling properties
- Suitable for use in USDA-inspected facilities

Size	Color	Sales No.
5 Gal.	White	6510-32591

Repair & Cleaning Products / Productos para reparación y limpieza

**Crackbond® Joint & Crack Filler**

*Relleno para juntas y grietas Crackbond®*

- Rapid curing, self-leveling formula allows for heavy traffic in just 90 minutes
- 85% elongation allows for 10–15% expansion and contraction of concrete around filled joint
- Polyurea formula provides long-lasting repairs

Size	Sales No.
8.6 Oz.	575-8974

**Miracle Bond® Repair Epoxy**

*Reparador epóxico Miracle Bond®*

- Fix and fill broken concrete, rotted wood, stone, brick, loose railings and more
- Use as a filler or high-strength adhesive
- Perfect for numerous property repairs

Size	Sales No.
8.6 Fl. Oz.	1001-67303

**Concrete & Masonry Elastomeric Sealants**

*Selladores elastoméricos para concreto y mampostería*

- Easy-to-use caulking gun cartridges
- Bridge and seal cracks, voids and openings
- Paintable

# Selecting the Correct Clear Sealer or Finish

H&C® Products	How They Work	Typical Applications	Quality	Performance
<b>Solvent and Oil-Based Sealers</b>				
<ul style="list-style-type: none"> <li>ClariShield® Oil-Based Gloss Clear Sealer</li> <li>ClariShield® Solvent-Based Wet Look 250 Clear Sealer</li> <li>ClariShield® Solvent-Based Natural Look Clear Sealer</li> <li>INFUSION® Decorative Concrete Sealer</li> </ul>	<p>Low viscosity allows these types of sealers to penetrate deeply into the surface and form a very thin, non-porous film that seals the surface to protect against damage from water, chemicals and UV rays.</p>	<ul style="list-style-type: none"> <li>Exterior use only</li> <li>Over bare or non-film forming stained concrete and masonry</li> <li>Where high chemical resistance is needed</li> <li>Surfaces that have to withstand vehicular traffic</li> </ul>	<p>Durable, non-yellowing, crystal clear, semi-gloss to gloss finish. These sealers enhance the color and depth of the concrete or decorative stains.</p>	<p>Offer great protection from natural elements and are more durable than their water-based counterparts.</p>
<b>Acrylic/Water-Based Sealers</b>				
<ul style="list-style-type: none"> <li>ClariShield® Water-Based Wet Look Concrete Sealer</li> <li>ClariShield® Water-Based Natural Look Clear Sealer</li> <li>INFUSION® Water-Based Sealer</li> </ul>	<p>These sealers fill concrete pores and form a tightly adhering, waterproof protective film. They are easy to apply, and dry quickly to return the surface to use fastest.</p>	<ul style="list-style-type: none"> <li>Interior or exterior</li> <li>On bare or stained concrete, or properly prepared previously coated surfaces</li> <li>Excellent around swimming pools</li> <li>When solvent sealers cannot be used</li> <li>Surfaces that must withstand vehicular traffic</li> </ul>	<p>Goes on milky white and dries crystal clear to assure even coverage. The finish is usually satin or gloss with only a slight change or darkening of the surface.</p>	<p>Provide good protection against water and chlorine. Water-based acrylics are usually softer than solvents and require more frequent applications.</p>
<b>Urethane Coating</b>				
<ul style="list-style-type: none"> <li>CLEARPROTECT™ High Performance Industrial Clear Coat</li> </ul>	<p>Higher solids, higher build film forming coating providing abrasion and chemical resistance comparable with two-component urethane floor coatings.</p>	<ul style="list-style-type: none"> <li>Interior only; UV exposure may cause slight yellowing and may exhibit tire marking</li> <li>BEST commercial and industrial decorative color applications</li> <li>Use where Skydrol or jet fuel may be exposed</li> </ul>	<p>High-gloss finish resists yellowing with fast “hardness” development. Highest gloss in the H&amp;C® line. Also, meets ADA requirements for slip-resistant floors.</p>	<p>The MOST durable interior clear in the H&amp;C® line. Recommended for commercial application where a heavy-duty polyurethane is required.</p>

\*H&C® SHIELD-CRETE® Water-Based Epoxy Garage Floor Coating is highly recommended as first consideration for these applications. If it is not used, then a high-performance, hot-tire-resistant topcoat should be applied.

\*\*Porous flagstone and other natural stone will turn darker when clear finishes are applied. Perform a test area to ensure color.

**H&C® ClariShield® Solvent-Based Wet Look 250 Clear Sealer**

*Sellador transparente 250 a base de solvente de aspecto húmedo H&C® ClariShield®*

- Penetrates porous surfaces and effectively seals out moisture
- Minimizes spalling and efflorescence
- Inhibits early flaking and weathering of brick facing and stucco
- Available in OTC & LADCO VOC-regulated areas

Size	Sales No.
1 Gal.	6507-11971
5 Gal.	6507-11989

**H&C® ClariShield® Water-Based Wet Look Concrete Sealer**

*Sellador de concreto a base de agua de aspecto húmedo H&C® ClariShield®*

- High solids content
- Suitable for driving surfaces
- For use on concrete block, patios, pool decks and driveways

Size	Sales No.
1 Gal.	6507-12250
5 Gal.	6507-12268

**ClariShield® Solvent-Based Natural Look Clear Sealer**

**H&C® CONCRETEREADY™ Phosphoric Etching Solution**

*Solución para grabado fosfórico H&C® CONCRETEREADY™*

- Phosphoric acid-based solution that opens pores in concrete
- Removes efflorescence and reduces pH level of concrete and mortar
- Safe for use indoors; won't harm vegetation

Size	Sales No.
1 Gal.	6507-12300

No Link Available

**H&C® CONCRETEREADY™ Single-Component Quick Patch and Repair**

*Reparación y parchado rápido con un solo componente H&C® CONCRETEREADY™*

- Stronger than surrounding concrete
- Repairs above or below grade concrete, just add water
- Quick set time, 15–30 minutes
- Withstands over 6000 PSI after 28-day cure

Size	Sales No.
5 Lbs./1 Gal. Bucket	6507-12326

**H&C® DURA-TOP™ Single-Component Broom Finish Concrete Resurfacer**

*Restaurador de superficies de concreto con acabado poroso de un solo componente H&C® DURA-TOP™*

- Final appearance like freshly poured and broomed concrete
- Ability to slope and fill spalls and low areas
- High impact and abrasion resistance

Size	Sales No.
50 Lb. Bag	6509-22065

**Concrete & Masonry Elastomeric Patches**

*Parches elastoméricos para concreto y mampostería*

- Bridge and seal cracks, voids and openings
- Use on walls, ceilings and around window and door surrounds
- Paintable

# ArmorSeal<sup>®</sup> Floor Coatings

# Choosing the Right Floor Coating

To make selecting the right products easy, Sherwin-Williams has paired some common applications with appropriate ArmorSeal® products. Standard and premium options are provided for each. If you have a more-specific project or your floor requires even greater durability, Sherwin-Williams also offers a full range of seamless resinous floor products and other advanced technology systems. Contact your local sales representative for details.

Standard Performance		Premium Performance	
Primer	Topcoat	Primer	Topcoat

## Light Foot Traffic

Application areas: Offices, janitorial closets, back rooms, service corridors and areas subject to light foot traffic or hand carts

Application Area	Standard Performance Primer	Standard Performance Topcoat	Premium Performance Primer	Premium Performance Topcoat
<b>Warehouse &amp; Storage</b>	Tread-Plex™ Water Based Acrylic Floor Coating	Tread-Plex™ Water Based Acrylic Floor Coating	1000 HS Epoxy*	1000 HS Epoxy* or HS Polyurethane Floor Enamel
<b>Retail, Healthcare General, Schools General</b>	Tread-Plex™ Water Based Acrylic Floor Coating	Tread-Plex™ Water Based Acrylic Floor Coating	1000 HS Epoxy*	1000 HS Epoxy* or HS Polyurethane Floor Enamel

## Light to Moderate Traffic

Application areas: Service areas, restrooms, locker rooms, aisleways, cafeteria floors

Application Area	Standard Performance Primer	Standard Performance Topcoat	Premium Performance Primer	Premium Performance Topcoat
<b>Automotive Showrooms</b>	8100 Water Based Epoxy*	1K Waterbased Urethane	33 Epoxy Primer/Sealer	650 SL/RC Self-Leveling Floor Epoxy* or HS Polyurethane Floor Enamel
<b>Automotive Service Areas, Schools, Restrooms (Non-shower), Locker Rooms</b>	1000 HS Epoxy*	Rexthane™ I – MCU Moisture Cure Urethane	33 Epoxy Primer/Sealer	650 SL/RC Self-Leveling Floor Epoxy* or HS Polyurethane Floor Enamel
<b>Auditoriums, Convention Centers</b>	1000 HS Epoxy*	1000 HS Epoxy*	33 Epoxy Primer/Sealer	650 SL/RC Self-Leveling Floor Epoxy* or HS Polyurethane Floor Enamel

\*These products are for interior use only.

# ARMORSEAL®

## The Importance of Surface Preparation

Proper preparation ensures strong adhesion and prolongs the service life of your floor coating system. Selecting the right preparation methods will depend on several factors, including the condition of the substrate, the environment and the ArmorSeal® products you've selected. One or more of the methods listed on the next page may be necessary. If you have any questions, consult your Sherwin-Williams representative.

