INDUSTRY-LEADING INNOVATION, FROM A NAME YOU CAN TRUST

This surfacer and topcoat system eliminates the #1 complaint of poor wall appearance.

We don’t have to tell you that even the smallest imperfections in the final wall appearance can cause major headaches with the homebuyer. That’s why we developed Builders Solution Interior Coating System.

Using proprietary technology, Builders Solution is a unique two-coat system designed to solve your two biggest problems—drywall imperfections and touchup. And its time-saving formulation will keep labor costs down. All of these benefits make Builders Solution Interior System your solution to improving efficiency and reducing the customer callbacks that often stall the final close of the home.

BUILDING SOLUTION SYSTEM PROVIDES:
- A solution to masking drywall imperfections
- Optimal touchup including near perfect flat finish touchup
- Outstanding burnish resistance
- Outstanding scrubbability
- Excellent washability

Reduce callbacks and satisfy homebuyers with great wall appearance

THE SURFACER AND TOPCOAT TOGETHER DELIVER A HIGHER QUALITY FINISH THAN 2 COATS OF TRADITIONAL BUILDER PAINTS.

TRADITIONAL SYSTEM

BUILDERS SOLUTION

The high-build surfacer hides these natural drywall imperfections, like dents and drywall fuzz in the drywall, giving the topcoat a smooth, even finish.

IT STARTS WITH OUR SURFACER

Simple application and excellent coverage is where our Builders Solution Surfacer stands out. This high-build formulation is easily applied with an airless sprayer, which saves time. It also masks drywall imperfections and establishes a smooth surface for the topcoat, so you’ll spend less time repairing drywall flaws. Builders Solution Surfacer is the foundation for a job well done.

AND ENDS WITH OUR TOPCOAT FOR THE ULTIMATE NEW RESIDENTIAL FINISH

The Matte Flat, Flat and Eg-shel Topcoats are easily applied with an airless sprayer. And both feature a simplified touchup process, allowing you to repair post-painting scuffs or scratches seamlessly.

Years of research went into developing Builders Solution. This topcoat is formulated to go on smoothly, providing excellent sheen and color touchup even with darker colors. So you’ll be able to deliver a finish that satisfies even the most discriminating homebuyers. And your customers will be pleased with the outstanding durability of their paint job.

INDUSTRY-LEADING INNOVATION, FROM A NAME YOU CAN TRUST

With its easy application, advanced touchup, and long-lasting durability, Builders Solution Interior System is a premium coatings system that will get you noticed in the marketplace. For more than 145 years, we’ve provided products and support to the new residential market. And with 3900 stores and 2200 reps across North America, we combine national distribution with local service.

REDUCED CALLBACKS AND SATISFY HOMEOWNERS WITH GREAT WALL APPEARANCE

This panel shows the touchup on a competitive latex flat. Despite correct application procedures, the touchup is clearly visible.

This surfacer and topcoat system eliminates the #1 complaint of poor wall appearance.

The touchup is virtually invisible on the panel painted and touched up with Builders Solution Flat.
