H&C® has all your decorative concrete product needs. With a wide product offering of stains, sealers, waterproofers, resurfacers and more — we're making it easy for you to create your own look. Add years of life to new concrete, or revitalize old concrete for much less than the cost of replacement.

---

# HELPING YOU BRING COLOR, TEXTURE, AND PROTECTION TO YOUR CONCRETE

## WHO WE ARE

For more than 80 years H&C® Decorative Concrete Products has been beautifying and protecting concrete. Established in 1929, H&C is known for its high quality, superior adhesion characteristics in its coatings.

Our commitment to sales excellence, as well as first-class customer service and effective marketing put us in a class by ourselves. We are always looking for new and innovative ways to make concrete more appealing, more artistic, and more colorful.

H&C has all of your decorative concrete needs - with a wide product offering of stains, sealers, waterproofers, resurfacers and more. Add years of life to new concrete, or revitalize old concrete for much less than the cost of replacement.

Our products can be used on almost every concrete surface around the home; pool decks, garage floors, stucco, basement walls and floors, patios and walkways. Those same products, as well as some specialty ones, can be used on commercial applications like tilt-up, retail outlets, bridges and parking structures.

You can always count on H&C for the newest technology in concrete coatings. We value your feedback, and look forward to bringing you the next great thing in concrete coatings...

## OUR HISTORY. OUR COMMITMENT TO CONTINUED GROWTH.

**1929**

H&C<sup>®</sup> is Founded. Well known for Solid Color Stains & Sealers in the Florida area.

**1995**

H&C<sup>®</sup> is acquired by The Sherwin-Williams Company.

# CONCRETEREADY™ PHOSPHORIC ETCHING SOLUTION

Amazing concrete projects start with H&C® Concrete Ready Phosphoric Etching Solution. The phosphoric acid-based solution opens the pores of the concrete so H&C® Concrete stains and sealers can bond properly with the surface.

## FEATURES & BENEFITS:

- Prepares surface to be coated by opening the pores of the concrete
- Increases bond of H&C concrete coatings
- Sprinkle on – hose off
- Biodegradable – will not harm vegetation

## RECOMMENDED USES:

- Concrete floors
- Pool decks
- Driveways
- Masonry
- Patios
- Walls
- Walkways

## COVERAGE AND DRYING TIME:

## PRODUCT INFORMATION:

Description	SKU#	UPC#	Pack
1 Gallon – Clear	50.160004-16	035777230046	4

# CONCRETEREADY™ CONCENTRATED CLEANER/DEGREASER

H&C® CONCRETEREADY™ Concentrated Cleaner Degreaser increases any coating's ability to bond with the surface. This heavy duty cleaner will remove oil, grease, brake and transmission fluid and antifreeze.

## FEATURES & BENEFITS:

- Extra heavy duty power to remove grease and oil stains
- Prepares surface for staining or sealing
- Increases penetration of H&C® coating
- Use full strength for tough stains or diluted for milder cleaning

## RECOMMENDED USES:

- Concrete floors
- Walkways
- Driveways
- Pool decks
- Patios
- Masonry
- Walls

## COVERAGE AND DRYING TIME:

## PRODUCT INFORMATION:

Description	SKU#	UPC#	Pack
1/2 Gallon – Clear	50.170015-15	035777230053	4

# CONCRETEREADY™ SINGLE-COMPONENT QUICK PATCH AND REPAIR

Get concrete back to working order easily and quickly with H&C® CONCRETEREADY™ Single-Component Quick Patch and Repair. Single-component, cement-based patching compound will restore your concrete as fast as possible.

## FEATURES & BENEFITS:

- Single-component, cement-based patching compound
- Quick and easy application – final setup time is 15-30 minutes
- Provides a workable, no-slump patch
- May be used to repair above- or below-grade concrete
- Produces a bond stronger than the surrounding concrete

EXTERIOR USE

VEHICULAR TRAFFIC

FREEZE/THAW RESISTANT

## RECOMMENDED USES:

- Driveways
- Pool decks
- Sidewalks
- Garage floors
- Basement floors
- Patios
- Steps

## COVERAGE AND DRYING TIME:

5 pounds will equal approximately .045 cubic feet, or 1.2 square feet at 1/2" depth. Maximum thickness is approximately 1".