# 1

## Determine the Prep Category for Your Product

Product Type Category	ArmorSeal® Product	Product Dry Film Thickness	CSP Requirement
<b>Sealer</b>	<ul style="list-style-type: none"> <li>▪ Tread-Plex™ Water Based Acrylic Floor Coating</li> <li>▪ Rexthane™ I – MCU Moisture Cure Urethane</li> <li>▪ HS Polyurethane Floor Enamel</li> <li>▪ 8100 Water Based Epoxy</li> </ul>	0–3 mils	CSP #1-3
<b>Thin-Film</b>	<ul style="list-style-type: none"> <li>▪ 8100 Water Based Epoxy</li> <li>▪ Water Based Epoxy Primer Gray</li> <li>▪ 33 Epoxy Primer/Sealer</li> <li>▪ 1K Waterbased Urethane Floor Enamel</li> <li>▪ 1000 HS Epoxy</li> </ul>	4–10 mils	CSP #1-3
<b>High-Build</b>	<ul style="list-style-type: none"> <li>▪ 650 SL/RC Self-Leveling Floor Epoxy</li> </ul>	10–30 mils	CSP #1-3

**NOTES:** Order ICRI chips through a Sherwin-Williams store or representative. Always refer to the product data sheet and product application bulletin for detailed surface preparation information.

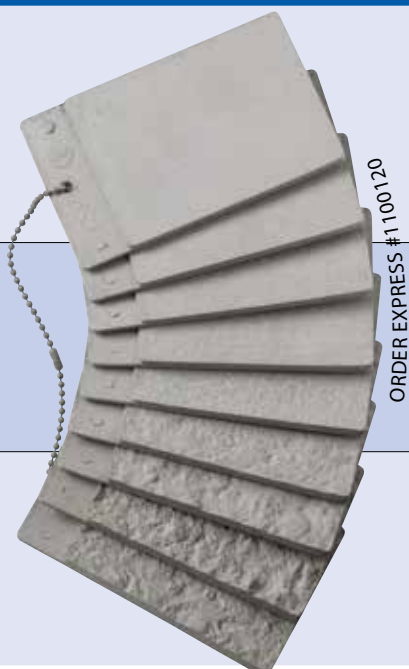

# 2

## Properly Clean Concrete Surface and Achieve Appropriate Concrete Surface Profile

Remove all oil, dust, grease, dirt and other foreign materials to ensure adequate adhesion. Follow the SSPC-SP13/NACE 6 standard for concrete surface preparation.

<b>Concrete Surface Profile (CSP) Required</b> ICRI Chips as Referenced Below (ORDER EXPRESS #1100120)	<b>Acceptable Methods of Preparation</b>
<b>CSP #1-3</b>	<ul style="list-style-type: none"> <li>▪ Scrubbing</li> <li>▪ Low-pressure water</li> <li>▪ Sand-blasting</li> <li>▪ Diamond grind</li> </ul>
<b>CSP #3-5</b>	<ul style="list-style-type: none"> <li>▪ Sand-blasting</li> <li>▪ Shot-blasting</li> <li>▪ Diamond grind</li> </ul>
<b>CSP #5-10</b>	<ul style="list-style-type: none"> <li>▪ Sand-blasting</li> <li>▪ Shot-blasting</li> <li>▪ Scarifying</li> <li>▪ Needle-scaling</li> </ul>

**Up to 80% of all coating failures can be attributed to inadequate surface preparation. Ask Sherwin-Williams™ how to achieve a sound surface.**

**ArmorSeal® Commercial Floor Coatings / Revestimientos comerciales para pisos ArmorSeal®**

**ArmorSeal® Tread-Plex™ Water Based Acrylic Floor Coating**

*Revestimiento acrílico para pisos a base de agua ArmorSeal® Tread-Plex™*

- General purpose, single-component, interior/ exterior, 100% acrylic, waterborne floor coating
- Dries fast to a tough, alkali-resistant finish
- Stands up to heavy use and cleaning equipment
- Resists abrasion, grease and oils

Size	Color	Sales No.
1 Gal.	Extra White/Tint Base	6405-16837
5 Gal.	Extra White/Tint Base	6405-16845

Available in additional colors. See store for details.

**ArmorSeal® Rexthane™ I – MCU Moisture Cure Urethane**

*Revestimiento de uretano de curado en húmedo ArmorSeal® Rexthane™ I*

- High solids, single-component, aliphatic, moisture-cure urethane industrial floor coating
- Cures to a high gloss and chemical-resistant film equivalent to two-part urethane coatings
- Impact, abrasion and chemical resistant
- Suitable for use in USDA-inspected facilities

Size	Color	Sales No.
1 Gal.	White	6403-28597
5 Gal.	White	6403-86082

Available in additional colors. See store for details.

**ArmorSeal® 1K Waterbased Urethane Floor Enamel**

*Esmalte de uretano para pisos a base de agua ArmorSeal® 1K*

- Provides outstanding color and high-gloss performance
- Single-component comparable to two-component urethane

Size	Color	Sales No.
1 Gal.	Extra White	6403-65912
5 Gal.	Extra White	6403-65920

Available in additional colors. See store for details.

**ArmorSeal® 1000 HS Epoxy**

*Revestimiento epóxico para pisos ArmorSeal® 1000 HS*

- High solids, heavy-duty, two-component, catalyzed, polyamide epoxy
- Formulated for demanding marine and industrial requirements
- Rapid-dry, tough, high-gloss finish
- Resists alkalis, abrasion, corrosion and chemicals

Size	Color	Sales No.
1 Gal.	Extra White A	6405-16530
5 Gal.	Extra White A	6405-16548
1 Gal.	Hardener B	6401-20408
5 Gal.	Hardener B	6401-73555

Available in additional colors. See store for details.

**ArmorSeal® Water Based Epoxy Primer/Sealer**

*Imprimador/sellador epóxico a base agua ArmorSeal®*

- Two-component product compatible with most high-performance finish coats

Size	Color	Sales No.
1 Gal. Kit	Clear	240-0067
4 Gal.	Clear Parts A & B	240-0075
1 Gal.	Hardener Part B	240-0083

**ArmorSeal® 650 SL/RC Self-Leveling Floor Epoxy**

*Epóxico autonivelado para pisos ArmorSeal® 650 SL/RC*

- Durable two-component, high-performance floor system
- Provides a high-gloss, seamless, non-slip, hygienic surface (may be topcoated)
- Suitable for use in USDA-inspected facilities

Size	Color	Sales No.
1 Gal.	White Parts A & B	240-1800
3-1/3 Gal.	White Part A	240-1818
5 Gal.	Hardener	240-1792

Available in additional colors. See store for details.

### ArmorSeal® 33 Epoxy Primer/Sealer

*Imprimador/sellador epóxico ArmorSeal® 33*

- A low-viscosity, 100% solids, high-build, fast cure, epoxy primer
- Designed for use under ArmorSeal® 650 SL/RC and ArmorSeal® 650 HB or where a high-build primer is needed
- Penetrates concrete substrate to enhance adhesion and reduce bubbling and pinholes

Size	Color	Sales No.
1 Gal. Kit	Light Gray Parts A & B	240-0000
3-1/2 Gal.	Light Gray Part A	240-0018
1 Gal. Kit	Clear Parts A & B	6403-43760
3-1/2 Gal.	Clear Part A	6403-43778
1-1/2 Gal.	Hardener Part B	240-0026

### ArmorSeal® HS Polyurethane Floor Enamel

*Esmalte de poliuretano para pisos ArmorSeal® HS*

- Heavy-duty exterior/interior, two-component, high-solids, industrial floor coating
- Chemical resistant

Size	Color	Sales No.
1 Gal.	Extra White A	6015-48985
5 Gal.	Extra White A	6015-48993
1 Gal.	Hardener B	6403-85894
5 Gal.	Hardener B	6403-85308

Available in additional colors. See store for details.

### ArmorSeal® Hi-Wear Additive

*Aditivo de alta resistencia ArmorSeal®*

- Durable, abrasion resistant and non-slip
- Add to acrylic, urethane or epoxy
- Reinforce with ArmorSeal® Hi-Wear Additive for 2 to 5x more durability

Size	Sales No.
1 Qt.	6506-93989

### ArmorSeal® Flexible Joint Sealant

*Sellador flexible para juntas ArmorSeal®*

- Two-component polymer hybrid provides a resilient filler for horizontal expansion joints
- Excellent flexural strength and elongation — maintains impressive tensile strength
- Good adhesive strength and flexibility over a wide temperature range

Size	Color	Sales No.
2 Gal. Kit	Gray Parts A & B	240-0646

### ArmorSeal® Crack Filler Epoxy

*Rellenador de grietas epóxico ArmorSeal®*

- Two-component epoxy paste seals and smooths over concrete, metals, plastics (FRP), wood or masonry
- Nonsagging formula can be used on vertical and horizontal surfaces
- Resistant to salt water, oils, fuels and chemicals
- Solvent-free and nontoxic

Size	Color	Sales No.
2 Gal. Kit	Gray Parts A & B	240-0653

### ArmorSeal® ExpressPatch Fast Dry Urethane

*Parchado express de uretano con secado rápido ArmorSeal®*

- Self-leveling, quick-dry waterbased urethane slurry floor patch kit
- Repairs and protects concrete and masonry
- Resists thermal shock, impact, corrosion, mild chemical attack and abrasion
- Inhibits microbial growth

Size	Color	Sales No.
½ Gal.	Dark Gray	6403-55491

### ArmorSeal® 8100 Water Based Epoxy

Revestimiento epóxico para pisos a base de agua ArmorSeal® 8100

- All purpose, breathable, chemical and abrasion resistant two-component polyamine
- Easy application, self-priming over concrete
- Meets LEED® v4 criteria under IEQ low-emitting materials

Size	Color	Sales No.

**SHERWIN-WILLIAMS**

# The best roof coating solutions are those you don't have to think about.

While roofing systems account for only 10% of the cost of building construction, the roof serves to protect 100% of a building and its contents. UNIFLEX® offers innovative high-performance roof coatings, supported by industry-leading warranties, to protect buildings of all sizes throughout North America.

# The UNIFLEX<sup>®</sup> Advantage. The Best Protection Starts at the Top.

An underperforming roof coating can lead to costly damage inside the facility, building envelope disintegration, and increased costs of ongoing maintenance and repairs. UNIFLEX is the right choice for increasing the longevity of your building by improving the integrity of your entire roofing system.

