## Color Remix – Alternating Color Block - Wood

Turn a plain piece of furniture into a statement piece! Share your color remix with [#SWColorLove](https://www.instagram.com/SWColorLove).

### Supplies For This Project:

**Dresser with Removable Drawers**

**New Knobs (optional)**

**Sherwin-Williams Emerald Interior Acrylic Latex**

**Paint Water + Detergent**

**Tack Cloth**

**Medium Grit 3M™ Sanding Sponge**

**Fine Grit 3M™ Sanding Sponge**

**Purdy Paint Roller Cover for Smooth Surfaces**

**Paint Roller Frame**

**Purdy Paint Brush (2")**

**Premium Wall & Wood Primer**

### Colors Used:

SW 6875  
**Gladiola**

## Instructions:

1. First, select your dresser. We recommend one with drawers that fully remove, and a dresser body that frames each drawer to maximize color contrast.
2. Remove the knobs and clean the dresser with warm water and detergent. Once it's dry, sand the dresser and clean off dust with tack cloth.
3. Begin by taking two of the knobs that you unscrewed and paint with your chosen color. We picked Emerald® Interior Acrylic Latex Paint in Gladiola SW 6875.
4. After selecting your colors, remove the drawers. Using Premium Wall & Wood Primer, prime the drawers and let dry for 3-4 hours.
5. Using a sponge or a soft bristle brush, paint two of the drawers with the same color you used for your knobs. Slowly brush from the center of the face out to the edge. Let dry for several hours.
6. Carefully replace the drawers into the dresser frame.
7. Screw the painted and unpainted knobs back onto the drawers in an alternating fashion so that the knobs contrast well with the drawer
8. Enjoy your refreshed dresser!

## The BEFORE & AFTER...

WARNING! Removal of old paint by sanding, scraping, or other means may generate dust or fumes that contain lead. Exposure to lead dust or fumes may cause brain damage or other adverse health effects, especially in children or pregnant women. Controlling exposure to lead or other hazardous substances requires the use of proper protective equipment, such as a properly fitted respirator (NIOSH approved) and proper containment and cleanup.

For more information, call the National Lead Information Center at 1-800-424-LEAD (in US) or contact your local health authority.