Set time: 15-30 mins Stain/Seal: 1 hour

## PRODUCT INFORMATION:

Description	SKU#	UPC#	Pack
5 lb. Bucket – Clear	60.100709-99	035777230060	4

# SHARKGRIP™ SLIP-RESISTANT ADDITIVE

H&C® SHARKGRIP™ SLIP-RESISTANT ADDITIVE is a micronized polymer with low-oil absorption and high-solvent resistance so it easily stirs into most oil-based and water-based paints and other coatings. And the low density allows it to stay well suspended in thin materials like stains and sealers.

## FEATURES & BENEFITS:

- Puts the bite in concrete surfaces aiding in slip-resistance
- Long wearing; easy to walk on
- Will not affect the color of the topcoat
- Easy to use

## RECOMMENDED USES:

- Inclined surfaces
- Patios
- Driveways
- Pool decks
- Garages
- Steps

## COVERAGE AND DRYING TIME:

## PRODUCT INFORMATION:

Description	SKU#	UPC#	Pack
3.2 oz – Powder	50.155004-99	035777230015	12

19 lb. – Powder	50.155008-99	035777230039	1

# SHIELD-CRETE™

## WATER-BASED EPOXY GARAGE FLOOR COATING

H&C® SHIELD-CRETE™ WATER-BASED EPOXY GARAGE FLOOR COATING is the simple way to give concrete surfaces a professional-looking finish. The all-inclusive kit contains an epoxy base color, activator, a bag of Deco-Flakes, a packet of cleaner/degreaser powder, a packet of slip-resistant additive and a detailed instruction sheet. Just mix and apply for a surface that's resilient for years of wear and tear, including resistance to hot tire pickup, chemical agents and damage caused by gasoline, brake fluid, standing water and battery acid. Afterwards, clean up with just soap and water, and enjoy the glossy finish in five decorative colors.

### FEATURES & BENEFITS:

- Water-based formulation for easy application and cleanup
- Hard, durable surface, resists wear and peeling for long-lasting beauty
- Super adhesion, resists hot tire Pickup
- High-gloss epoxy with showroom-quality appearance
- Advanced polymer technology
- Covers up to 250 sq. ft. (1-car garage)
- Available in five colors

### RECOMMENDED USES:

- Garage floors
- Basement floors
- Storage areas
- Covered patios and landings
- Warehouse floors
- Commercial floors

### COVERAGE AND DRYING TIME:

Drying Time, @ 77°F, 50% RH:  
temperature and humidity dependent

**To touch:** 6 hours  
**Recoat:** Minimum 8 hours  
**Light traffic:** 8-12 hours  
**Heavy traffic:** 72-96 hours

**Coefficient of Friction:** .74

### PRODUCT INFORMATION:

Description	SKU#	UPC#	Pack
1 Gallon — Pewter	20.102400-99	035777229088	1
1 Gallon — Beige	20.102100-99	035777229033	1
1 Gallon — Fire Brick Red	20.102200-99	035777229040	1

1 Gallon — Night Sky	20.102500-99	035777229095	1

Keep garage floors clean, and the Deco-Flakes of your epoxy coating locked in, with H&C® SHIELD-CRETE™ ACRYLIC CLEAR GLAZE COAT. The clear, water-based acrylic sealer resists common chemical agents while maintaining a protective barrier for the decorative flakes in the SHIELD-CRETE™ Water-Based Epoxy Garage Floor Coating Kit. Cover a 2½ car garage (400 square feet) with our formula, making it easier to clean as well.

## FEATURES & BENEFITS:

- One-component, clear, water-based acrylic sealer
- Provides superior protection for SHIELD-CRETE™ Deco-Flakes
- Glossy finish makes it easier to keep your garage floors clean
- Required when Deco-Flakes cover more than 50% of surface

## RECOMMENDED USES:

- Garage floors
- Commercial floors
- Basement floors
- Laundry room floors
- Covered patios and landings

## COVERAGE AND DRYING TIME:

## PRODUCT INFORMATION:

Description	SKU#	UPC#	Pack
1 Gallon — Clear Glaze	20.103000-16	035777229101	4

Provide a unique decorative finish with H&C® SHIELD-CRETE™ Deco-Flakes. Simply broadcast the flakes by tossing them high into the air onto the wet surface. They also help hide imperfections. Use different chip blends for a distinct mix-and-match look! And remember that garage floors are just the beginning. The epoxy coating and flakes can be used on any interior concrete floor, like basement floors, and some outdoor surfaces as well.