## UNIFLEX delivers:

### Cost-saving installation

Roof coatings are typically easier to install than a conventional tear-off roof. They eliminate unnecessary construction waste and avoid the high costs of tear-off, disposal and replacement.

### No disruption to occupants

Nontoxic formulation means no interruption of business, occupants remain in place.

### Simplifies ongoing maintenance

Roof coatings are easily recoated, making regular maintenance easier and less expensive.

### Enhanced performance

Resists blistering, chalking, checking, cracking and flaking.

### Proven performance

UNIFLEX systems eliminate seams, the most common source of roof leaks. Our thick, flexible protective coatings provide lasting, easy-to-maintain waterproof protection.

### Longer life cycle of the building

Installs onto existing roofs to extend the service life of the facility.

### Reduced energy costs with up to 90% reflectivity

Dramatically lowers the temperature of the underlying roof, preventing degradation and reducing cooling costs. According to EnergyStar.gov, having a white, reflective roof reduces the roof's surface temperature by up to 100° F, significantly decreasing the amount of heat transferred into the building and reducing peak cooling demands. Higher reflectivity = lower energy consumption and lower cooling costs.

### Environmentally responsible, safer process

Formulations don't require hot kettles or flames during installation.

### Utility rebates

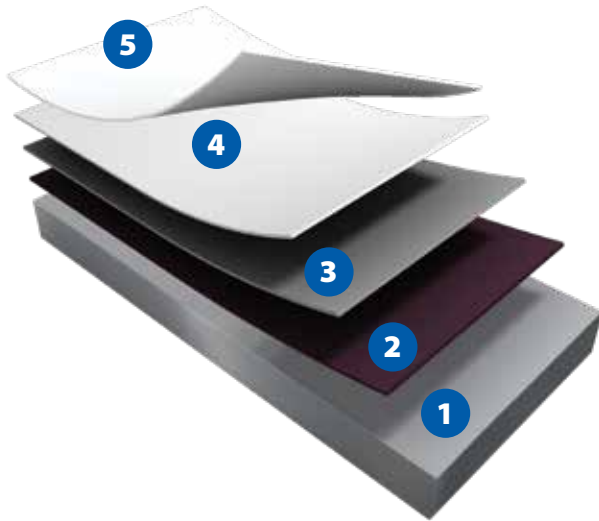

Some utility companies offer rebates to building owners who conserve energy by using white reflective roof coatings. Contact your electric utility provider for energy rebate offers. Complete details can be found at [www.dsireusa.org](http://www.dsireusa.org).

# Understanding Fluid Applied Roof Coating Systems

UNIFLEX offers a variety of fluid applied roofing system solutions to meet the demands of practically any roofscape or climate. These systems minimize thermal shock, ensuring better performance and longer service life.

- 1** Roof substrate
- 2** UNIFLEX primer (optional)
- 3** UNIFLEX base coat
- 4** UNIFLEX premium finish coat
- 5** UNIFLEX One Flash Flashing Grade Sealant

## UNIFLEX Fluid Applied Roofing Systems

- Acrylic and silicone-based formulations
- Monolithic systems designed to fully adhere to protect even the most challenging roofs
- Highly reflective to reduce energy consumption and extend the building's life cycle
- High-performance weatherproofing protection for challenging climates and weather conditions
- Fully adhered liquid applied systems limit tenting, bridging and wrinkles typical of reinforcement fabrics
- Accessory grade flashing sealant, One Flash for details; low-temperature performance

### UNIFLEX Fluid Applied Roofing Systems are engineered to restore these existing roof types:

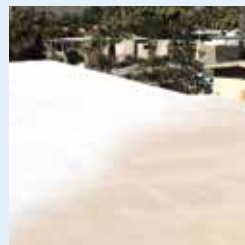

METAL

SINGLE-PLY

CONCRETE

POLYURETHANE  
FOAM

ASPHALT/BUR/  
GRANULAR CAP SHEET

A new roof system is a substantial investment. Understanding the following will help you choose the right roofing materials. Take into consideration product performance when purchasing roof coating materials:

### **Reflective Roof Coatings**

Reflective coats provide superior flexibility and durability. UNIFLEX offers elastomeric roof coatings in highly reflective white, as well as custom shades in a variety of colors.

### **Aluminum Roof Coatings**

Aluminum finish coats are proven to protect a roof surface from the elements. They provide a protective aluminum finish with weatherproofing capabilities.

### **Basecoats and Primers**

Proper surface preparation is key to a successful coating job. UNIFLEX offers a full line of basecoats and primers.

### **Roof Repair Sealants, Fabrics and Tapes**

Patch and repair to stop leaks and roof deterioration with our patch and repair products.

### **Roof Sealants**

High-quality performance sealants provide a flexible, watertight seal of protection in a variety of technologies, sizes and colors.

**UNIFLEX**<sup>®</sup>  
Fluid Applied Roofing Systems

**UNIFLEX Fluid Applied Roofing Systems deliver the perfect solution for all of these requirements.**

# Testing & Approvals

**UNIFLEX products are developed in state-of-the-art facilities and certified by a wide variety of industry agencies.**

UNIFLEX products are certified and rated by a wide variety of industry agencies, including ENERGY STAR® (a joint program of the U.S. Environmental Protection Agency and the U.S. Department of Energy) and the Cool Roof Rating Council (CRRC). UNIFLEX Fluid Applied Roofing Systems have a number of different roof assemblies tested by Factory Mutual (FM 4470) standard. UNIFLEX coatings are also UL Class A Approved and meet the stringent requirements of Title 24, NSF, and Miami-Dade County Florida Building Code.

**UNIFLEX has certified and rated products/systems for the following:**

- Energy Star Certified Products
- CRRC Rated Products
- NSF Certified Products
- Miami-Dade Certified Products
- UL Certified Products
- FM Certified Products
- FM 4470 Certified Assembly Systems

## UNIGUARD™ WARRANTY

Making an investment in roof restoration is an important decision. To have the added peace of mind knowing that a high-performance roof system was professionally installed by an authorized contractor and that it is backed by one of the roofing industry's best warranties makes that decision easier. Through the UNIGUARD Warranty Program, UNIFLEX offers both material and total system warranties for many of the different fluid applied roofing system installations.

Roof Coatings / Revestimientos para techo

**UNIFLEX® Silicone44™ Rubberized Silicone Roof Coating**

Revestimiento de goma de silicona para techo UNIFLEX® Silicone44™

- Excellent flow and leveling
- Ponding water resistance
- Limited lifetime warranty

Size	Color	Sales No.
5 Gal.	White	6509-63036
55 Gal.	White	6509-63051
5 Gal.	Gray	6509-63069
55 Gal.	Gray	6509-63077

**UNIFLEX® Silicone22™ Low Solids Rubberized Silicone Roof Coating**

Revestimiento de goma de silicona para techo con bajo contenido de sólidos UNIFLEX® Silicone22™

- Ponding water resistance
- Excellent flow and leveling
- Limited lifetime warranty

Size	Color	Sales No.
5 Gal.	White	1020-44062
55 Gal.	White	6511-10165

**UNIFLEX® Premium Acrylic Elastomeric Roof Coating**

Revestimiento de elastomérico acrílico para techo de primera calidad UNIFLEX®

- Elastomeric for excellent flexibility
- Premium grade for labor and material warranties
- Highly reflective to lower interior temperatures

Size	Color	Sales No.
5 Gal.	White	992-1156
55 Gal.	White	992-1164
5 Gal.	Gray	992-1206
55 Gal.	Gray	992-1214

**UNIFLEX® Premium Acrylic Elastomeric Tint Bases**

Bases de tinte elastomérico acrílico de primera calidad UNIFLEX®

- Must tint with EnviroToner Colorant system
- Custom match or shade to any of 17 selected colors

Size	Color	Sales No.
5 Gal.	Pastel Tint Base	992-1362
5 Gal.	Deep Tint Base	992-1347
5 Gal.	Accent Tint Base	112-8453

### UNIFLEX® Elastomeric MB Base Coat

Base elastomérica para betún modificado UNIFLEX®

- Outstanding adhesion
- 100% acrylic formulation
- Resists cracking and peeling

Size	Color	Sales No.
5 Gal.	White	992-1263
55 Gal.	White	992-1271
5 Gal.	Gray	6503-67840
55 Gal.	Gray	6503-67899

### UNIFLEX® SPE Acrylic Base Coat, Gray

Base acrílica UNIFLEX® SPE, gris

- Unique cross-linking polymer
- Provides enhanced adhesion
- Use on EPDM, Hypalon and approved single-ply membranes

Size	Color	Sales No.
5 Gal.	Gray	992-1222
55 Gal.	Gray	992-1230

### UNIFLEX® Rust Inhibitive Metal Primer

Primer para metal inhibidor de óxido UNIFLEX®

- Excellent corrosion resistance
- Red zinc chromate formula
- Use on all types of metal surfaces

Size	Color	Sales No.
5 Gal.	Red	992-1107
55 Gal.	Red	155-6562

No Link Available

### UNIFLEX® Acrylic Rust Inhibitive Metal Primer

Primer de metal inhibidor de óxido acrílico UNIFLEX®

- Corrosion-resistant primer for metal roof surfaces
- Good adhesion to difficult surfaces, including pre-finished metal roofing containing fluorocarbon
- Use on all types of metal surfaces

Size	Color	Sales No.
5 Gal.	White	6501-74808
55 Gal.	White	6503-89992

No Link Available

### UNIFLEX® Black Asphalt Primer

Primer de asfalto negro UNIFLEX®

- Restores oils and rejuvenates dried-out asphalt surfaces such as smooth surface built-up and modified bitumen roofs prior to coating with UNIFLEX Aluminum Coatings
- Can be applied over smooth BUR and modified bitumen

Size	Color	Sales No.
5 Gal.	Black	992-1008
55 Gal.	Black	992-1016

No Link Available

### UNIFLEX® Bond-It™ Wash Primer

Primer de lavado UNIFLEX® Bond-It™

- 100% water based
- Acts as a cleaner primer for EPDM membranes by breaking the chemical bond of the inorganics on the surfaces of the rubber membrane, preparing the surface for the UNIFLEX Elastomeric Coating System

