

Caulking Skills Board

- Apply caulk at all red dashed lines **including** the scarf joints at the top
- Pay special attention to **inside corners** and tool them to a sharp clean finish
- Work the board from the top down starting with the shorter pieces
- Caulk the horizontal lines first and do the verticals last
- Don't forget the undersides of the baseboard edges

Caulking Skills Board

1. Work these parts first for practice all the way around
- don't forget to caulk the joints in the middle

2. Work the horizontal beads from the top down-
caulk the tops and undersides of the basboards

3. Work the vertical beads last - pay close attention
to any inside corners and make them clean