## FEATURES & BENEFITS:

- Three chip blends
- Provides a unique decorative finish
- Can be mixed and matched with other blends
- Helps hide imperfections
- Easy application — simply broadcast the flakes by tossing them high into the air

## RECOMMENDED USES:

- Laundry room floors
- Garage floors
- Storage areas
- Covered patios and landings
- Retaining walls
- Warehouse floors
- Commercial floors

# COLORTOP™ WATER-BASED SOLID COLOR CONCRETE STAIN

H&C Water-Based Solid Color Concrete Stain is a water-based stain that provides long-lasting, durable and a decorative finish to interior or exterior concrete and masonry surfaces. H&C Concrete Stain Solid Color Water-Based is highly resistant to pool chemicals.

## FEATURES & BENEFITS:

- Decorates, seals and protects concrete surfaces
- Resistant to salts, acids, alkalis, water, mildew, UV rays, oil, and wet or dry abrasion
- Water-based formulation
- Available in a variety of ready-to-use and tintable colors
- Suitable for interior use, low odor
- Can be used on new or previously painted concrete surfaces with proper preparation, as well as on asphalt surfaces

## RECOMMENDED USES:

- Patios and walkways
- Stadium supports
- Bridges/structures
- Parking garages
- Laundry room floors
- Athletic courts
- Pool decks
- Precast concrete
- Tilt-up concrete
- Block

# COLORTOP™ WATER-BASED SOLID COLOR CONCRETE STAIN

Provide superior protection and beauty to both interior and exterior concrete and masonry surfaces with H&C® COLORTOP™ Water-Based Solid Color Concrete Stain 50. This water-based formula bonds to concrete and forms a tough shield, so it doesn't fade, peel or flake like paint. Available in a variety of tintable colors, this easy-to-apply concrete stain is ideal for high-pH surfaces and is nationally compliant.

## FEATURES & BENEFITS:

- Decorates, seals and protects concrete surfaces
- Resistant to salts, acids, alkalis, water, mildew, UV rays, oil, and wet or dry abrasion
- Water-based formulation
- Available in a variety of tintable colors
- Suitable for interior or exterior use
- Low odor
- Can be used on new or previously painted concrete surfaces with proper preparation, as well as on asphalt surfaces

## RECOMMENDED USES:

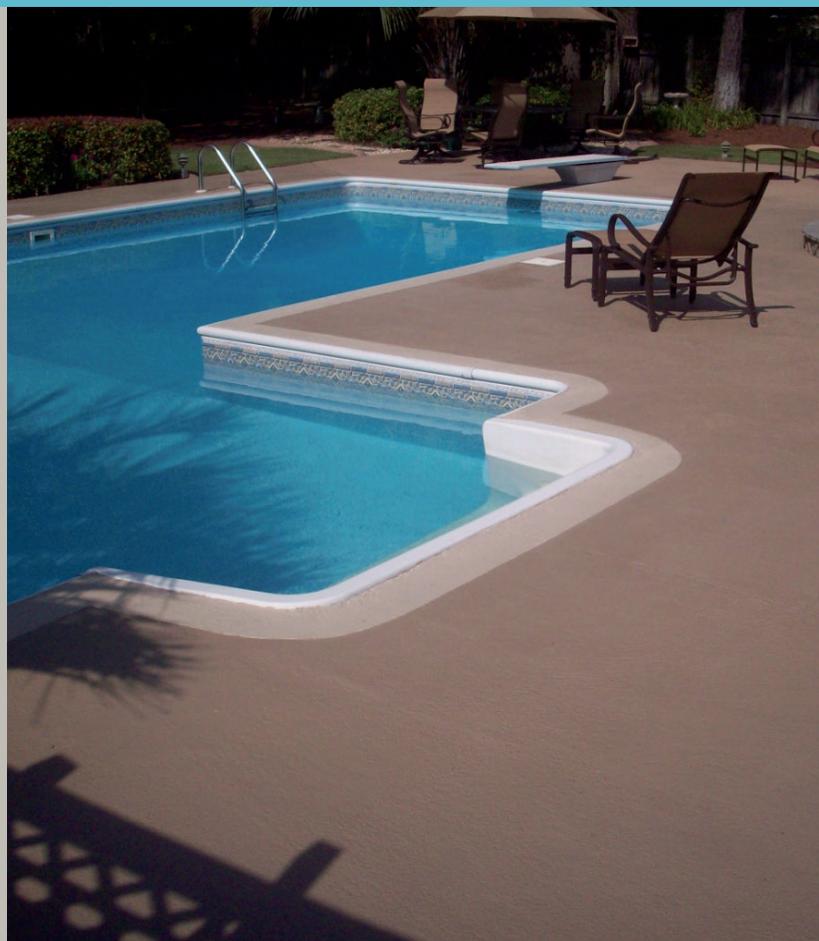

- Patios and walkways
- Pool decks
- Concrete block
- Stucco walls
- Basement floors
- Laundry room floors