Size	Sales No.
5 Gal.	992-1115

No Link Available

### UNIFLEX® Acrylic Concrete Primer

*Primer de concreto acrílico UNIFLEX®*

- High-performance primer
- Highly alkali and efflorescence resistant
- Can be applied to surfaces with a pH of 6 to 13
- Seals and adheres to concrete

Size	Color	Sales No.
5 Gal.	White	6504-67731

### UNIFLEX® One Flash Permanent Roof Repair Sealant

*Sellador permanente de tapajuntas para reparación de techo UNIFLEX®*

- No tape or fabric needed
- Single-step application for reduced labor time
- Can be recoated by acrylic and silicone roof coatings

Size	Color	Sales No.
20 Oz.	Gray	6510-47557
2 Gal.	Gray	6510-38820
5 Gal.	Gray	6510-38846

### UNIFLEX® 44-900 Silicone Rubberized Roof and Flashing Sealant

*Sellador de silicona engomada para techos y tapajuntas UNIFLEX® 44-900*

- Permanently flexible
- Durable, weather-resistant seal
- Recoat with silicone roof coatings

Size	Color	Sales No.
10 Oz.	White	6509-71245
2 Gal.	White	6509-71252

### UNIFLEX® MS Hybrid Roofing Sealant

*Sellador híbrido para techo UNIFLEX® MS*

- Premium moisture curing, nonsolvent, hybrid bonding sealant
- Remains flexible, will not crack, and will not shrink during curing
- Can be applied in damp conditions and withstands ponding water

Size	Color	Sales No.
9.5 Oz.	Clear	6504-33105
10 Oz.	White	6504-33089
10 Oz.	Black	6504-33097

### UNIFLEX® Tripolymer Roofing Sealant

*Sellador de tripolímero para techo UNIFLEX®*

- Designed for roofing applications without surface preparation
- High-performance solvent elastomeric sealant

Size	Color	Sales No.
10.3 Oz.	Clear	6504-33121
29 Oz.	Clear	6504-33188
10.3 Oz.	White	6504-33196
29 Oz.	White	6504-42635
10.3 Oz.	Black	6504-33212
29 Oz.	Black	6504-33220

### UNIFLEX® Acrylic Patching Cement

*Concreto acrílico para reparar UNIFLEX®*

- Long-lasting, durable, resilient patch
- UV and water resistant

Size	Color	Sales No.
2 Gal.	White	6504-67673
5 Gal.	White	992-1149

### UNIFLEX® Polyester Fabric

*Tela de poliéster UNIFLEX®*

- Exceptionally strong
- Accommodates expansion and contraction
- Use for reinforcement, or in cap sheet system

Size	Sales No.
6" x 324' Roll	992-1339
12" x 324' Roll	6502-01742
40" x 324' Roll	992-0992

### UNIFLEX® Seam Tape

*Cinta para uniones UNIFLEX®*

- Self-adhering, butyl rubber waterproofing tape
- Strong, polyester fabric facing
- Seals seams, flashings and penetration

Size	Sales No.
2" x 50' Roll	992-1073
4" x 50' Roll	992-1081
6" x 50' Roll	992-1099
8" x 50' Roll	155-6554

Roof Coating Equipment / Equipo de revestimiento para techos

# Choosing the Right Striping Equipment

Line strippers produce precise lines on surfaces like parking lots, roads and athletic fields. Use this guide to choose equipment to complete your striping job quickly and efficiently.

## What is the size of your typical striping job?

### Light Duty

Small parking lots (20–30 lines),  
athletic fields

### Medium Duty

Medium parking lots  
(40–100 lines)

### Heavy Duty

Large parking lots (airports,  
shopping centers), highways

## Do you need a striper for indoor use?

Choose a unit powered by a rechargeable battery for safe operating in enclosed spaces, including:

### An electrical unit like...

LineLazer® 1000 ES

P. 248

Turf Marking Equipment / Equipo de marcado para césped

FieldLazer™ S100

- 35cc, 4-stroke Honda GX engine
- Supports Tip Size: .021
- 900 PSI
- Weight: 80 Lbs.
- Pump Type: Piston

Application	Sales No.
Light	993-7855

FieldLazer™ S90

- 12V maintenance-free battery
- Supports Tip Size: .015
- 900 PSI
- Weight: 60 Lbs.
- Pump Type: Piston

Application	Sales No.
Light	125-1636

Spray Equipment / Equipo de rociado

PowrLiner™ 850

- Engine: 37.7cc Gas
- .33 GPM
- Supports Tip Size: .021
- Adjustable up to 3000 PSI
- Weight: 65 Lbs.
- Pump Type: Clutch Piston
- Lockable or free wheel front caster

Application	Sales No.
Light	100-1981

LineLazer™ 1000 ES

- Battery operated
- Motor: 1.2 HP Brushless DC
- On-board inverter charger
- .60 GPM, 3300 PSI
- Supports Tip Size: .025
- Guns Supported: 1
- Weight: 340 Lbs.
- Pump Type: ProConnect

Type	Sales No.
Bare, 1 Gun	1012-94650
With Battery and 1 Gun	1012-94668

LineLazer™ 3400

- Motor: 120cc Honda GX
- .75 GPM, 3300 PSI
- Supports Tip Size: .027
- Guns Supported: 1
- Weight: 160 Lbs.
- Electronic pressure control
- Pump Type: Endurance Chromex Pump

Application	Sales No.
Light	1012-94742

### PowrLiner™ 3500

- Engine: Honda GX120
- 0.75 GPM, 3300 PSI
- Supports Tip Size: .027
- Weight: 142 Lbs.
- Pump Type: Sealed Hydraulic

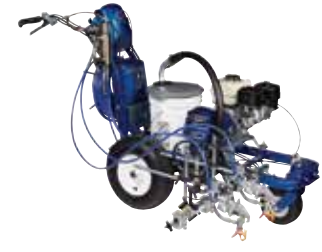

Application	Sales No.
Medium	1013-13542

### LineLazer™ V ES 2000

- Motor: 2.2 HP Brushless DC
- 1.10 GPM, 3300 PSI
- Supports Tip Size: .033
- Weight: 430 Lbs.
- Pump Type: Direct Drive Piston

## Line Striping Drivers / Carritos para demarcación

### LineDriver® Ride-On Attachment

*Carrito para montar LineDriver®*

- Motor: 160cc Honda GX
- Forward up to 10 mph (16 km/h)
- Capacity: .95 Gal. (3.6 L)
- Engine Start: ProStart System
- Tires: Tubeless Pneumatic, 16"l x 4"w
- Weight: 265 Lbs.

Sales No. 160-6102

### LineDriver® HD Ride-On Attachment

*Carrito para montar LineDriver® HD*

- Motor: 200cc Honda GX
- Forward up to 10 mph (16 km/h)
- Capacity: .95 Gal. (3.6 L)
- Engine Start: ProStart System
- Tires: Tubeless Pneumatic, 16"l x 5.5"w
- Weight: 275 Lbs.

Sales No. 160-6110

### LineDriver® ES Ride-On Attachment

*Carrito para montar LineDriver® ES*

- Motor: Electric
- Forward up to 10 mph (16 km/h)
- 4 AGM Batteries (8-Hour Run Time)
- Engine Start: Auto Start
- Tires: Tubeless Pneumatic, 16"l x 5.5"w
- Weight: 500 Lbs.

Sales No. 1017-97686

### ThermoLazer® 200 TC System

*Sistema TC 200 ThermoLazer®*

- Exterior Construction: Aluminum
- Fuel Source: LP Gas, 20 Lbs.
- Main Burners: Single/30,000 BTU
- Temperature Control: Thermostat
- Die Heater: 4 in. FlexDie, Bi-Flame System
- Direction Control: Locking Rear Swivel Wheel
- Bead Dispenser: No-Tool Variable Width
- Bead Reservoir: 40 Lbs.
- Weight: 260 Lbs.

Application	Sales No.
Heavy	1004-30073

### ThermoLazer® 300 TC System

*Sistema TC 300 ThermoLazer®*

- Exterior Construction: Aluminum
- Fuel Source: LP Gas, 20 Lbs.
- Main Burners: Twin Burner/30,000 BTU
- Temperature Control: Thermostat
- Die Heater: SmartDie II with Tri-Flame System
- Direction Control: Locking Rear Swivel Wheel
- Bead Dispenser: No-Tool Variable Width
- Bead Reservoir: 90 Lbs.
- Weight: 295 Lbs.
- Material Capacity: 300 Lbs.

Application	Sales No.
Heavy	569-6307

### ThermoLazer® ProMelt System

*Sistema ProMelt ThermoLazer®*

- Exterior Construction: Aluminum
- Fuel Source: LP Gas, 20 Lbs.
- Main Burners: ProMelt Technology with 4 Chambers/100,000 BTU
- Temperature Control: Thermostat
- Die Heater: Tri-Flame System
- Direction Control: Locking Rear Swivel Wheel
- Bead Dispenser: No-Tool Variable Width
- Bead Reservoir: 90 Lbs.
- Weight: 345 Lbs.
- Material Capacity: 300 Lbs.

Application	Sales No.
Heavy	938-9909

# Your equipment is an important investment.

—  
Improve your results, increase your productivity and help expand your business with the right equipment.

# Anatomy of a sprayer

## + Pump

Piston pumps are very popular. These only run when needed, and can handle thicker materials. Sealed hydraulic pumps eliminate the need for packings that can need replacement over the sprayer's lifetime.

## + Spray Gun

More advanced spray guns weigh less, require less trigger pressure, and can be adjusted for user comfort to significantly reduce fatigue.

## + Hose

Longer hoses provide excellent flexibility, but take much more material to fill before spraying. Balancing the number of guns, hose length and motor size is an important part of productivity.

## + Motor and Drive System

Electric airless pump motors come in AC, DC and Universal, with DC being the most common and the most forgiving of power fluctuations on the jobsite. As motor size increases, so do the maximum PSI and GPM.

## + Tip

Tips have the most impact on the finish. See our tip selection guide on P. 268.

## + Chassis

Sprayer configuration impacts its portability (wheeled or hand carry) and storage requirements (vertical or horizontal).

# Choosing the Right Airless Sprayer

## What are your power source requirements?

If you have this requirement...	Consider this power source	
My jobs require quiet operation.	 <b>Electric</b>	See Pages 257 – 260
I work indoor jobs so I can't have emissions.	 <b>Electric</b>	See Pages 257 – 260
Some of my jobs do not have access to electricity.	 <b>Gas</b>	See Pages 260 – 262
My jobs require portability.	 <b>Gas</b>	See Pages 260 – 262
I need a sprayer capable of very high output.	 <b>Gas</b>	See Pages 260 – 262

## How much paint do you spray per week?

The airless sprayers in this catalog are organized by power source, from light duty to heavy duty. Look for your preferred power source to start narrowing your selection.

It's a good idea to allow your business room to grow when you begin considering sprayer capability options.

### Consider this:

- What material types will you spray? Now and in the future?
- How many gallons do you currently spray apply per week?
- How much do you spray on your busiest weeks?
- Do you expect this amount to grow in the near future?

## What is your maximum crew size?

Choose adequate gun support for your crew size now — and in the near future.

Airless sprayers can support from 1-6 guns, depending on motor size, hose length and paint viscosity. Make sure you account for tip size when thinking through how you'll use multiple guns.

## What are your mobility requirements?

Sprayer hose length can range from 50' to 300'. Be sure your hose length can accommodate the way you work.

- If you want to keep the sprayer nearby while you work, a 50' hose will work.
- If you want to move within a building while keeping your sprayer stationary, choose a longer option.

**Electric Airless Sprayers / Rociadores eléctricos sin aire**

**FlexSpray™ Handheld**

*Rociador portátil FlexSpray™*

- The power of airless and the control of HVLP

### PowrBeast™ 9700

- Unmatched durability and performance for large jobs
- 3.0 GPM, 3300 PSI; 500+ Gallons per Week
- Supports Tip Size: .055; Guns Supported: 5 (.023 Tip)

Frame	Sales No.
High	1013-13500

### GMAX™ II 5900

- The industry standard for contractors who spray a wide variety of coatings
- 1.6 GPM, 3300 PSI
- Supports Tip Size: .043; Guns Supported: 3 (.023 Tip)

Frame	Sales No.
Standard Hi-Boy	1017-97546
ProContractor Hi-Boy	1017-97553
IronMan™ Hi-Boy	1017-97561
Standard Low	1017-97512

### GMAX™ II 7900

- Handles a wide range of tip sizes, hose lengths, multiple guns and heavier coatings with ease
- 2.20 GPM, 3300 PSI; 500+ Gallons per Week
- Supports Tip Size: .048; Guns Supported: 4 (.023 Tip)

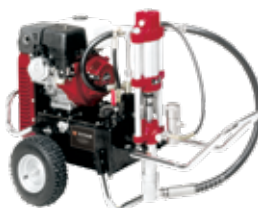

Frame	Sales No.
Standard High	1017-97595
ProContractor High	1017-97603
IronMan™ High	1017-97611
Standard Low	1017-97579

### GH™ 933

- Maximum performance with unmatched versatility
- 2.50 GPM, 7250 PSI; 500+ Gallons per Week
- Supports Tip Size: .053; Guns Supported: 5 (.023 Tip)

Frame	Sales No.
Low – Bare	1000-22177
Low – Complete	1000-19884

### Hydra Pro™ IV

- For any job where maximum power is required and dependability is critical
- 2.50 GPM, 3300 PSI; 500+ Gallons per Week
- Supports Tip Size: .050; Guns Supported: 5 (.021 Tip)

Frame	Sales No.
Low	408-6757

### GH™ 300 Complete

#### GH™ 300 complete

- One of the most powerful hydraulic sprayers for high production contractors
- 3.0 GPM, 3300 PSI
- Supports Tip Size .057

Frame	Sales No.
Standard Low	1005-55804
ProContractor Low	1005-55812

### PowrTwin™ 12000 Plus

- The tireless workhorse designed to quickly convert to gas or electric power
- 3.15 GPM, 3600 PSI
- Supports Tip Size: .058; Guns Supported: 6 (.024 Tip)
- Complete with Gun, Hose and Tip
- CETL Certified

Frame	Sales No.
Low	599-4157

### PowrTwin™ 12000 Plus DI

- The most efficient siphon system on the market today handles very heavy coatings
- 3.15 GPM, 3600 PSI
- Supports Tip Size: .058; Guns Supported: 6 (.024 Tip)

Frame	Sales No.
Low	119-6799

No Link Available

### Hydra X™ 4540

- Makes the job easier and more productive with the power, durability and performance to spray the toughest coatings
- 4.0 GPM, 4500 PSI; 500+ Gallons per Week
- Supports Tip Size: .067; Guns Supported: 5 (.025 Tip)

Frame	Sales No.
Low	1024-44841

No Link Available

### Hydra X™ 7230

- Makes the job easier and more productive with the power, durability and performance to spray the toughest coatings
- 2.80 GPM, 7200 PSI; 500+ Gallons per Week
- Supports Tip Size: .057; Guns Supported: 5 (.021 Tip)

Frame	Sales No.
Low	1024-44932

# Choosing an HVLP or Fine Finish Sprayer

## What are your productivity needs?

Sprayers in this category range from light duty to high production work.

- **High Volume Low Pressure (HVLP) sprayers** are designed for small detailed work that requires the highest-quality finish.
- **Air-Assisted Fine Finish sprayers** are designed for larger jobs that demand a high-quality finish.

Light Duty	HVLP
Medium Duty	HVLP
Heavy Duty	HVLP
High Production	Air-Assisted Fine Finishing

## What type of paint do you spray?

Not all HVLP sprayers are equipped to handle thick latex paint because of their lower pressure.

**ALL** HVLP/Fine Finish sprayers can be used

**SOME** HVLP/Fine Finish sprayers can be used

Verify the capabilities of your model

**HVLP & Fine Finishing** / *Volumen alto, presión baja (high volume low pressure, HVLP) y acabado fino*

**FinishPro™ HVLP 9.0**

- On-demand power control and easy operation with independent material, air and spray fan controls
- Sprays: Stains, Lacquers, Alkyd-Based Paints and Thinned Latex-Based Paints
- 4-Stage Turbine, 9.0 PSI

Application	Type	Sales No.
Heavy	Standard	1012-94676
Heavy	ProContractor	1012-94692

**Capspray™ 75**

- Agility and finish combine to offer absolute consistency
- Sprays: Stains, Lacquers, Alkyd-Based Paints and Thinned Latex-Based Paints
- 3-Stage Turbine, 7.5 PSI

Application	Sales No.
Medium	572-7235

**Capspray™ 95**

- When agility, consistency and more power are needed
- Sprays: Stains, Lacquers, Alkyd-Based Paints and Thinned Latex-Based Paints
- 4-Stage Turbine, 9.5 PSI

Application	Sales No.
Heavy	572-7243

**Capspray™ 105**

- For long-term durability spraying heavier bodied coatings
- Sprays: Stains, Lacquers, Alkyd-Based Paints and Latex-Based Paints
- 5-Stage Turbine, 10.5 PSI

Application	Sales No.
High Production	573-4025

**Capspray™ 115**

- For long-term durability and the highest atomization spraying heavier bodied coatings
- Sprays: Stains, Lacquers, Alkyd-Based Paints and Latex-Based Paints
- 6-Stage Turbine, 11.5 PSI

Application	Sales No.
High Production	573-4033

No Link Available

**ED655 Plus**

- Compact, lightweight, dedicated finishing system
- Sprays: Stains, Lacquers, Alkyd-Based Paints and Thinned Latex-Based Paints
- 1/2 HP, TEFC, 2800 PSI

Application	Sales No.
High Production	868-8244

No Link Available

**FinishPro™ GX19 Airless**

- Rociador sin aire FinishPro™ GX19*
- Fast, portable solution for small finishing jobs
  - Sprays: Stains, Lacquers, Alkyd-Based Paints and Thinned Latex-Based Paints
  - 1/2 HP DC, 3000 PSI

Application	Sales No.
High Production	1006-65009

**Air-Assisted Fine Finishing / Acabado fino asistido por aire**

**AirCoat Air-Assisted Airless**

*Rociador sin aire asistido por aire AirCoat*

- Combines the speed and power of airless with the precise control of HVLP
- ½ HP TEFC Induction, 2800 PSI, .35 GPM/.017 Tip Size
- Sprays: Stains, Lacquers, Alkyd-Based Paints and Latex-Based Paints

Sales No. 220-7660

**FinishPro™ 595 PC Fine Finish Air-Assisted Airless Sprayer**

*Rociador sin aire de acabado fino asistido por aire FinishPro™ 595 PC*

- Finish commercial and industrial jobs faster with more features and higher flow
- 0.7 GPM/.027 Airless/.023 Air-Assisted Tip Size
- 3.2 @ 35 PSI

Sales No. 1005-55622

**Why is thermoplastic becoming the preferred line striping method?**

**LONG-LASTING LINES**

Up to 5 times longer than alternatives

**SAFE**

Retroreflectivity is built into the thermoplastic material

**PROFIT**

More profit per foot than most alternative methods

**SIMPLE TO USE**

Short learning curve = long-lasting knowledge for operators

**Thermoplastic Stripers / Demarcadores termoplásticos**

**ThermoLazer 200 TC**

- The premiere solution for smaller thermoplastic striping jobs
- Built-in die adjustment and direct flames will give you great lines every time