# COLORTOP™ SOLVENT-BASED SOLID COLOR CONCRETE SEALER

Create a beautiful landscape that is uniquely yours with H&C® COLORTOP™ Solvent-Based Solid Color Concrete Sealer. This opaque, waterproofing sealer is formulated to bond with concrete or masonry surfaces. It provides a long-lasting yet decorative finish. This product is to be used on exterior surfaces only. COLORTOP™ Solvent-Based Solid Color Concrete Sealer is available in over 30 tintable colors and a variety of popular prepackaged colors, as well as clear, which has a gloss finish

## FEATURES & BENEFITS:

- Decorates, seals and protects bare concrete surfaces
- Solvent-based silicone acrylic formulation
- For use on exterior horizontal or vertical surfaces
- Resistant to salts, acids, alkalis, water, UV rays, oil, wet or dry abrasion, and premature color loss
- Available in a variety of ready-to-use and tintable colors
- Suitable for vehicular traffic

## RECOMMENDED USES:

- Driveways
- Patios and walkways
- Pool decks
- Garage floors
- Athletic courts
- Stadium supports
- Bridges/structures
- Parking garages
- Block and stucco walls

# COLORTOP™ SOLVENT-BASED SOLID COLOR CONCRETE SEALER 250

H&C® COLORTOP™ SOLVENT-BASED SOLID COLOR CONCRETE SEALER 250 provides a durable finish that extends the life of concrete and masonry surfaces. It penetrates deeply into the surface to form a tough shield, so it won't peel, fade or flake over time. It's resistant to salt, acids, alkalis, water, UV rays, oil and heavy traffic. Create a beautiful and expensive-looking landscape that is uniquely yours. Choose from our pre-mixed or custom-tinted colors.

## FEATURES & BENEFITS:

- Decorates, seals and protects bare concrete surfaces
- For use on exterior horizontal or vertical surfaces
- Available in a variety of ready-to-use and tintable colors
- Suitable for vehicular traffic
- Designed to be used on bare, unsealed concrete block, brick, stucco, or any other masonry surface
- Satin finish preserves delicate architectural details

## RECOMMENDED USES:

- Stadium supports
- Bridges/structures
- Parking garages
- Patios and walkways
- Block and stucco walls
- Driveways
- Pool decks
- Garage floors
- Athletic courts

Give your wood and concrete floors a long life with ACRYLA-DECK™, a 100% acrylic latex, high-satin-sheen floor paint designed for interior and exterior residential, architectural, commercial and light-industrial spaces.

## FEATURES & BENEFITS:

- Highly resistant to pool chemicals and many other household chemicals for long-lasting beauty and protection
- Water-based formulation allows for easier application and cleanup
- Excellent color retention and chalk resistance
- Outstanding resistance to blistering
- Tintable for various custom color options

## RECOMMENDED USES:

- Pool decks
- Concrete decks
- Patios
- Wood floors
- Walkways
- Wood decks
- Concrete floors

# ACRYLA-DECK™ WATER-BASED SOLID COLOR HI-BUILD DECK COATING WITH COOL FEEL™ TECHNOLOGY™

A high-quality hi-build latex deck coating that provides superior protection and beauty for both exterior and interior concrete. It may be applied to bare concrete or previously painted surfaces. H&C® Acryla-deck™ Hi-Build Deck Coating with Cool Feel™ Technology is designed to reduce the temperature of concrete surfaces exposed to UV rays by up to 20 degrees F.\*

\* Temperature reduction may differ due to factors such as: ambient temperature, time of day, and the amount of direct sunlight on the surface.