Sales No. 1004-30073

**ThermoLazer 300 TC**

- 300 lb. material kettle for more striping and less time spent refilling
- Easy to maneuver EasyGlide Wheel Mount System
- Safe, reliable Tri-Flame Die Heat System

Sales No. 569-6307

**ThermoLazer ProMelt**

- Avoid the additional costs of adding a premelt kettle truck or trailer
- Melt 300 lbs. of thermoplastic on board in less than an hour

Sales No. 938-9909

Texture Sprayers / Rociadores de textura

**Power Tex®**

- Features a built-in air turbine that makes it easy to tackle a variety of texturing projects
- Sprays: Simulated Acoustics and Drywall Mud
- Typical Applications: Small Area and Touch-Up Applications
- 4 PSI, GPM based on material

Application	Sales No.
Light	120-0336

**Spray-Pro® Hopper Gun**

*Pistola de tolva Spray-Pro®*

- Sprays acoustic materials, wall texture materials and most interior/exterior materials
- Improved comfort grip handle
- Operates with any compressor with a minimum 2.4 CFM @ 90 PSI

Application	Sales No.
Light	125-0679

**TexSpray™ Hopper Gun**

*Pistola de tolva TexSpray™*

- Delivers the power of a large spray rig in the palm of your hand
- Sprays: Simulated Acoustics and Drywall Mud
- Typical Applications: Small Area and Touch-Up Applications

Application	Sales No.
Light	220-6852

No Link Available

**TexSpray™ FastFinish Standard Texture Spray System**

*Sistema de rociado de textura estándar con acabado rápido TexSpray™*

- Get the job done faster with reduced fatigue
- Sprays: Simulated Acoustics, Drywall Mud, Textured Acrylics, Synthetic Stucco and Deck Coatings
- 60 PSI, GPM based on material

Sales No. 1015-61678

**TexSpray™ FastFinish Pro Texture Spray System**

*Sistema de rociado de textura profesional con acabado rápido TexSpray™*

- Sprays: Simulated Acoustics and Drywall Mud
- Typical Applications: New Residential and Residential Repair
- 40 PSI, GPM based on material

Sales No. 1015-61660

**TexSpray™ FastFinish Pressurized Hopper Gun**

*Pistola de tolva de alta presión con acabado rápido TexSpray™*

- Finish smaller texture jobs fast with less fatigue
- Sprays: Simulated Acoustics, Drywall Mud, Textured Acrylics, Synthetic Stucco and Deck Coatings
- 150 PSI, GPM based on material

Sales No. 1015-61694

No Link Available

**TexSpray™ G-Tex Gravity Fed Hopper Gun**

*Pistola de tolva impulsada por gravedad G-Tex TexSpray™*

- Double-handle design provides maximum support and control for ceiling, wall and floor applications
- 40 PSI, GPM based on material

Sales No. 1015-61702

**TexSpray™ RTX™ 1400si**

- Provides basic features and reliable performance
- Sprays: Simulated Acoustics, Acrylics and Drywall Mud
- Typical Applications: Residential and Light Commercial Interior
- 70 PSI, 1.40 GPM, Max. Hose Length 25 Ft.

Sales No. 1006-65017

**TexSpray™ RTX™ 2000pi**

- Provides added performance and features to help increase your productivity
- Sprays: Simulated Acoustics, Acrylics and Drywall Mud
- Typical Applications: Residential and Light Commercial Interior
- 70 PSI, 2.0 GPM, Max. Hose Length: 25 Ft.

Sales No. 1006-65025

### PowrBeast™ 4700T

- Durable, designed to consistently spray 300-400 gallons per week
- Sprays: Simulated Acoustics, Drywall Mud, Textured Elastomerics, Deck Coating plus Oil Base Coating, Enamels, Latex, Block Fillers, Elastomerics and Epoxies
- 3300 PSI, 1.25 GPM, Max. Hose Length 300 Ft.

Sales No. 1013-13518

### TexSpray™ Mark IV

- Delivers high productivity and must-have features for the serious contractor
- Sprays: Oil Base Coatings, Enamels, Latex, Block Fillers, Elastomerics, Epoxies, Drywall Mud and Other High Build Materials
- 3300 PSI, 1.10 GPM, Max. Hose Length 300 Ft.

Application	Sales No.
Standard	1017-97389
ProContractor	1017-97397

No Link Available

### Impact® 1040T

- For medium to large residential and commercial interiors and exteriors
- Sprays: Oil Base Coatings, Enamels, Latex, Block Fillers, Elastomerics, Drywall Mud and Other High Build Materials
- 3300 PSI, 1.15 GPM, Max. Hose Length 300 Ft.

Sales No. 1020-62668

### Mark V HD

- For medium to large residential and commercial interiors and exteriors
- Sprays: Oil Base Coatings, Enamels, Latex, Block Fillers, Elastomerics, Epoxies, Drywall Mud and Other High Build Materials
- 3300 PSI, 1.35 GPM, Max. Hose Length 300 Ft.

Application	Sales No.
Standard	1017-97405
ProContractor	1017-97439
IronMan™	1017-97447

### TexSpray™ RTX™ 5000PI

- For residential and commercial interiors
- Sprays: Simulated Acoustics, Acrylics, Drywall Mud, Elastomerics, Deck Coatings and Synthetic Stuccos
- 100 PSI, 5.0 GPM, Max. Hose Length 100 Ft.

Sales No. 1006-65033

### TexSpray™ Mark X

- For medium to large residential and commercial interiors and exteriors
- Sprays: Oil Base Coatings, Enamels, Latex, Block Fillers, Elastomerics, Epoxies, Drywall Mud and Other High Build Materials
- 3300 PSI, 2.10 GPM, Max. Hose Length 300 Ft.

Application	Sales No.
Standard	1017-97454
ProContractor	1017-97462

# Choosing the Right Spray Tip

The type of paint you are spraying determines your tip size. Choosing the right tip for the job will affect the quality of your finish — and help you save time and money.

## Here’s how you can easily find the right tip size for the type of paint you plan to spray:

### 1. By the specific paint you use:

Tip sizes for all Sherwin-Williams paints can be found on their Material Data Sheet. This is true for most paints and coatings.

### 2. By using the generally recommended tip size:

Refer to the chart below to find the ideal tip.

Type of Paint	Tip Size
<b>Stains</b>	.009 - .015
<b>Lacquers</b>	.011 - .017
<b>Latex-based</b>	.013 - .021
<b>Oil-based</b>	.013 - .017
<b>Block fillers</b>	.019 - .031
<b>Smooth elastomerics</b>	.019 - .035

## + Tip Size

The numbers represent the tip size and indicate how much paint will flow through the tip.

**5** The first digit represents half the fan width (5 x 2 = 10-inch fan width).

**17** The last two digits represent the size of the tip opening in thousandths of an inch.

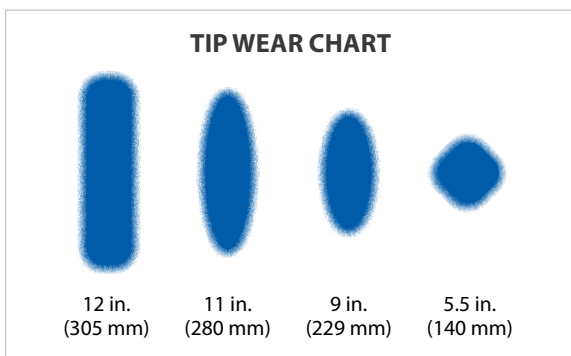

### Good rules of thumb:

#### Light viscosity coatings

When applying light viscosity coatings, like stains and lacquers, use spray tips with smaller orifice sizes.

#### Heavy viscosity coatings

For heavier viscosity coatings, like latex, use spray tips with larger orifices.

## Count the cost of worn tips

- Worn tips use more paint.
- Worn tips produce uneven and inconsistent coverage.
- Worn tips require more passes and reduce production.
- Worn tips result in a poor-quality finish.

# Graco Tip Technology

Example: RAC X LTX517

Good	Better	Best	Specialty Spray Tips

**Widespray™ Tip**

*Boquilla Widespray™*

- 24" fan pattern for greater production
- Perfect for high-production applications such as commercial buildings, convention centers, warehouses and track housing

No Link Available

**Fine Finish Tips**

*Boquillas para acabado fino*

- Dual orifice for optimum performance at lower pressures
- Particle size up to 27% smaller than a standard tip
- Great for cabinets, shutters, doors and trim work

No Link Available

**RAC X™ WideRAC SwitchTips**

*Boquillas SwitchTips RAC X™ WideRAC*

- Spray double the area in half the time
- Wider fan pattern results in fewer passes
- Ideal for high production and new construction applications

No Link Available

**Flat Tips**

*Boquillas planas*

- Specially formulated tungsten carbide orifice for optimum hardness and wear resistance
- Recommended for architectural coatings containing high particle content

Size	Sales No.
Varies	Direct

**RAC® 5 Handtite Tip Guard**

*Protector de boquilla Handtite RAC® 5*

- Seals when hand tightened — no tools required
- Aerodynamic design directs the material flow
- Design creates a tighter, more consistent spray pattern

Sales No. 588-3889

No Link Available

**RAC® 5 Reverse-A-Clean SwitchTip™**

*SwitchTip™ Reverse-A-Clean RAC® 5*

- One seal for all fluids
- Aerodynamic design reduces paint build-up
- Patented design allows you to switch tips without tools when using latex paint

No Link Available

**RAC X™ LTX SwitchTip™**

- Premium Graco airless tip line — 107 sizes for every application
- Longest tip life — usable fan pattern and highest quality spray finish
- OneSeal tip for “no tool” installation

### RAC X™ LP SwitchTip™

- Spray at low pressure
- Overspray reduction
- Soft edges for perfect airless finish

No Link Available

### RAC X™ FFLP – Fine Finish Low Pressure Airless Tips

*Boquillas sin aire de baja presión para acabado fino FFLP RAC X™*

- Industry-first architectural paint low pressure atomization!
- Superior spray finish quality with complete atomization at reduced spraying pressures
- Longer tip life at low pressures

No Link Available

### TR¹ HEA Tips

*Boquillas HEA TR¹*

- Ideal for new residential, residential repaint and commercial applications
- Optimized to spray all architectural paints and coatings at 1000 PSI at production speed
- Decreases overspray up to 55%, allowing contractors to spray more
- Two times the life of a standard reversible tip
- Fits all industry standard guards

## Spray Guns / Pistolas rociadoras

### Contractor PC Airless Spray Gun

*Pistola rociadora sin aire Contractor PC*

- Lightest, most comfortable spray gun ever built
- On-the-fly trigger length adjustment; no tools required
- Complete gun rebuild in seconds with ProConnect; no tools required

Sales No. 1017-97199

### Contractor Gun with 2 RAC® 5 Tips

*Pistola Contractor con 2 boquillas RAC® 5*

- Exclusive new FlexSeal™ design — 70% longer life
- Form-fitted handle maximizes comfort and control
- Premium nickel finish is easier to clean

Sales No.

### RX-PRO™ Airless Spray Gun

*Pistola rociadora sin aire RX-PRO™*

- Ultra-light trigger is 30% lighter than the competitor's trigger pull, decreasing fatigue
- FingerPrint Grip® customizes the grip to comfortably fit any painter's hand
- Infinity Packing® for two times the gun life by reversing the seat and changing the ball

Sales No. 6509-37949

### RX-PRO™ Gun, Hose and Tip Kit

*Kit de pistola, manguera y boquilla RX-PRO™*

- Contoured palm support that enhances comfort and decreases fatigue
- A trigger pull that is 30% lighter than the nearest competitor
- Built-in tools that make jobsite life easier

Sales No. 1007-22958

### RX-80 Airless Gun

*Pistola sin aire RX-80*

- An innovative spray gun built for the way you work
- Comfort grip — ergonomic design brings needed comfort
- Lasts 50% longer with improved performance

Sales No. 6509-68076

### RX-80 Airless Gun, Hose and Tip Kit

*Kit de pistola sin aire, manguera y boquilla RX-80*

- Ergonomic design brings added comfort to the grip
- Smart, built-in tools make jobsite life easier
- Comes with RX-80 gun with 4 finger trigger, 517 SC-6+ tip and 50' x 1/4" hose

Sales No. 1007-31645

## Spray Accessories / Accesorios para rociadores

### FlexPro™ Hose

*Manguera FlexPro™*

- Yellow zinc-plated spring guard and fittings for more corrosion resistance
- Improved flexibility and maneuverability under pressure

Size	Sales No.
1/4" x 50'	220-9229
3/8" x 50'	220-9237
3/16" x 3'	220-9351
3/16" x 5'	220-9344

### No Build Tip Guard

*Protector de boquilla contra acumulación*

- Aerodynamic dimple design allows for better airflow and less paint buildup
- Seal cavity on safety guard has large "flats" for quick and easy installation
- No tools needed for installation; rotate guard without loosening from gun

Sales No. 916-2488

### Gun Extensions

*Extensiones para pistolas*

- Durable 7/8" universal thread connects to any airless spray gun
- All Titan tip extensions can be combined together up to 6 feet (1.8m) to increase versatility on the job

Size	Sales No.
6"	220-9302
24"	992-0893

### Tip Extensions

*Extensiones para boquillas*

- Lightweight aluminum extensions add length to extend your spraying reach
- All Graco tip extensions can be combined together up to 6 feet (1.8m) to increase versatility on the job

Size	Sales No.
10"	220-4907
20"	220-4923

### Proshield™ Aluminum Spray Shield

*Protector contra salpicaduras de aluminio Proshield™*

- Adjusts to any angle and attaches to your extension pole
- Includes swivel and 18" handle

Size	Sales No.
24" Flex	732-8966
24" Rigid	434-0329
36" Flex	286-6515
36" Stiff	286-6507
48" Stiff	286-6523

### Proshield™ High Impact Plastic Spray Shield

*Protector contra salpicaduras de plástico de alto impacto Proshield™*

- Adjusts to any angle and attaches to your extension pole
- Includes swivel and 18" handle

Size	Sales No.
24"	402-4337
36"	286-6531

### Shoulder Strap

*Asa para el hombro*

- Easily attaches to ProShot®, TrueCoat™ Plus and TrueCoat™ units for hands-free movement on the job

Sales No. 581-8695

### Hydraulic Fluid

*Líquido hidráulico*

- High-quality fluid that prevents rust, corrosion and wear
- Available in 32 Oz. and 1 Gal.

Size	Sales No.
32 Oz.	220-4279
1 Gal.	220-4287

### Pump Protector

*Protector de bomba*

- Cleans and protects your spray system against rust, corrosion and premature wear
- Available in 32 Oz. bottle

Size	Sales No.
32 Oz.	220-4246

### Packing Saver Lube

*Lubricante protector de empaque*

- Specially formulated to prevent paint from drying on the piston rod
- Available in 8 Oz. and 32 Oz. bottles

Size	Sales No.
8 Oz.	220-4253
32 Oz.	220-4261

### 1 Quart Siphon Cup

*Taza de sifón de 1 cuarto de galón*

- No more drips to spoil your work
- Strong quart cup — made of 18 gauge aluminum
- Polished surface wipes clean easily

Size	Sales No.
1 Qt.	286-5475

No Link Available

### 2 Gallon ASME Tank

*Tanque ASME de 2 galones*

- ASME certified — can use up to 110 PSI vs. 80 PSI for Non-ASME
- Meets NFPSA standards
- Complies with safety codes

Sales No. 907-0459

▲ TRIMACO

### Spray Sock

*Capucha de protección*

- 100% cotton — breathes and is absorbent to help keep head cool
- One size fits all — stretches to perfect individual fit
- Protects against overspray

Sales No. 416-8944

▲ TRIMACO

### Strainer Elastic Top

*Colador con parte superior elástica*

- Tight nylon mesh (600 microns): durable and eliminates impurities
- Can be used with all types of paints and stains
- Elastic top — no need for string or another pair of hands to hold in place

Size	Sales No.
5 Gal.	146-0864
1 Gal.	174-3186

▲ TRIMACO

### Strainer Regular Top

*Colador con parte superior regular*

- Tight nylon mesh (600 microns). Durable and eliminates impurities
- Can be used with all types of paints and stains

Size	Sales No.
5 Gal.	100-4696

nakoma®

### Preval® Spray System

*Sistema de rociado Preval®*

- Professional, portable, disposable sprayer
- Sprays up to 16 Oz. of paint and other liquids

Sales No.
154-3164
<a href="#">Preval Replacement Power Unit</a>

### Spray Socks Contractor 6-Pack

*Capucha de protección para contratistas, paquete de 6*

- 100% cotton — breathes and is absorbent to help keep head cool
- One size fits all — stretches to perfect individual fit
- Larger pack size is convenient and saves money on larger jobs

Sales No. 100-4217

# Choosing a Pressure Washer

Whether you're preparing a surface to be painted or giving it a serious cleaning, a pressure washer will get the job done. Consider the following questions to help select the washer that best meets your needs.

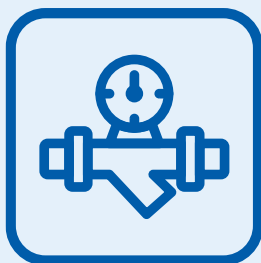

## How many hours per week will you use it?

There are two types of pressure washer pumps: Belt Drive and Direct Drive pumps. Your choice will largely depend on your weekly usage.

If your usage is...	Consider this type of pressure washer
Less than 30 hours per week	Direct Drive
30+ hours per week	Belt Drive

## How much cleaning power will you need?

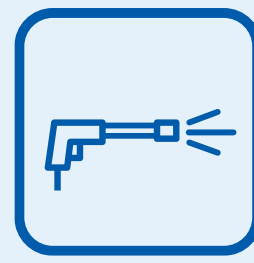

CU's are a useful measurement for comparing models. The higher the number of cleaning units, the more cleaning power your pressure washer has — which ultimately means less cleaning time.

PSI (PRESSURE)

GPM (FLOW RATE)

CUS (CLEANING UNITS)

**Cold Water Pressure Washers / Lavadoras a presión con agua fría**

**ChoreMaster® 2800**

- Light Duty (2-5 Hours per Week, 2.4 GPM, 2800 PSI)
- Engine: Direct Drive, 212cc Mi-T-M OHV
- 6,720 Cleaning Units (PSI x GPM)
- Weight: 85 Lbs.

Sales No. 1000-63080

**ChoreMaster® 3200**

- Medium Duty (10-15 Hours per Week, 2.4 GPM, 3200 PSI)
- Engine: Direct Drive, 212cc Mi-T-M OHV
- 7,680 Cleaning Units (PSI x GPM)
- Weight: 85 Lbs.

Sales No. 6509-90369

**ChoreMaster® 4200**

- Medium Duty (10-15 Hours per Week, 3.4 GPM, 4200 PSI)
- Engine: Direct Drive, 420cc Mi-T-M OHV
- 14,280 Cleaning Units (PSI x GPM)
- Weight: 142 Lbs.

Sales No. 6509-90435

**Work Pro® 3200**

- Medium Duty (15-20 Hours per Week, 2.4 GPM, 3200 PSI)
- Engine: Direct Drive, 196cc Honda OHV
- 7,680 Cleaning Units (PSI x GPM)
- Weight: 85 Lbs.

Sales No. 6509-90450

**Work Pro® 4200**

- Medium Duty (15-20 Hours per Week, 3.4 GPM, 4200 PSI)
- Engine: Direct Drive, 389cc Honda OHV
- 14,280 Cleaning Units (PSI x GPM)
- Weight: 142 Lbs.

Sales No. 6509-90468

**Job Pro® 3000**

- Contractor Duty (20-30 Hours per Week, 3.0 GPM, 3000 PSI)
- Engine: Direct Drive, 270cc Honda OHV
- 9,000 Cleaning Units (PSI x GPM)
- Weight: 105 Lbs.