## FEATURES & BENEFITS:

- Cool Feel™ Technology reduces the temperature of concrete surfaces exposed to UV rays by up to 20 degrees F.
- Highly resistant to pool chemicals and many other household chemicals for long-lasting beauty and protection.
- Hi-Build coating limits the surface from becoming slippery compared to conventional pool coatings.
- Water-Based formulation allows for easier application and clean-up
- Extra-White and Deep Bases available for various custom color options

## RECOMMENDED USES:

- Pool Decks
- Concrete floors
- Patios
- Concrete decks
- Walkways

# INFUSION™ WATER-BASED SEMI-TRANSPARENT DECORATIVE STAIN

H&C® WATER-BASED Semi-Transparent Decorative Stain lets you achieve a layered, faux or single-color look in a lot less time than acid stains. Etching is required prior to application to open the pores of the concrete. When layering stain, apply lighter colors first. Water-based or solvent-based sealers can be applied as topcoats.

## FEATURES & BENEFITS:

- Available in 16 packaged colors
- Water-based formulation allows for easier application and cleanup
- UV resistant
- Dilute up to 4:1 with water for color variation and increased coverage rates
- Interior and exterior use
- Quick turnaround. Recoat or seal in 4–6 hours
- No neutralization required

## RECOMMENDED USES:

- Pool decks
- Patios and walkways
- Garages
- Driveways
- Interior floors
- Commercial floors
- Basement floors

## COVERAGE AND DRYING TIME:

**Coverage:** 200 sq ft/gal  
Coverage will vary depending on the porosity and texture of the concrete.

## COVERAGE AND DRYING TIME:

**Drying Time:** @ 77°F 50% RH:  
temperature and humidity dependent  
Recoat: 4-6 hours  
Sealing: 4-6 hours

# CLARISHIELD™ OIL-BASED CONCRETE SEALER

H&C® CLARISHIELD™ Oil-Based Concrete Sealer is an exterior waterproofing sealer that adds gloss and durability to both vertical and horizontal brick, stone, masonry and mortar- or epoxy-set natural stone. It can also be used as a sealer on flagstone, brick or other cementitious materials. It is suitable for use on traffic-bearing surfaces. It is designed for use over bare concrete or previously stained concrete. The non-yellowing clear surface protects against UV rays, water seepage and common chemicals.

## FEATURES & BENEFITS:

- Seals and protects cement surfaces
- Provides a durable, glossy finish that extends the life of concrete and masonry surfaces
- Resists water, pool chemicals, UV rays, salt, alkalis, oil, gasoline and hot tire marks
- Low film build to maintain architectural details

## RECOMMENDED USES:

- Driveways
- Patios & walkways
- Pool decks
- Garage floors
- Parking garages
- Concrete retaining walls
- Flagstone walls/walkways
- Masonry/brick walls
- Cement block

## COVERAGE AND DRYING TIME:

# CLARISHIELD™ SOLVENT-BASED GLOSS CONCRETE SEALER

H&C® CLARISHIELD™ Solvent-Based Gloss Concrete Sealer is a gloss sealer that enhances and protects bare concrete, previously coated, and other masonry surfaces. It complies with ASTM C309 standard specifications for liquid membrane. With a VOC level less than 250 grams/liter, CLARISHIELD™ Solvent-Based Gloss Concrete Sealer seals and protects cement surfaces from water, pool chemicals, UV rays and other harmful elements.

## FEATURES & BENEFITS:

- Provides a durable, glossy finish that extends the life of concrete and masonry surfaces
- Crystal clear, non-yellowing
- Resists water, pool chemicals, UV rays, salt, alkalis, oil, gasoline and hot tire marks
- Can be used as a cure and seal when applied to freshly placed concrete. \*Refer to product data
- Low film build to maintain architectural details

## RECOMMENDED USES:

- Driveways
- Patios & walkways
- Pool decks
- Garage floors
- Parking garages

## COVERAGE AND DRYING TIME:

# CLARISHIELD™ WATER-BASED WET-LOOK CONCRETE SEALER

It's easy to make bare and previously painted or stained concrete surfaces shine, with H&C® CLARISHIELD™ Water-Based Wet-Look Concrete Sealer. It provides a durable gloss finish that extends the life of concrete and masonry surfaces. The water-based formula leaves no messy residues, just an easy cleanup with soap and water. Stir in H&C® SharkGrip® Slip Resistant Additive to make inclined surfaces or damp areas safer.

## FEATURES & BENEFITS:

- Can be used on bare or painted concrete and masonry surfaces
- Ideal gloss finish over ColorTop™ Water-Based
- Solid Color Concrete Stain
- Rolls on milky white and dries clear
- Penetrates deeply to form a tough shield
- Low film build to maintain architectural details
- Resists damage from water, salt, UV rays, oil, gasoline, cleaning agents and heavy traffic

## RECOMMENDED USES:

- Driveways
- Patios & walkways
- Pool decks
- Garage floors
- Athletic courts
- Stadium supports
- Bridges & bridge structures
- Parking garages
- Block and stucco walls

# ULTRAPAVER™ WATER-BASED PAVER SEALERS

H&C® ULTRAPAVER™ Water-Based Paver Sealers protect pavers from weed growth. Both Gloss and Natural protect and prolong the natural beauty only pavers can bring to an outdoor living area. H&C® ULTRAPAVER™ Water-Based Paver Sealers apply milky white and dry clear to ensure complete coverage, and are extremely easy to apply. They provide excellent weather resistance, while protecting your investment against water damage. One gallon covers 100-150 square feet, depending on porosity. H&C® ULTRAPAVER™ Water-Based Paver Sealers are solvent-free and VOC compliant.

## FEATURES & BENEFITS:

- Provides protective coating to pavers
- Water and weather resistant
- Water-based formulation
- Paver Sealer Natural locks in joint sand
- Rolls on milky white, dries clear
- VOC compliant
- Withstands vehicular traffic
- Maintains natural look of pavers

## RECOMMENDED USES:

- Patios and walkways
- Driveways
- Pool decks
- Brick or concrete pavers

# ULTRAPAVER™ SOLVENT-BASED PAVER SEALERS

H&C PAVER SEALER GLOSS SOLVENT-BASED is a premium quality sealer designed to rejuvenate the color in your pavers. Its deep penetrating xylene-based formula will solve efflorescence issues with its durable silicized seal. For use on patios, driveways, pool decks, brick and retaining walls.

## FEATURES & BENEFITS:

- Excellent water and weather resistant properties for protection of your investment and to keep your pavers looking beautiful.
- Solvent based formula to enhance the color in your pavers.
- Durable enough to withstand vehicular traffic
- Gloss finish for an aesthetically pleasing appearance

## RECOMMENDED USES:

- Patios/Walkways
- Lanais
- Driveways
- Pool decks
- Brick/Concrete walls
- Retaining walls

5 Gallon — Clear Gloss-Solvent Based	50.049055-20	035777538456	1

H&C® HYDRO-DEFEND™ Water-Based Concrete & Masonry Waterproofing Sealer is a premium quality water-based sealer that penetrates and protects aged, dry, porous surfaces. Because it penetrates, it resists water damage long after the water beading is gone. The durable acrylic formula can be used for both interior and exterior applications. This product is milky white when applied to ensure complete coverage, but dries to a clear, transparent coating.

**FEATURES & BENEFITS:**

- Interior and exterior use
- Protects against water damage
- Long wearing; easy to walk on
- Guards against repeated freeze-thaw cycles and damage from de-icing salts
- One coat is sufficient in most cases, but a second coat may be applied in 2-4 hours

**RECOMMENDED USES:**

- Concrete
- Stucco
- Concrete block
- Stone
- Brick
- Patios
- Walkways
- Pool decks

Give bare concrete and masonry surfaces the protection they need for the long run with the H&C® HYDRO-DEFEND™ Concrete & Driveway Protector. It's a clear, water-based, siloxane water repellent designed to protect bare concrete, driveways and masonry surfaces.

**FEATURES & BENEFITS:**

- Water-based formulation
- Protects against damaging freeze/thaw cycles
- Reduces intrusion of water, de-icing salts and other contaminants
- Penetrates deeply for long-lasting protection
- Will not alter the color appearance or texture of the treated surface
- User-friendly, soap and water clean-up

# INFUSION<sup>®</sup> REACTIVE CONCRETE STAINS

H&C<sup>®</sup> INFUSION<sup>®</sup> REACTIVE CONCRETE STAINS are the artistic way of giving a translucent, variegated appearance to bare, horizontal new or existing concrete. Every slab of concrete is a blank canvas with acid staining. Acid stains accentuate any imperfections in the concrete like small cracks, or contaminants, much like the opposite of painting or sealing the concrete with a solid color stain...no two projects will ever be the same!