Motor	Sales No.
Honda	1000-79094

**Job Pro® 4000**

- Contractor Duty (20-30 Hours per Week, 3.5 GPM, 4000 PSI)
- Motor: Direct Drive, 389cc Honda OHV
- 14,000 Cleaning Units (PSI x GPM)
- Weight: 125 Lbs.

Sales No. 6511-57224

**Job Pro® 4000**

- Contractor Duty (20-30 Hours per Week, 4.0 GPM, 4000 PSI)
- Engine: Direct Drive, 389cc Honda OHV
- 16,000 Cleaning Units (PSI x GPM)
- Weight: 125 Lbs.

Sales No. 1000-76728

**Job Pro® 4000**

- Industrial Duty (30-40 Hours per Week, 3.40 GPM, 4000 PSI)
- Engine: Belt Drive, 389cc Honda OHV
- 13,600 Cleaning Units (PSI x GPM)
- Weight: 150 Lbs.

Sales No. 1005-54674

### Job Pro® CBA Aluminum Series

*Serie de aluminio CBA Job Pro®*

- Industrial Duty (30–40 Hours per Week, 4.0 GPM, 4000 PSI)
- Engine: Belt Drive, 389cc Honda OHV
- 16,000 Cleaning Units (PSI x GPM)

Sales No. 1000-76751

### CW Premium Series

*Serie premium CW*

- Industrial Duty (40+ Hours per Week, 3.5 GPM, 3000 PSI)
- Motor: Electric Belt Drive, 7.5 HP
- 10,500 CUs (PSI x GPM)
- Weight: 338 Lbs.

Sales No. 967-6453

## Hot Water Pressure Washers / Lavadoras a presión con agua caliente

### HSP3504

- Contractor Duty (20–30 Hours per Week, 3.3 GPM, 3500 PSI)
- Engine: Direct Drive, 389cc Honda OHV
- 11,550 Cleaning Units (PSI x GPM)
- Weight: 428 Lbs.

Sales No. 906-9782

### HS4004

- Industrial Duty (40+ Hours per Week, 4.0 GPM, 4000 PSI)
- Engine: Belt Drive, 688cc Honda OHV Electric Start
- 16,000 Cleaning Units (PSI x GPM)
- Weight: 750 Lbs.

Sales No. 599-4991

Pressure Washer Accessories / Accesorios para lavadora a presión

20" Rotary Surface Cleaner

Limpiador de superficies giratorio de 20"

- 4000 PSI, 3.0–5.0 GPM
- 4 casters included
- 20,000 Cleaning Units (PSI x GPM)

Sales No. 916-2165

24" Stainless Steel Rotary Surface Cleaner

Limpiador de superficies giratorio de acero inoxidable de 24"

- 4000 PSI, 4.0 GPM
- 4 casters included
- 16,000 Cleaning Units (PSI x GPM)

Sales No. 1000-63072

28" Rotary Surface Cleaner with Large Wheels

Limpiador de superficies giratorio de 28" con ruedas grandes

- 4000 PSI, 4.0– 10.0 GPM
- 32,000 Cleaning Units (PSI x GPM)

Sales No. 220-2927

High Pressure Hose

Manguera de alta presión

- 50' cold water extension hose
- 4000 PSI, non-marking, quick connect

Sales No. 574-8322

Rotating Pressure Washer Nozzle

Boquilla giratoria de lavado a presión

- 5100 PSI
- 4.0 orifice size

Sales No. 196-8825

**Air Compressors / Compresores de aire**

**AM1-PE15-08M**

- 7.3 CFM @ 90 PSI
- Horsepower: 1.5
- Motor: 120V/13.2 Electric
- Net Weight: 170 Lbs.

Sales No. 569-7453

**AM1-PH65-08M**

- 13.9 CFM @ 90 PSI
- Horsepower: 6.5
- Engine: 196cc Honda OHV
- Net Weight: 175 Lbs.

Sales No. 964-4246

**AM2-PH09-08M**

- 17.2 CFM @ 175 PSI
- Horsepower: 9.0
- Engine: 270cc Honda OHV
- Net Weight: 260 Lbs.

Sales No. 158-7765

**ACS-23105-80VM**

- 18 CFM @ 175 PSI
- Horsepower: 5.0
- Motor: 230V/23.0A Single Phase
- Net Weight: 544 Lbs.

Sales No. 924-3734

**Portable Generators / Generadores portátiles**

**ChoreMaster® 3600**

- Max. AC Output: 3600 watts
- Rated AC Output: 3000 watts
- Engine: 212cc Mi-T-M OHV

Sales No. 125-0265

**ChoreMaster® 6000**

- Max. AC Output: 6000 watts
- Rated AC Output: 5500 watts
- Engine: 389cc Mi-T-M OHV

Sales No. 125-0273

**ChoreMaster® 8000**

- Max. AC Output: 8000 watts
- Rated AC Output: 7000 watts
- Engine: 420cc Mi-T-M OHV Electric Start

Sales No. 125-0315

**Portable Heaters** / *Calefactores portátiles*

**Patio Heater**

*Calefactor para terraza*

- 360-degree heat radius for even heating
- Wind-resistant burner system prevents flame from being extinguished, with automatic shut-off if flame is extinguished
- Heating area: 290 Sq. Ft.

Sales No. 577-6208

**MH-0135-0M10**

- Heating Area: 3,100 Sq. Ft.
- Heat Output: 135,000 BTU
- Max. Operating Hours: 10
- AC Power: 120V, 60Hz, 2.3 Amps

Sales No. 1005-22960

**MH-0190-0M10**

- Heating Area: 4,300 Sq. Ft.
- Heat Output: 190,000 BTU
- Max. Operating Hours: 9.1
- AC Power: 120V/60Hz/2.7 Amps

Sales No. 1005-22978

**Wet/Dry Vacuums** / *Aspiradoras húmedas/secas*

**Wet/Dry Vacuum**

*Aspiradora húmeda/seca*

- Two-stage blower motor for longer life
- 25-foot electrical cord
- Wet and dry filter (no conversion necessary)

Size	Sales No.
9 Gal.	958-1141
13 Gal.	940-7818
18 Gal.	927-5371

**Paper Filter Bag**

*Bolsa de filtro de papel*

- Disposable, for dry use only
- Recommended for fine dusts

Size	Sales No.
9 Gal.	865-3503
13 & 18 Gal.	581-0684

**Cartridge Filter**

*Filtro de cartucho*

- Hydrophobic media for wet and dry use
- Completely washable
- Filters to 1.0 microns

Size	Sales No.
9 Gal.	872-7000
13 & 18 Gal.	981-1142

**Cloth Filter Bag**

*Bolsa de filtro de tela*

- Reusable, for dry use only
- Machine washable

Size	Sales No.
13 & 18 Gal.	130-8733

### HEPA Wet + Dry DustlessVac®

Aspiradora húmeda/seca para partículas de aire de alta eficiencia (high efficiency particulate air, HEPA) DustlessVac®

- Independently certified to the world's most stringent HEPA test standards — EN 1822, and has IEST-RP-CC001.5 certification, H12 class HyperHEPA filter
- Captures up to 100 times more particles than conventional HEPA systems

Size	Sales No.
16 Gal.	1002-33477

### HEPA Filter

Filtro de aire de alta eficiencia (high efficiency particulate air, HEPA)

- 99.7% efficient to 0.3 micron
- Recommended for fine dust and clean room applications

Size	Sales No.
13 & 18 Gal.	234-6930

### Accessory Bag & Hose Hanger

Bolsa de accesorios y sujetador para mangueras

- Fits over handle to store tools and hose
- Made from 600-denier vinyl-backed polyester

Size	Sales No.
13 & 18 Gal.	135-0461

## Jobsite Boxes / Caja de herramientas de trabajo

### Jobsite Boxes

Caja de herramientas de trabajo

- Heavy-duty solid steel construction with full arc-welded seams
- Special powder coated finish for extreme durability
- Special tamper-proof designed padlock protectors for protection against break-ins

Size	Sales No.

**SHERWIN-WILLIAMS**

# We Don't Stop at Paint.

Sherwin-Williams offers a full range of surface protection products. So you can get the exceptional aesthetics and easy maintenance you count on — for every area of your property.

## High-quality products

### Floorcoverings

With the largest wholesale floorcovering network in the U.S., we offer 24-hour turnaround and reliable independent floorcovering sub-contractors for all your flooring needs — carpet, vinyl, tile, wood and more.

### Wallcoverings

Choose from a full line of commercial wallcoverings, featuring top brands like York®, Patton, Brewster® and Rigo™.

### Window Treatments

Our custom solutions provide quality, style and versatility for all your window covering needs.

### Wall Protection

Trust the top name in door and wall protection systems. Inpro® products protect buildings from relentless damage without compromising choices in material, colors and patterns.

## From floor to ceiling, we've got you covered.

Experts from every corner of our company are standing by to help you maintain and upgrade every corner of your property. We'll help you choose the floors, windows, wall coverings and protection systems that work best for you.

**Reach out to your dedicated Sherwin-Williams Rep with any needs or concerns including:**

**Project advice**

# PRO+ App

# Put time-saving business tools at your fingertips.

**Get all the benefits built for PROs.**  
Anytime, anywhere access to PRO+ advantages when you need them most. All you'll need is you.

**View YOUR pricing**  
Count on consistent, preferred pricing across 4,500+ stores.

**Purchase history**  
Quickly view and reorder frequently purchased products.

**Project bids**  
Create fast, professional bids and win more jobs.

**Instant savings**  
Get the latest sales and everyday discounts.

**Product data sheets**  
Access vital product and application information on the go.

**Color Toolkit**  
Help customers pick colors confidently with color trends, free color chip ordering and more.

**Easy ordering**  
See what's in stock at your local store and order paint and supplies with the tap of a button.

**Easy account access**  
Convenient in-app QR code allows for effortless account access and fast checkouts in store.

**Download the app today. ▶**