## FEATURES & BENEFITS:

- Gives new and existing concrete a new translucent, variegated appearance
- Long lasting performance at a lower cost than other floor installations
- Multiple colored effects can be created
- Excellent for use in commercial, residential, institutional and industrial areas
- Solvent-based, water-based sealers and floor finish complete and protect the floor look

## RECOMMENDED USES:

- Bare concrete indoor or outside a home
- Pool decks
- Patios/walkways
- Driveways
- Stores/malls
- Restaurants
- Office buildings

# INFUSION® SOLVENT-BASED CLEAR DECORATIVE CONCRETE SEALER

H&C® SOLVENT-BASED CLEAR DECORATIVE CONCRETE SEALER is a high solids sealer designed to add deep penetrating protection and long-lasting beauty to exterior concrete such as driveways, patios, walkways and garage floors. H&C Decorative Concrete Sealer is the perfect sealer for exterior decorative concrete projects, and is ideal for use with H&C Decorative Stains.

## FEATURES & BENEFITS:

- Ideal for decorative concrete applications
- High solids acrylic formulation
- Enhances color depth
- Durable, high gloss non-yellowing finish
- Inhibits hot tire pick-up
- Easy application with excellent flow and leveling

## RECOMMENDED USES:

# CLEARPROTECT™ SOLVENT-BASED CURE AND SEAL

Give fresh concrete the treatment it needs to survive and stay looking fresh with H&C® CLEARPROTECT™ Solvent-Based Cure and Seal. It's a solvent-based curing compound and sealer, formulated to help the hydration of newly placed concrete and provide long-lasting protection.

## FEATURES & BENEFITS:

- Cures fresh concrete to proper strength and reduces drying shrinkage cracking
- Penetrating sealer that extends the life of concrete and masonry surfaces
- Can be built to a high-gloss finish with multiple coats that dustproof concrete
- Resists damage from water, UV rays, pool chemicals, most cleaning agents and heavy traffic

## RECOMMENDED USES:

- Interior and exterior fresh concrete surfaces
- Use as a protective sealer on concrete driveways, walkways, patios and pool decks

# CLEARPROTECT™ WATER-BASED 2-PART SELF LEVELING EPOXY CLEAR COAT

CLEARPROTECT™ WATER-BASED 2-PART SELF LEVELING EPOXY CLEAR COAT resin is a two-component, 60%+ solids; water-based, breathable clear aliphatic urethane available in two finishes, Gloss and Satin.

CLEARPROTECT™ WATER-BASED 2-PART POLYURETHANE EPOXY CLEAR COAT is designed for use on interior concrete floor applications that demand a tough, durable and aesthetically pleasing finish. Please Note: This is a catalyzed product. 2-Part Polyurethane Clear Coat Part A (Clear) and Part B (Hardener) must be mixed prior to use.

## FEATURES & BENEFITS:

- Available in a gloss or satin for a choice of sheen.
- Meets the strictest VOC regulations making it suitable for use in all States.
- Breathable coating to minimize moisture entrapment and degradation of the coating.
- Good chemical resistance to maintain performance of the coating.
- Can be used in USDA inspected facilities.
- Excellent wear and adhesion properties
- Ideal topcoat for H&C 2-Part Epoxy Clear Coat
- Safe application for occupied buildings

## RECOMMENDED USES:

- Retail settings
- Museums
- Hotels
- Schools
- Offices
- Warehouses

# CLEARPROTECT™ WATER-BASED 2-PART POLYURETHANE EPOXY CLEAR COAT

CLEARPROTECT™ WATER-BASED 2-PART POLYURETHANE EPOXY CLEAR COAT is a 100% solids, two-component, self-leveling clear epoxy. It was formulated to create a durable, low-maintenance flooring surface, and can be used over H&C concrete color treatments, such as Acetone Dye, Infusion™ Acid Stain and Semi-Transparent Stain. H&C 2-Part Self-Leveling Epoxy is for interior use only.

Please Note: This is a catalyzed product. H&C 2-Part Self-Leveling Epoxy Clear Coat Part A (Clear) and Part B (Hardener) must be mixed prior to use.

## FEATURES & BENEFITS:

- Impact and abrasion resistant making it ideal for commercial applications.
- Chemical resistant for added protection.
- Complies with USDA requirements for food safety.
- Durable and hard-wearing for a low-maintenance system.
- Available in a high gloss for an aesthetically pleasing finish.
- Excellent adhesion properties for long-lasting protection.
- Self-Leveling properties for ease of application.
- Meets the strictest VOC regulations making it suitable for use in all states.

## RECOMMENDED USES:

- Retail settings
- Schools
- Hotels
- Warehouses
- Office spaces
- Showrooms
- Museums
- Commercial kitchens

# DURATOP™ SINGLE-COMPONENT INSTANT & HEAVY TEXTURE CONCRETE RESURFACER

DURATOP™ SINGLE COMPONENT INSTANT& HEAVY TEXTURE CONCRETE RESURFACER have excellent adhesion and are cooler than regular concrete. They resist mildew and are skid resistant. The heavy traffic resurfacer is freeze/thaw resistant. This low maintenance, abrasion resistant polymer bagged good allows for multiple overcoat options, like any of H&C's stains or sealers. Apply with a hopper gun for a knockdown appearance, or pour on and trowel down for a smooth finish.

## HEAVY TRAFFIC FEATURES & BENEFITS:

- Suitable for vehicular traffic
- Durable attractive finish that enhances all landscapes
- Low maintenance
- 50 lb. bag covers up to 150 sq. ft.

## INSTANT RESURFACER FEATURES & BENEFITS:

- Create a decorative cementitious texture to existing concrete surfaces
- Interior and exterior use
- Stainable with H&C Concrete Sealer Solvent-Based or H&C Concrete Stain Water-Based Cooler than regular concrete
- 50 lb. bag covers up to 150 sq. ft.

## RECOMMENDED USES:

- Patios/walkways
- Garage floors
- Lanais
- Driveways
- Pool decks

# DURATOP™ DUAL-COMPONENT TEXTURE CONCRETE RESURFACER & TEXTURE RESIN AND BOND COAT

DURATOP™ DUAL-COMPONENT TEXTURE CONCRETE RESURFACER & TEXTURE RESIN AND BOND COAT is a durable skid-resistant 2-component overlay system designed for plain or unsightly concrete surfaces. Designed to withstand freeze/thaw cycles.

## FEATURES & BENEFITS:

- Create a decorative cementitious texture to existing concrete surfaces
- Interior and exterior use
- Stainable with H&C Concrete Sealer Solvent-Based or H&C Concrete Stain Water-Based Cooler than regular concrete
- 50 lb. bag covers up to 150 sq. ft.

## RECOMMENDED USES:

- Used together, this 2-component system is ideal for southern climates
- Ideal for driving and walking surfaces
- Excellent adhesion
- Low maintenance, abrasion resistant
- 50 lb. bag covers up to 150 sq. ft.

# DURATOP™ SINGLE-COMPONENT STAMPABLE OVERLAY & LIQUID RELEASE

H&C STAMPABLE OVERLAY is used to resurface driveways, patios, pool areas, malls, theme parks, parking lots, interiors and exteriors. It helps turn your ordinary concrete into beautiful works of art.

H&C LIQUID RELEASE is a blend of evaporating, residue free release agents for use in the imprinting process to allow the clean release of texturing tools from concrete or overlay surfaces.

## FEATURES & BENEFITS:

- Stampable cementitious topping for interior or exterior surfaces.
- Use with H&C's color packs.
- Suitable for any climate, freeze/thaw cycles, and traffic bearing surfaces.
- Use with H&C's new Liquid Release product for a beautiful, unique look.
- One 50 lb. bag covers approximately 20 sq. ft.

## RECOMMENDED USES:

- Driveways
- Retail Settings
- Pool Decks & Patios
- Parking Decks
- Sidewalks
- Garage Floors

5 Gallon Pail – Liquid Release	60.000809-20	035777003534	1

# DURATOP™ SINGLE-COMPONENT BROOM FINISH CONCRETE RESURFACER

H&C BROOM FINISH REPAIR is perfect for salt damaged driveways and sidewalks. It's a cementitious non-slip surface that goes on very thin and has the typical broomed concrete look. It can be used with any H&C Color Pack to provide additional color options.

## FEATURES & BENEFITS:

- Impact and abrasion resistant making it ideal for commercial applications.
- Chemical resistant for added protection.
- Complies with USDA requirements for food safety.
- Durable and hard-wearing for a low-maintenance system.
- Available in a high gloss for an aesthetically pleasing finish.
- Excellent adhesion properties for long-lasting protection.
- Self-Leveling properties for ease of application.
- Meets the strictest VOC regulations making it suitable for use in all states.

## RECOMMENDED USES:

- Retail settings
- Hotels
